

The Amazing Son In Law Chapter 4109 (The Charismatic Charlie Wade Chapter 4109)

When Zhang Ermao heard this, his heart suddenly relaxed a lot.

He doesn't have any other abilities, but he has the ability to react to changes and speak up, and he is still very experienced.

After all, they rely on their brains and mouths to do their job.

Sometimes when you encounter a tourist who is not very smart, you can cheat the other party's money into your pocket with a three-to-five success.

But sometimes if you encounter smarter tourists, Zhang Ermao's flicker skills can usually be successfully won.

So he immediately said to Charlie confidently: "Master Wade, don't worry, I will use my lifelong skills... Oh no... I must use all my skills to help you get this thing done.!"

Charlie nodded and asked him, "You brought everything you asked you to bring, right?"

Zhang Ermao quickly pointed to the big bag of things he had brought, and said diligently, "Master Wade, don't worry, everything about the guy I eat is here."

Charlie stood up and said with a smile: "Okay, take all your things with me."

At this moment, Bernard Elnor, in his seventies, is sulking on the sofa in the Presidential Suite of Shangri-La.

Although he was once the richest man in the world on the Forbes list, he is not generous.

To stay in the Presidential Suite at Shangri-La, the room charge for three days actually cost 6 million. This kind of behavior of slashing the guests with a knife made Bernard Elnor very annoyed.

You know, for a presidential suite at the level of Aurous Hill Shangri-La, the retail price under normal circumstances will not exceed 20,000 to 30,000 a day, and the price will only be lower if it is discounted occasionally.

Therefore, the housing prices in these three days have almost doubled by a factor of 100.

Bernard Elnor can say responsibly that it is definitely the most expensive presidential suite in the world, not one of them.

Just because he was slaughtered for too much money, the old man sat on the sofa and constantly complained to his butler: "It's such a small place, the presidential suite of a five-star hotel, dare to sell so expensive, Dubai Seven-star Burj Al Arab Hotel The price of the top-level presidential suite is less than one-tenth of his, and the presidential suite there is much better than here in terms of size and decoration..."

The housekeeper said helplessly: "Sir, don't you understand their way? It's nothing more than to borrow everyone's enthusiasm for this rejuvenation pill and desperately to make a fortune! Said that the house price is so expensive, and you have to wash your clothes once. It charges 10,000 Euros, which is considered to be the bandits and robbers in the Middle Ages, and they are not as vicious as they did."

Bernard Elnor nodded slightly, and said with an unhappy expression: "For the sake of rejuvenation pills, I can only bear it for a while."

The housekeeper hurriedly asked: "Sir, is this rejuvenation pill really that magical?"

"Of course." Bernard Elnor said seriously: "The Nordic royal family has disclosed all the medical records of the old queen in the upper class. The old queen has been poisoned for a long time, and the toxin content in the body has been very high. The person in charge of my medical team is very serious. After evaluating all medical records, I think that in that case, even if the best medical team in the world is brought together, it is impossible to save her, but she only took a small part of the rejuvenation pills, and the toxins in the body were completely eliminated. , The body function has also been very obviously improved, this is very remarkable!"

With that said, Bernard Elnor said with a look of fascination: "A small part of Rejuvenation Pill has such a powerful effect, I can't imagine what kind of miraculous effect a whole Rejuvenation Pill will bring..."
