

The Amazing Son In Law (The Charismatic Charlie Wade Chapter 3983)

At this time, desperate Smith was still begging the waiter of Heaven Springs, and did not notice Fei Kexin, standing not far away looking at him.

Smith now only wants to meet the people from Jiu Xuan Pharmaceutical, and quickly find a way to fight for a little magical pill, otherwise, his son will soon be out of medicine.

However, the waiter at Heaven Springs did not relax at all, and even let out a word, saying: "This gentleman, if you continue to be so savage, we will call the police to deal with it!"

Seeing the other party's resolute attitude, Smith knew that it would be useless to be stalked here today, so he had no choice but to say: "Tell Mr. Don, please tell me that I will go back to the hotel today and visit him tomorrow..."

After speaking, Smith turned around dingly and left Heaven Springs on foot.

At this time, Smith was in a state of confusion and did not immediately take a taxi back to the hotel where he was staying. Instead, he walked slowly along the road towards the hotel.

He couldn't see Don Albert, let alone Liam and Charlie, Smith was in no mood at all right now, and his whole body was lost.

The executives from the CIA are still waiting for news from him at the hotel, but if they can't meet with the people from Jiu Xuan Pharmaceutical, then the CIA's affairs will inevitably be aborted, and the two will have to return to Washington in despair. .

Just when he was at a loss, he suddenly heard someone behind him say: "Mr. Smith!"

When Smith heard this, he turned his head subconsciously and saw a young oriental beauty standing behind him.

Smith recognized her at a glance, and said in surprise: "Miss Fei, why are you here?"

Smith naturally knew Fei Kexin.

Although Fei's style in the United States is as low-key as many Jewish families, Fei Kexin's grandfather, Jian, has been investing wildly in the R&D team in the field of medical drugs over the years. He has gained a great reputation in the medical system.

In the United States, there are many wealthy entrepreneurs, but there are very few who can invest huge amounts of funds in the medical and pharmaceutical fields like Jian.

Therefore, Jian has a very oriental nickname in the field of medicine, God of Wealth.

His popularity in the medical field is almost unknown.

Smith happens to be the person in charge of the pharmaceutical industry in the United States, so he knows many projects that Jian invests very well, and even has a lot of contact with Jian, and has several connections with Fei Kexin.

Now, seeing Fei Kexin in Aurous Hill suddenly surprised Smith. He didn't expect Fei Kexin, a young lady with a family of hundreds of billions of dollars, to come to such a place.

Fei Kexin smiled and said to Smith: "I came to Aurous Hill to do something. I didn't expect Mr. Smith to be here. I don't know why Mr. Smith came to Aurous Hill?"

Smith didn't conceal it, and said frankly: "I come to China, and want to meet the person in charge of Jiu Xuan Pharmaceutical and talk about the introduction of drugs."

Fei Kexin asked in amazement: "You want to see the person in charge of Jiu Xuan Pharmaceutical. Why do you look for that Don Albert? If my information is correct, Don Albert is just the leader of the underground world. It shouldn't matter, right?"

Smith said truthfully: "Ms. Fei did not know that Liam from Jiu Xuan Pharmaceutical took Magical Pill and came to the United States to approach me on the initiative. At that time, he paid me US\$50,000 through a public relations company, but it was me that time. I don't know Taishan and offended him. Now I'm here to beg him. He also deliberately let that Don Albert act as a middleman. Public relations fees."
