

The Amazing Son In Law (The Charismatic Charlie Wade Chapter 3982)

He couldn't help but sighed secretly: "The boy Abbas really had some luck. Fortunately, before I went to Yeling Mountain, I never thought about practicing such a soul-piercing knife. I'm afraid that I can take away Abbas, his Four Great War Kings, and more than a hundred warriors in one wave. If that's the case, I won't be able to collect any younger brothers, but I won't be able to collect corpses!"

Immediately, he also gave up the idea of continuing to try the ten thunderbolt.

With the effect of piercing the soul blade on the tenth layer just now, the sky thunder drawn down by the tenth layer of thundering order is afraid that the entire Aurous Hill people will be shocked.

At this point, he hurriedly put away the two magic charms, and then quickly left the scene of the crime.

Back at the Champs Elysian Hot Spring Villa, Charlie changed his ragged clothes and asked Isaac Cameron to arrange for someone to give him a new suit. Then he left the Champs Elysées and drove back to the city.

On the way, he received a phone call from Don Albert. During the phone call, Don Albert said, "Master Wade, the last time Smith from the United States came to see me again. He said he was going to spend another five million US dollars, begging. Meet Liam and you."

"Here again?" Charlie smiled and said casually: "Don't pay attention to him, let him go from where to go."

Don Albert said immediately: "Okay, then I will let someone drive him out."

For Charlie, seeing Smith for the first time was to appetite him, even the entire United States.

Now that his appetite has been lifted, he naturally doesn't need to pay attention to him again.

...

At this moment, Aurous Hill Heaven Springs.

Fei Kexin had eaten four meals in the golden box of Heaven Springs for two days.

For four meals, she hadn't waited until Master Wade, who had a fate, appeared.

After waiting for two days, she didn't consume her patience. It's just that after eating this kind of full banquet for four days, her appetite was a bit unbearable.

In order to maintain his figure and to ensure his health, Fei Kexin pays great attention to diet on weekdays.

Although she is not a vegetarian, she also has very clear control over meat. She rarely eats red meat, and she rarely eats raw seafood. She usually eats low-calorie chicken on weekdays.

However, in places like Heaven Springs, chicken is one of the ingredients that can't be served on countertops, so there is only soup made with chicken on the dinner table, but this kind of soup is generally used to cook those very precious ingredients.

For example, shark's fin, abalone, and fish maw are highly recommended high-end ingredients in Chinese food.

But for Fei Kexin, it is really difficult to swallow. The hundreds of thousands of tables of Heaven Springs's highest-level banquets, in her view, are a large table of inferior protein and a proper gout meal.

She felt that if she continued to eat like this, she would get anorexia sooner or later.

So she greeted the waiter and asked her: "Hello, can the chef make me a chicken salad? Just put some salad vegetables and boiled chicken breasts, and put a little less salad dressing on it. ."

The waiter respectfully said: "Sorry, madam, we don't have chicken salad. We have bluefin tuna with caviar salad, Australian lobster sashimi salad, foie gras black truffle salad, and puffer fish sashimi salad. Would you like to choose one? "

Fei Kexin only felt that her head was as big as a fight, and she felt nauseous just hearing the names of these ingredients.

So, she reluctantly said to the waiter: "Forget it, go ahead."

After that, she stood up and said to skuna and others: "You eat slowly, I will go out and see if there are any local Aurous Hill snacks nearby."

skuna hurriedly said: "Miss, let me accompany you!"

Several personal female bodyguards also stood up and said in unison: "Miss, let's stay with you!"

Fei Kexin waved his hand and said: "This table hasn't changed much, so we all left. How can we come here tomorrow? It will definitely be strange for people here to see it."

After all, Fei Kexin said again: "You don't need to follow, I just go out and go around by myself, Aurous Hill has such a good law and order, nothing will happen."

Everyone else knows Fei Kexin's uncompromising temper. Hearing this, he didn't say much, and could only agree.

Fei Kexin got out of the box and walked all the way to the door of Heaven Springs. He happened to run into a few service staff who was stopping an American.

The American population kept begging: "Please, help me tell Wu Ye again. I ran from the United States so far with all sincerity. If you can help me meet Mr. Liam, I'm willing to give him ten million dollars! It's really not good, even if I can make an appointment with the last MR. Wade!"

When Fei Kexin heard the three words of MR. Wade, he couldn't help frowning, and muttered in his heart: "MR. Wade, I don't know if it has anything to do with that Master Wade."

"This person came from the United States and asked for ten million dollars to see someone, which is really incredible..."

"Even if you see Buffett, it won't cost ten million dollars. What are the sacred Mr. Liam and MR. Wade?"

Just thinking about it, she couldn't help but glance at Smith more.

At this moment, she suddenly felt that Smith was familiar.

After all, Smith is the head of the FDA, the head of food and drug safety in the United States, and indeed has a certain reputation in the United States, so Fei Kexin quickly recognized him.

Fei Kexin immediately guessed his intention to come to China, and thought: "Since he is the head of the FDA, he must have come for the magical Pill who has been on fire recently."

Thinking of this, she couldn't help muttering in her heart: "Pill...Rejuvenation Pill...Master Wade...MR. Wade...Is there any connection in this?"
