

# The Amazing Son In Law ( The Charismatic Charlie Wade )

## Chapter 3689 )

When Charlie and the Wade Family simply paid homage to their ancestors, they came to Shangri-La together with their grandfather Lord Banks and sister Aaliyah, preparing to entertain the relatives and friends who climbed to Yeling Mountain today. The outside world who has been paying attention to the movement of Yeling Mountain has received news. .

Knowing that the Wade Family finally compromised with the Wanlong Temple, and didn't know the inside story, no one doubted the authenticity of this news.

After all, no matter how powerful these wealthy families are, they cannot rival the Wanlong Palace. This is the basic consensus of everyone.

What's more, the lord of the Wanlong Palace has a deep hatred with the Wade Family, and it is bound to be impossible to spare the Wade Family lightly.

And those branches of the Wade Family who fled overnight, after receiving this news, they were extremely grateful in their hearts.

Fortunately, he reacted quickly and ran faster, so he escaped.

However, apart from rejoicing that they had escaped, they were also worried about the future.

These collateral families depend on the Wade Family for survival, and the main source of income for many branches is the businesses rewarded by the Wade Family.

After all, every collateral family was separated step by step from the master's house. It was as if Lord Banks had become the owner of the family, and his younger brother Cash Wade would consciously leave the Wade Family and go out to stand on his own.

And Lord Banks can't leave his brother alone for compensation or family affection. On the contrary, he should give him as many resources as possible, so that he does not have the desire to compete for the owner of the house, and secondly, he must also maintain Family affection, at the same time, these distant relatives can also come to help if there is a need.

The reason is the same as the principle of the prince ascending to the throne in ancient times and arranging other brothers to be kings in various places.

For these collateral families, once they lose the big tree of the Wade Family, their own future development will also be greatly affected.

However, before they could take a sigh of relief, Wanlongdian released another message, "It is required that all the names of the Wade Family's side lines appear in the list of the Wade Family Ancestor Ceremony Ceremony, and they will kneel at the foot of Yeling Mountain before 8 o'clock tomorrow morning. Those who arrive will be hunted down by Wanlong Temple worldwide!

As soon as this news came out, these big domestic families were even more shocked.

Everyone had never expected that Wanlong Temple had conquered the Wade Family and was still not satisfied, and even the collateral branches of the Wade Family would not let it go.

And these collaterals of the Wade Family are also extremely desperate.

The feeling of the rest of my life didn't last long, and it was immediately replaced by the despair of being a monk and not being able to run to the temple.

The large list of the Wade Family Ancestor Ceremony has already recorded the names and identity information of each of them in great detail.

For example, this person's surname, name, age, generation, where is his family, who is his father, who is his grandfather, and which branch of the Wade Family originated from his ancestors. All these must be clearly written with a brush dipped in cinnabar. .

Because this big list, after the ancestor worship ceremony, as long as it is burned for the ancestors, no one dares to make any fools on it.

Now, this list has actually fallen into the hands of the Wanlong Palace, which means that everyone's old bottom is firmly controlled by the Wanlong Palace, even if you run, you can't run.

These people knew the strength of the Wanlong Palace. It was easy to assassinate them, so no one dared to disobey the orders of the Wanlong Palace.

As a result, this group of people had no choice but to bite the bullet and rush back uneasy.

Cash Wade's children and grandchildren received the news via the satellite network on a private plane returning to Canada.

Ten minutes after receiving the news, the plane drew a circle directly at an altitude of 10,000 meters and turned back to Eastcliff.

...

At the same time, Charlie had filled the wine glasses and thanked all the relatives and friends present in the banquet hall of Shangri-La one by one.

And these relatives and friends of his, including his father's former friend Orrin Sun, look at him at this time, they are already looking at God.

The first person Charlie respected was Orrin Sun.

In his eyes, Orrin Sun is most worthy of his respect and an elder who treats himself best.

Therefore, today his family of three can go to Yeling Mountain, Charlie is very grateful.

Orrin Sun was also excited at this time for a long time and couldn't calm down. After a few glasses of wine, he couldn't hide his excitement and said to Charlie: "Charlie, now you have also included the Wanlong Palace under your command. The strength of the Wade Family is among the many families in the country. , It is already the first one! Looking at the world, it can at least be among the top ten!"

Charlie opened the mouth and said: "The first ten distance is the first, it's still a long way away..."
