

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3588 )

The bloody scene in front of him made all Wade be struck by lightning!

Who would have thought that as soon as these people met, they would directly beat their most powerful manager to death? !

What kind of terrifying power is this? !

In an instant, the more than one hundred nursing homes of the Wade Family took a few steps back subconsciously, and everyone was panicked deep in their hearts!

Salmaan punched the head of the Wade Nursing Home, his expression was still very relaxed, took out a handkerchief from his pocket, gently wiped the back of his hand, looked around for a week, and said coldly: "Who else is not convinced, although Stand up!"

As soon as the words fell, the more than one hundred nursing homes of the Wade Family retreated more than ten meters one after another.

When the director was killed by the opponent just now, they had already lost all fighting spirit.

Seeing this group of people backing back again and again, Salmaan immediately took out a cigar, took a sip after lighting it, and sneered: "Listen to me. The dog in the courtyard has nothing to do, so from now on, as long as you open the door and don't block my way, I will spare you a dog!"

Speaking of this, Salmaan's expression suddenly became extremely cold, pointing at the nursing home chief who was dead in the distance, and sternly said: "But if anyone is like this dead dog, dare to stand in front of me and speak loudly to me. Then don't blame me for being impolite!"

When everyone heard this, their expressions were even more panicked.

The opponent's strength has surpassed them by more than one rank. If you don't know a little at this time, you will end up worse than the general manager.

As a result, this group of people quickly opened the door, and then one by one the prisoners who surrendered, bowed their heads, and quickly retreated to both sides, completely letting out the door of Wade Family Manor.

Salmaan snorted disdainfully as he watched these people's movements.

In fact, he didn't want to continue with today's mess of sending coffins.

He is one of the four kings of the Wanlong Palace and possesses the super strength of a six-star warrior. As a result, he came to deal with the Wade Family's gang of nursery thugs who wanted strength and lack of strength and backbone, and he was really overkill.

However, since it was the order of the Palace Master Abbas, he could only agree to it unconditionally.

However, seeing the strength of this group of people is so weak that it is negligible, he can't help feeling a little boring in his heart.

Seeing that the door had been opened, he turned and shouted to the Wanlong Palace elite behind him: "Everyone will come in with me, and the flatbed cart will also come in, and the coffin given by the Lord of the Palace will be delivered to the door by the Wade Family!"

A group of Wanlongdian elites immediately followed Salmaan and swaggered into the gate of Wade Manor. Dozens of flatbed trucks slowly moved behind, pulling more than a hundred coffins, and then entered the gate of Wade Manor one after another.

Seeing the convoy coming in, one person in the Wade Family's nursing home hurriedly took out the walkie-talkie and blurted out: "Quickly notify the master! A bunch of unidentified people have broken in! They are extremely powerful! The chief executive has been taken by the opponent. Punched to death!"

As soon as the voice fell, the man's forehead was pierced by a cigar flying at an extremely fast speed!

The second half of that cigar has penetrated his brain, while the first half is exposed outside his skull!

And the front end of the cigar was still lit at this time, with wisps of smoke coming out.

The guardian also lost all consciousness at this moment and fell to the ground, completely killed.

At this time, Salmaan took out a cigar from his pocket, and after lighting it, he shook his head and sighed: "Because a dog, I wasted a good Cuban cigar. This is a damn beautiful Cuban cigar. Six or seven-year-old girl, rubbed it out with her thigh a little bit. It's a pity..."

...

At the same time, the nursing home in front of the villa inside the manor heard the news from the walkie-talkie, and was immediately shocked.

One of them rushed into the villa quickly, preparing to report to Lord Wade.
