

The Amazing Son In Law (Charlie Wade)

Chapter 3600)

The old man's roar made all those who wanted to talk closed their mouths with interest.

Although they could not accept to hand over their fate to Charlie, they also knew very well that the old man still had a way out.

Therefore, the last thing you can't do at this time is to openly contradict your father.

Otherwise, if the old man really accepts the request of the other party and loses his wealth, he will naturally find these publicly opposed people and settle accounts after the fall.

Even the boss, Corran wade, gave up the struggle, and took the initiative to slap Jon Wade severely, and yelled: "You uneducated thing! Who told you to talk to your grandpa like this? Don't hurry up. Apologize to your grandpa!"

Jon Wade knew that he couldn't instigate other people, so he could only say in a loud voice, "Sorry grandpa, I was wrong..."

Lord Wade ignored him. Instead, he looked at Charlie and asked him solemnly: "Charlie, do you really have any specific plans? Do you want to find someone to help? Or I will find a way to move the relationship.?"

Charlie waved his hand and said indifferently: "No need, when the time comes, soldiers will come to cover and water will come to cover."

After speaking, Charlie looked at the time and said: "It has been so long and the process of the ancestor worship ceremony has not started yet. Let's go back to discuss business matters. I am coming back this time mainly for the ancestor worship ceremony, anyway. , This matter cannot be affected."

The Wade Family now all have their desire to die.

They looked at Charlie the same way they looked at a severely mentally ill patient.

At this time, I was still thinking about the ancestor worship ceremony, which is the same as the muzzle of the head. What is the difference between what wine to drink at night?

However, when Lord Wade saw that Charlie thought at this time that the ancestor worship ceremony could not be affected, he suddenly felt relieved.

He felt that Charlie was definitely not a person with a brain problem.

If he is still so relaxed at this time, then he must have a hole card that he hasn't shown.

Therefore, when he saw no response from everyone, he immediately shouted, "You didn't hear what I said just now? It's a special period. From now on, everything about the Wade Family is up to Charlie! Anyone must say Charlie is looking forward to the horse!"

Charlie smiled slightly at the corner of his mouth.

What I want is for the Wade Family to follow their own orders.

Moreover, this is by no means a special period.

Rather, from now on, the Wade Family will be under his control!

So he immediately looked at Jon Wade and Brenden, and said coldly: "You two, dispose of the bodies of the two nursing homes!"

Jon Wade blurted out angrily: "Why let me go?!"

Charlie frowned slightly, raised his hand and slapped Jon Wade's face fiercely, and said coldly: "If you don't go, get out!"

Jon Wade scolded angrily: "You...you dare to beat me! You're so f*cking tired of your life! I'm the grandson of Wade's parents! What kind of thing are you!"

Today, Jon Wade had been slapped several times, but it was all due to his grandfather and father. He didn't expect that Charlie would dare to slap himself, which made him feel resentful deep in his heart.

However, at this moment, Lord Wade also raised his hand and slapped him in the face, angrily said: "A bastard thing that is not enough to succeed! What I said just now, you are all in your ears? If you don't want to do it, just get out. Wade Family! When the Wade Family is alive and dead, anyone who dares to make trouble, even if it is my own son, I will not be merciful!"

Jon Wade was thinking about the theory with Charlie just now, but he didn't expect to slap the old man again immediately. At this time, his aggrieved tears rolled down, but he didn't dare to say another word.

Seeing this, Brenden was flustered, so he hurriedly said: "Grandpa! I'm going now!"

Corran wade saw that Brenden had expressed his stance. His stupid son was still crying because of his grievances. At this time, he didn't feel distressed at all. Instead, he hated iron and steel and kicked him severely, and shouted angrily: "Cry like a damn girl, don't hurry to work!"
