

# The Amazing Son In Law ( The Charismatic Charlie Wade )

## Chapter 3636 )

Brenden wade didn't expect that Jon Wade would suddenly insult himself, and said angrily: "Damn, are you sick? You catch someone and bite like a mad dog!"

"I'm so f\*cking happy!" Jon Wade said coldly, "Brenden wade, wait for me. If this matter can go through today, I can't spare you! Don't forget, I'm the f\*cking eldest son of the Wade Family. The eldest grandson, even if the Wade Family kneels down and the assets have shrunk by half, I am still the eldest son and the eldest grandson. You are still separated from me by Charlie, are you a fart?"

Brenden wade wanted to refute, but after thinking about it, he felt that what Jon Wade said made sense, so he involuntarily shrank his neck.

At this time, eight buses also drove up to the mountain.

Fortunately, when Yeling Mountain was built, a huge open platform was built halfway up the mountain, and it was more than enough to park these eight buses.

After the car stopped, the first car to walk down was the Moore Family old man.

Then, Jasmine in a black dress.

Jasmine's appearance once again surprised everyone.

Many of them know Ito Nanako, after all, he has played games in China before, on TV, and made a big hit in Japan.

However, for Jasmine, these Wade Family members hardly know anything.

No one thought that a woman from a small place in Aurous Hill could be so beautiful, with an outstanding temperament and an incomprehensible personality.

Immediately after getting off the car, several servants of the Ito family.

The first two passengers each held a folding wheelchair, and immediately opened the wheelchair after getting off the bus.

Afterwards, several people helped Takehiko Ito and Hiroshi Tanaka, who had lost their legs, got out of the car and placed them on the wheelchair carefully.

When the two of them sat down in the wheelchair, a beautiful shadow walked out of the car.

Wearing a black kimono with a white cherry blossom pattern and long hair wrapped around her head, this woman is not only gentle and moving, but her facial features are impeccably refined.

Her appearance made everyone on the scene look a little confused.

She is the Japanese recognized Yamato Nadeko, the current head of the Ito family, Ito Nanako!

The appearance of Ito Nanako shocked everyone in an instant.

Jon Wade's eyes straightened.

He had seen photos of Ito Nanako in news reports, but never dreamed that this Japanese woman was so beautiful, much more beautiful than the photos and videos!

The beauty and temperament that he saw with his own eyes was almost like a fairy walking out of the painting, which made him feel a strong sense of unreality.

Brenden Wade was also dumbfounded, and the envy, jealousy and hatred deep in his heart could no longer be described in words.

At this time, there were more than two hundred people in the cars behind them, many of whom had a firm complexion and a healthy body.

This made the Wade Family even more relieved.

It is said that there are only a hundred masters in the Wanlong Palace in the country. Now, there are more than two hundred people who have been helping Charlie one after another, and at least they have a little support in the battle.

What's more, there is also Deana, the Banks family's wife, who will be able to open the other side from the level of human relations.

In this way, the chances of getting through this catastrophe are higher.

At this time, the grandparents of the Moore Family and the father and daughter of the Ito family came to Charlie together.

The oldest Mr. Moore first said: "Master Wade! I heard that you have encountered some troubles, and I will join the Ito family to do a meager effort for you!"

Ito Yuihiko also opened his mouth and said: "Mr. Wade! All of the more than one hundred top ninjas from the four major families in Japan are here. No matter what the other side is, they will fight with all their strength!"

Ito Yuhiko has not dared to mention the three words Ten Thousand Dragons Palace so far, because he is afraid that after these ninjas listen to it, the military will be affected.

As soon as he said this, the Wade Family was shocked and excited!

To their shock, they didn't expect that Ito Takehiko of the Ito family, whose mother had both broken his legs, could still run to Huaxia to help Charlie!

More importantly, he also brought the top ninja in Japan.

They have heard about the strength of Japanese ninjas, and they are basically similar to those of domestic martial arts.

Although they didn't know that the real strength of these Japanese ninjas might be equal to a few stars of warriors, one thing is certain is that each of these ninjas can be regarded as a martial artist.

The strength of more than a hundred ninjas, even if they are not as good as the Wanlong Palace, is definitely not to be underestimated. Maybe they can really beat them.

Besides, isn't there anyone else in this family?

Moreover, there is Xion, a master who has been missing for a long time. She can destroy the Matsumoto family in Japan, and her strength is definitely not weak.

Coupled with the nearly 100 people from the Aurous Hill Moore Family, this strength is also incredible.
