

The Amazing Son In Law (The Charismatic Charlie Wade)

Chapter 3655)

Charlie's expression gradually became cold, and he blurted out: "You're fu*king shit!"

"In the business world, everything is changing rapidly! Your father is inadequate, has limited skills, and doesn't know it!"

"He pretended to enter the futures market and wanted to compete with my father, but was defeated reasonably and legally by my father and lost all his assets. Who the hell is this?"

"It's because of his inability and limited ability. What does it have to do with my father?"

Speaking of this, Charlie paused slightly, and continued: "If your father just doesn't have enough ability, it's fine. It's a big deal to go back and try his best, but he doesn't even have enough mental endurance, so he has to run up to the top of the building and jump down. , Can the f*ck be blamed on my father?"

"And your mother! It's fine for your father to commit suicide. She can also leave you behind and take poison to death by herself. Does this have anything to do with my father?"

Abbas refused to accept it and blurted out angrily: "All this is your father's conspiracy!"

Charlie stared at him and asked coldly: "According to you, you are as self-righteous as your father back then, with a narrow vision, incompetent strength, limited skills, and unawareness! And he swaggered and took the initiative to kill. Shanlai, arrogantly said that he would take my parents' graves! As a result, I am now fighting against him! Has all this become my Charlie's conspiracy?"

Abbas's expression was sluggish for an instant, Charlie's words hit his soul directly, making him unable to refute it at all!

Charlie looked at him and said coldly: "Abbas! You today are the same as your father back then! You are all to blame! Even if you die 10,000 times, you are to blame!!!"

Abbas was already in tears at this time.

He knew that Charlie was right.

My current self, like my father back then, took the initiative to provoke a character he could not afford to provoke, and then suffered a complete failure.

And the so-called parental hatred is just the blind hatred that has been accumulated for many years in the depths of my heart.

Just when his inner beliefs began to collapse, Charlie pointed at Zayne beside him and said coldly: "Come on, let you see the great benefactor of your father!"

After that, Charlie tore off the black cloth bag on Zayne's head.

At this moment, Abbas was struck by lightning!

He naturally recognized Zayne.

Although so many years have passed, as an adult, Zayne's appearance has not changed much, but he is a little older than usual, so Abbas recognized him almost immediately.

He blurted out subconsciously: "...Uncle Banks?!"

Lord Banks, the elder of the Banks Family, was also completely dumbfounded at this time. There was no news of the eldest son's disappearance for so long, and he did not expect to be in the hands of Charlie!

Zayne saw his father and Abbas at this time, his eyes widened, he wanted to say something, but there was still a towel in his mouth, so he couldn't send a word.

Charlie tore off the towel from his mouth, Zayne hurriedly said to Abbas: "Abbas, you are confused!"

Abbas was already in tears at this time, and choked up: "Uncle Banks, it's really you... For so many years, Abbas has never forgotten your great kindness to my father, but for so many years, it was because of various reasons. , Did not get in touch with you, please forgive me..."

Zayne also had red eyes and choked sobs: "When are you still talking about this..."

Charlie said to Zayne at this moment: "Mr. Banks, Manar was yours at the beginning, and no one knows the affairs of the Anti-Ye League better than you, so you are in front of Abbas and talk about the end of the year. What is going on, and whose responsibility is the whole thing."

Charlie said, "You must start from the objective facts! Don't deliberately cater to me, let alone deliberately avoid your responsibilities, as long as what you say is objective facts, I will not hold you accountable for what you say! But you only have to If you dare to tell a lie, I will kill you personally @ my parents' spirit!"
