

The Amazing Son In Law (The Charismatic Charlie Wade)

Chapter 3616)

Charlie's words shocked everyone at the scene, including Helena!

Everyone wondered, what the hell is Charlie's remarks? Is this the typical paper talk and daydreaming in the art of war?

Isn't it too nonsense?

It feels like one person asks another person, saying: "It's over, the chairman wants to fire me, what should I do now?"

As a result, this person suddenly said: You are afraid of a feather, you can directly replace him as the chairman and then fire him?

At first glance, it sounds reasonable, but it's just shit!

So Charlie's suggestion, in the eyes of others, is simply: ridiculous f*cking open the door, ridiculously home.

But Helena didn't feel outrageous.

Her azure blue eyes stared at Charlie, and asked a little nervously: "Wade...MR. Wade, do you... do you have a way to get me back to inherit the throne??"

Charlie nodded and said, "Of course I have a way. It depends on whether you want it or not and whether I want to give it."

Helena blurted out almost without thinking: "I think! I want to dream!"

Having said that, she immediately walked a few steps, returned to Charlie, knelt on the ground with a puff, and pleaded: "MR. Wade, if you can help me regain the throne, I would sacrifice everything in return for your kindness, even if it is for the royal family. The benefits are also not hesitated!"

For Helena, she has now been driven to desperation by Olivia.

In this situation, she herself is isolated and helpless, and there is only one choice, which is to give up all resistance and obey Olivia's arrangements.

As for the counterattack, it is an extravagant hope that I dare not even think about.

But now, Charlie gave her a chance to fight back.

If she can really regain her succession to the throne, then all the passivity and sufferings of her and her mother will disappear.

This is enough for Helena.

If you can sit on the throne and make Olivia pay the price, it is even more perfect.

As for future royal interests, it is nothing to her.

If Charlie had a need, she would not hesitate to even contribute all the royal family's benefits.

Moreover, she is now full of hatred for Olivia, just for revenge, she is willing to agree to all conditions!

Charlie nodded with a slightly satisfied expression when he saw Helena taking the road like this.

Of course he can help Helena regain the throne, but he will not do such a good thing in vain.

Unless Helena, after regaining the throne, can well meet her future needs for the Nordic royal family.

Although the Nordic royals don't have much money, their aristocratic status is also hard currency in Europe.

After becoming the Patriarch of the Wade Family, he still has to take the Wade Family to the world, and Europe is naturally an indispensable business territory.

If you can have the presence of the Nordic royal family behind you, it will be of great benefit to your future entry into Europe.

So he looked at Helena and said lightly: "Remember what you said today. After you become the Queen of Northern Europe, don't forget your promise today. Otherwise, I can push you up and pull you down."
"

Helena immediately nodded her head, raised her right hand, and solemnly said: "I Helena Iliad swears to God that if MR. Wade can help me regain the throne of Northern Europe, I will obey MR. Wade's instructions in this life and will never violate the oath!"

"Okay." Charlie nodded in satisfaction, and asked: "How long can your grandma live?"

Helena said: "My mother just told me that grandma can last a few days to a month."

Charlie smiled slightly: "Then don't worry. You will go back to the hotel to rest today. Tomorrow you will be invited to visit the Wade Family's ancestor worship ceremony. After the ancestor worship ceremony is over, I will send you back to Northern Europe."

Immediately, Charlie said to Lord Wade: "Grandpa, inform the Concordeairliner and prepare for takeoff tomorrow afternoon."
