Chapter 3605)

When Jasmine saw this, her heart suddenly tensed, she hurriedly picked up her mobile phone and asked in a voice: "Mr. Huang, what did you mean by that? What happened to the Wade Family?"

The other party quickly replied with a voice: "Mr. Moore, haven't you heard of it? Wanlong Palace killed the Wade Family today and gave them more than a hundred coffins! It turns out that the parents of their palace lord were because of Wade Family talent is dead, so now people come back to seek revenge, and they are still letting out the words to destroy the Wade Family! If anyone dares to help the Wade Family, all will be killed!"

Jasmine hurriedly asked: "What is this organization of Wanlong Palace, is it amazing? Why have I never heard of it?"

An entrepreneur in the group said: "No, Mr. Moore! You don't know the Wanlong Temple?! This is one of the top mercenary organizations in the world today, with tens of thousands of elites under his command! Strong combat effectiveness Even an ordinary small country may not be able to beat it! This time the Wade Family is dead!"

Someone in the group said: "Grass! I thought that the Banks family was doing a lot of evil, and finally fell from the first place in the country. I didn't expect that the Wade Family would encounter such a thing again. Wouldn't it be back to the first place in the country?"

Immediately afterwards, another voice uttered: "President, please don't talk ill of the Banks family. When the Wade Family falls, the Banks family will return to the first position. If this sentence is revealed to the Banks Family, then the Banks Family will definitely not let you go!"

As soon as the voice fell, the last voice was immediately withdrawn by the speaker.

Jasmine became more frightened as she listened, and immediately sent a video call request to Nanako Ito.

Nanako Ito has been waiting for news from Jasmine, so she picked up the video almost in seconds, and asked, "Sister Jasmine, is there any news?"

Jasmine was anxious, and blurted out: "Nanako, Master Wade is in big trouble!"

"What?!" As soon as Ito Nanako heard this, she immediately asked very nervously: "Sister Jasmine, what's wrong with Charlie?!"

Jasmine was so nervous that her voice was a little choked, and she said, "I...I called Master Wade just now and he said he was in Eastcliff to show others Feng Shui..."

When Nanako Ito heard this, her eyes widened, and she blurted out: "So! Charlie is the descendant of Wade Family! We guessed it right!"

"Yes..." At this time, Jasmine's tears were already welling up, and she said in a panic: "But...Nanako...I just heard someone say...There is an organization called Wanlongdian looking for revenge from the

Wade Family...and said ...I also said that I have already killed the Wade Family today...We want to destroy the Wade Family..."

"What?! Wanlong Palace?!" When Nanako Ito heard this, she was stunned and blurted out: "Why does Charlie have a conflict with Wanlong Palace?! These people are all professional mercenaries who kill people without blinking! It is said that their core members are all top masters!"

Jasmine nodded and said, "Yeah... I don't understand why... I see a lot of people talking about this. It seems that the Wade Family's current situation is very critical..."

After that, Jasmine said again: "Oh, right! The lord of the Wanlong Temple also said, if anyone helps the Wade Family, he will kill him..."

When Nanako Ito heard this, her brain was dizzy, and she blurted out: "No! I'm going to Eastcliff to help Charlie!"

Jasmine asked hurriedly, "Nanako, how are you going to help Master Wade?"

Nanako Ito resolutely said: "The four major ninja families in Japan have now returned to the Ito family. I will immediately summon all the ninjas today and personally take them to Eastcliff to help Charlie!"

When Jasmine heard this, she immediately said: "Okay! Then I will go back to discuss with Grandpa, and hurry up to prepare the manpower, then we will meet in Eastcliff!"
