

The Amazing Son In Law (The Charismatic Charlie Wade)

Chapter 3635)

Deana only smiled faintly when he heard it, and said, "Brother, you should have a little more trust in Mr. Wade. Since he has said so, I believe he is absolutely sure."

Corran Wade sighed grimly: "Hey! He lacks understanding of Wanlong Temple, otherwise it would be absolutely impossible to say such a thing!"

Charlie didn't speak, but stared at the foot of the mountain intently.

At this time, the mist gradually dissipated, and the scenery around Yeling Mountain gradually emerged.

I have to say that this place is indeed a rare feng shui treasure. Looking at the whole country, it is almost rare to achieve this kind of feng shui overall situation.

This is the Xinlong Fengshui Array built by the old Mr. Lai spent several years of energy, and it is this Fengshui Array that broke the situation of the Longkun Shoal for Charlie.

Now, he will be here, setting foot on the next new height of life.

Destroy the Wanlong Temple and become the head of the Wade Family.

At this moment, eight buses suddenly drove down the mountain.

When the Wade Family saw these eight cars, they suddenly became nervous.

Jon Wade's voice was a little trembling, and he blurted out: "The Wanlong Palace is here! The Wanlong Palace is here!"

The other Wade Family members also looked shocked.

Eight cars indicate that at least two hundred people have arrived.

This... how can the Wade Family bear this?

Lord Wade couldn't hide his nervousness and asked Charlie: "Charlie... There are so many people in the Wanlong Palace, are you really sure?"

Charlie couldn't help frowning at this time, and said, "If you are from Wanlongdian, why don't you see the coffin of Abbas's parents?"

"This..." Lord Wade said awkwardly, "It's not the time to care about these little details!"

Charlie shook his head and said: "This is not a small detail, it is very important to me. Abbas threatened to pick up my parents' graves and thwart my parents. Just say this to him. I must also let him take care of it. Feel what it means to dig your own grave!"

Lord Wade was embarrassed. Hearing what Charlie said, Charlie wanted to put Abbas's parents down?

When the Wade Family members were extremely dissatisfied with Charlie's attitude, Shanxia sent a message to Stephen Thompson through the walkie-talkie: "Stephen Thompson, it's not Wanlongdian. They said they were friends of Master Charlie and came here to help Master . , They are the Moore Family in Aurous Hill and the Ito family in Japan!"

Charlie was stunned for an instant.

He really didn't expect that the Moore Family and the Ito family would also rush over.

After all, their identities have never been made public in front of these people, how did they get the wind? !

Surprisingly, Charlie also knew that since they had already arrived, they couldn't hide the identity of their Wade Family members, so he told Stephen Thompson: "Stephen Thompson, these are indeed my friends, let them go up the mountain."

When the Wade Family heard this, they immediately exploded!

Corran Wade couldn't help widening his eyes: "What?! The people in the big cars below are here to help?"

Myles Wade also wondered: "What does the Aurous Hill Moore Family do? In addition, how come there is also the Ito family in Japan? Are they the Ito family?! They are now the first family in Japan!"

Brenden Wade was also stunned, and blurted out: "The current head of the Ito family, isn't it the Ito Nanako who is known as Yamato Nadeshiko?!"

Fei Wade said excitedly at this time: "Brother! That Nanako Ito is recognized as the number one beauty in Asia by the male students in our class!"

Brenden Wade gave him a glance and said, "Not only in your class, many people, including me, think so, right? Can you find a woman in Asia who is more beautiful than Ito Nanako?"

Fei Wade quietly pointed to Stefanie Sun, Xion and Zara Banks, and whispered: "Those three sisters are all top beauties. Although I can't say that they are more beautiful than Ito Nanako, I think it's half a catty, not bad! "

"Grass..." Brenden Wade couldn't help but quietly glanced at the three stunning beauties next to Charlie, feeling how uncomfortable and uncomfortable in his heart.

So, he subconsciously pushed Jon Wade with his elbow, and whispered: "Brother Jon, this is such a damn nonsense! Why is Charlie such a tyrannical woman so good?! There is something wrong with the Wade Family, come and help. All of them are big beauties, and they are all the f*cking rushing to him..."

Jon Wade was also looking at the three indispensable women. Hearing this, he was jealous to death, and subconsciously said, "I didn't even want to understand it... It's really a good thing to throw away, people are better than others. Death! It seems that in this society, it is no longer easy to have money. The more damn people who love to brag, the better for women!"

After speaking, Jon Wade just remembered that he was slapped yesterday by Brenden Wade, and the two of them even tore it. So when he saw Brenden Wade's face, he became angry in his heart and scolded in annoyance. : "Silly idiot! Don't fu*king talk to me! Get out!"
