

Awaken Chapter 61 -

Xu Qingnian did not know who Yongping Shizi was.

However, Xu Qingnian knew who the Prince of Yongping was.

If there had not been the shame of Jingcheng, there was a high probability that Yongping's father would have been the emperor.

It was a pity that after the Shame of Jingkang, the Great Wei no longer needed an Emperor of Wenjing, but a great Emperor of Martial Expedition.

So the county prince's father, lost the supreme imperial throne.

As to why this Prince was able to endure, it has always been a mystery, perhaps open-minded.

But when the Sheriff King was mentioned, Xu Qingnian's first association was not with the Shizi, but with the Sheriff.

The person who had entered the dream yesterday seemed to call himself the Sheriff, right?

"Is the Sheriff King here?"

After thinking about it, Xu Qingnian spoke first and asked.

"Sheriff Lord Yongping? These two came to the South Yufu some days ago, on a trip to the greenery, and happened to pass by, and now they have learned of Brother Qingnian's great name, so they want to meet."

"Brother Qingnian, Yongping Shizi is as gentle as a jade and also a scholar, plus his royal status will be helpful to Brother Qingnian in the future, so my humble brother thinks that we can meet."

Li Xin did not understand Xu Qingnian's meaning and replied in a rather archaic manner.

"How does County Princess Yongping look like?"

Xu Qingnian asked.

"Uh The beauty of the county princess is definitely stunning, after all, the Yongping County King would definitely not look for an ordinary woman."

Li Xin was a little embarrassed, he hadn't seen County Lord Yongping before, he didn't know if it was good looking or not.

But think about it differently, if he were the county king, he would certainly be surrounded by beautiful women, and the child he would have would naturally not be ugly.

Whether they were pretty or not was another matter, but one could not say they were not pretty anyway.

Li Xin's answer made Xu Qingnian also a little helpless, indeed the descendants of the royal family were certainly not bad looking, the first generation of the fund was even worse, and generation after generation was passed on.

How bad could it be?

"Brother Qingnian, shall we meet or not meet?"

Li Xin asked.

"See you."

Xu Qingnian gave his answer, Yongping Shizi, well at least he was the eldest son of a county king, if he didn't see him wouldn't he get into trouble for no reason?

"That's fine, the Yongping Shizi has already booked an elegant room at the Moon Watch Tower, let's go together."

Li Xin smiled.

In fact, he had already known that Prince Yongping was coming, and he had even said that he would come to his banquet before, but in the end he didn't come, for reasons he knew in his heart, and it was just a polite remark that he took seriously.

But now the Yongping Prince has taken the initiative to invite Xu Qingnian, this status is different.

"I'm not going to see Prince Yongping, some friends are still waiting for me, I'm going to Wenxuan House."

It was not that he really did not want to meet the Prince of Yongping, after the County King, it would be good for him to make any kind of connection.

However, Wang Ru understood that he was only inviting Xu Qingnian, so maybe Li Xin was also just going to go there in passing.

It would be a bit of a hard sell to drag himself along again.

It would be better to go to the Wenxuan Building to have fun and be at ease.

“That’s fine, brother Wang Ru, I’ll come find you after the banquet.”

Li Xin said, we all understood each other, so a few polite words would be fine.

Xu Qingnian nodded and didn’t say anything, so he followed Li Xin and left.

The three of them went their separate ways.

This was the difference between status and position.

As one’s status continued to rise, the circles one entered would also gradually change.

Half a month ago, he himself wanted to fit into Wang Ru’s circle, while Wang Ru wanted to fit into Li Xin’s circle, and Li Xin wanted to fit into Yongping Shizi’s circle.

Half a month later, however, Yongping Shizi took the initiative to invite himself.

What Wang Ru did, Xu Qingnian felt quite good, at least forcing himself to fit in, instead of being uncomfortable, if he were Wang Ru, he would have made the same choice.

There was no need to feel so much emotion.

Xu Qingnian followed Li Xin on foot.

About a quarter of an hour later.

He arrived in front of a restaurant.

The Moon Watching Tower was a famous restaurant in South Yu Province. On top of the restaurant stood a jade stone that looked like the moon, and whenever night fell, the stone would emit a faint silver light, so it was called the Moon Watching Tower.

When he entered the Moon Watch Tower, the waiter immediately greeted him warmly, especially after seeing Li Xin, he looked flattering.

Li Xin had nothing to say, he casually threw a piece of silver as a reward money, said the name of the elegant room, and the junior immediately led them upstairs with enthusiasm.

There were four floors in the Moonlight Tower.

The first and first floors are for ordinary people to dine.

The third floor was for the old employers of the Moonlight Tower.

The fourth floor could only be reserved by some of the more distinguished people in the South Yu Mansion.

The elegant room where Yongping Shizi was located was on the fourth floor.

Compared to the first and first floors, the fourth floor was very quiet, with sandalwood incense placed in many places and some women playing the zither, making it look very elegant.

Follow the junior to the front.

He soon arrived inside one of the elegant rooms.

[Meditation Pavilion]

When I pushed open the door of the elegant room, I was greeted by the delicacies, but there were not many dishes, only four.

Inside the elegant room, a man in a light green brocade coat sat in it, and a woman, wearing a long light red coat, stood outside the window with her back to herself.

The man was in his early twenties, similar to his own age, with clear eyebrows and a refined and easy-going manner, aristocratic while not losing his elegance, and also surrounded by a vast aura of righteousness, a Confucian scholar who had entered the class.

Clearly this is the Prince of Yongping.

The woman could not see her face, but could only look at her back, her figure was exquisite, and just a back was reminiscent, especially because she looked inexplicably familiar.

With the door of the room opened.

Yongping Shizi instantly cast his gaze and landed directly on Xu Qingnian.

With just a glance, Yongping Shizi immediately got up, full of smiles.

“This is Xu Qingnian, Xu Wangu, right? I, Mu Nanping, have met Mr. Xu.”

Yongping Shizi Mu Nanping was very joyful and even a little excited as he came from his seat and saluted in person.

“You are welcome, Shizi, Brother Mu is the son of the County King, calling Mister Xu as sir is somewhat unworthy.”

Xu Qingnian also immediately returned the salute.

“No, I am also a scholar, I have entered the rank, the name of Shishu is just the glory of my father’s generation, but you have already advanced to the eighth rank, and you have written a great article, you are the admiration of my generation of readers.”

“The word “sir” is worthy of the title, worthy of the title.”

Mu Nanping was extraordinarily excited and seemed to have an inexplicable fondness for Xu Qingnian.

“Shizi is more than polite.”

Xu Qingnian continued to speak, the other party calling himself sir was really a bit heavy-handed.

“No, no.”

“You are only twenty this evening, you have been enrolled in school for less than a month, yet you have been able to advance in rank, you have a thousand famous words in the past, and you have a thousand ancient articles in the future, how can you not deserve the title of sir?”

Mu Nanping said with a persistent face.

“I am not worthy of the word “sir” because of my average talent.”

Xu Qingnian’s words were half polite and half serious.

There was definitely an element of courtesy, and Mu Nanping was definitely polite, but the remaining half was serious.

After all, if you could be called a gentleman, not only did you have talent, but more importantly you had to have virtue and character to be expected.

The same is true for other scholars who call themselves “sir”, Xu Qingnian would just acknowledge it, knowing that it was an honorific.

But if Yongping Shizi called himself sir, it would be bad if he took it for granted.

“The two of you should not be stagnant.”

“Since we are all the same age, let’s be more casual and address each other as brother.”

Li Xin on the side rounded up the situation, everyone was polite to each other, you pushed me, it was almost the same.

“If Mr Xu doesn’t mind, I’ll be a taller brother.”

Yongping Shizi nodded, but remained modest as ever.

“The Shizi is slightly younger than me, so I am the one who has climbed higher than my Xiandi.”

Xu Qingnian returned the compliment.

“Haha, Brother Xu is indeed as gentle as jade and a modest gentleman, come, come, come, have a seat, Brother Li, you sit too.”

Yongping Shizi was worthy of the Beijing circle, being a man of words was simply dripping with water, making people comfortable without making them feel cosseted.

Xu Qingnian and Li Xin took their seats.

And at this moment, Yongping Shizi’s gaze fell on the woman outside the window.

He frowned slightly and could not help but speak.

“Sister, the guests are all here, and you are still standing outside the window without a bit of etiquette.”

Mu Nanping’s voice rang out, angrily scolding his sister, while immediately changing his face again and looking at the two of them, Xu Qingnian.

“You two are really laughing, this younger sister of mine has been spoiled by my father since she was young, she doesn’t know manners and is capricious and presumptuous, so I hope you two will forgive me if I have been inconsiderate.”

Mu Nanping was really a little unpleasant.

He had read the books of the saints and regarded Zhu Sheng as the ultimate ideal in life since he was young.

However, he had such a willful and presumptuous sister who did not show any courtesy outside and often made him half dead.

But he could not help it, his father spoiled his sister too much and could not beat or scold her.

When he was leaving, Mu Nanping vaguely remembered his father's explanation that he had to keep an eye on his sister no matter what.

So when he came to see Xu Qingnian, he had to bring her with him.

"If you're here, you're here. You guys eat what you want, I'll watch what I want."

A pleasant, melodious voice rang out.

The tone seemed very casual, standing outside the window not knowing what she was looking at.

Bang.

The next moment, Mu Nanping was a little angry, he slapped the table, the sound wasn't very loud, not really hard, it just made a little rattle.

"Mu Nan Lime!"

"If you are so insolent, don't blame my brother for grounding you, my brother is true to his word."

Mu Nanping got a little huffy.

It's fine to fool around during the day, but now that Xu Qingnian is here, you don't even give your brother any face?

Do you really think I don't have a temper?

Mu Nanping thought in his mind.

"Spoilsport."

A pleasant voice rang out again.

At that moment, the delicately shaped woman turned around.

Mu Nan lei slowly turned around.

Three thousand green threads were bound in her hair with a wooden hairpin, and her exquisite and incomparable features appeared in Xu Qingnian and Li Xin's eyes.

The fairy-like face was deeply imprinted in Li Xin's heart in this instant.

The two of them froze for a moment.

Li Xin froze because he had never seen such a stunningly beautiful person before.

Xu Qingnian froze because This world is really big, oh, no, it is really small.

The beauty of Mu Nan Lime, full of a spiritual beauty, beautiful eyes flashing between, both some cute, but also some spiritual, but when the wooden hairpin bundle hair, but also slightly seems to be a different kind of beauty.

This kind of beauty, it is impossible to say.

But just one glance.

It is a beauty that one will never forget.

A moment.

The scene quieted down.

However, Mu Nan Lime's gaze, too, fell on Xu Qingnian.

Awaken Chapter 62 -

Inside the elegant room.

Xu Qingnian looked at Mu Nanliu.

And Mu Nanliu's gaze also fell on Xu Qingnian.

There was just something odd about the two of them looking at each other.

Xu Qingnian was surprised, but it could be interpreted as the surprise of seeing a stunning beauty.

On the other hand, Mu Nanliu's gaze was one of confusion.

Because for some reason, she felt as if she had déjà vu with Xu Qingnian somewhere.

And the more she looked, the more familiar she looked.

But the mere appearance was completely the first time she had seen it.

The two of them looked at each other.

It led to Mu Nanping's curiosity.

For Xu Qingnian and Li Xin's expressions, Mu Nanping had already expected that his own sister was indeed the most beautiful woman on earth, but unfortunately growing up together, she was just average in his eyes, right?

But his own sister would never look at a man like that.

It was hard to believe that his sister had fallen for Xu Qingnian?

This is a good thing.

Xu Qingnian was now a Confucian eighth-ranked man with a promising future, and he was young and handsome, able to write and fight, so he was worthy of his sister.

The only thing is that his status is a bit poor, but it doesn't matter, when Xu Qingnian joins the court in the future, he will still be able to take the sixth rank.

But what if Xu Qingnian wanted to rely on his father's family?

If that's the case, wouldn't it be a disappointment to my sister?

No, no, I can't be too happy yet. I have to see if Xu Qingnian is true to my sister.

Mu Nanping was a bit over-meditated, just the two of them looking at each other and then associating so many things.

But in reality, as a scholar, Mu Nanping naturally respects readers, especially those who are truly talented, and so does his father.

Naturally, he had an innate affinity for Xu Qingnian.

Furthermore his own sister had indeed reached the time to talk about marriage, so it was not too much to think about it, just a little bad to think too much about it.

"Cough cough."

Mu Nanping coughed lightly.

At that moment, the three of them all came back to their senses, and Xu Qingnian also withdrew her gaze, and on the surface, the wind was calm and the clouds were quiet.

But inside, Xu Qingnian was a little numb.

This world is so small.

Yesterday, they entered a dream, and today they met.

Fortunately, I did not use my own appearance, otherwise, today would be the scene of social death.

But why does this Youngping County princess keep looking at me? And her eyes are so strange?

Could she have sensed something?

Xu Qingnian was a little panicked.

After all, she had actually seen the county princess's entire body, and if this was known by Mu Nanping or the county king of Yongping, then she could wait for her death.

In the ancient times, innocence was more important than anything else, especially after Zhu Sheng, women regarded chastity as their life, and when they came across women from extreme families, I would feel that you were slighting me if you took one more look at me.

If you touch my bottom?

Either you marry me or I kill myself, one of two choices.

Of course if you're ugly, it's suicide.

So it's impossible not to panic.

Now I can only be thankful that I was too resourceful and didn't reveal my true face, otherwise I would really be dead this time.

"Lord Yongping, you can't make deep friends."

In just a moment, a thought surfaced in Xu Qingnian's mind.

The other party definitely did not know her, but the look in her eyes just now was very odd.

The others didn't know why, but Xu Qingnian knew the reason.

The temperament.

The way she spoke.

It was not difficult to change one's appearance, but it was difficult to change one's temperament, the way one spoke and behaved.

If they were found out that day, it would be a big trouble.

“Brother Xu, Brother Li, this is your sister, Mu Nan Lime.”

Mu Nanping had a smile on his face as he introduced his sister to Xu Qingnian.

Just before the two of them could reply.

Mu Nan Lime’s gaze once again landed on Xu Qingnian.

“Have we met before?”

Mu Nanliu gazed at Xu Qingnian, her gaze filled with doubt as she spoke directly, interrupting her brother’s conversation.

“No.”

Xu Qingnian shook her head straight away, answering no without hesitation.

“Why did you answer so decisively?”

Mu Nan Lime looked at Xu Qingnian, her beautiful eyes faintly staring, somewhat questioning.

“Your Highness is of heavenly beauty and is the most beautiful woman on earth. If a normal person sees her once, he or she will probably never forget it.

Xu Qingnian half-exaggerated, half-explained.

Anyway, it means that he has never seen it before.

If you can’t produce any evidence, I, Xu Qingnian, am still a decent gentleman.

“Seriously?”

Mu Nanliu was still a little unconvinced, because she always felt that she had seen Xu Qingnian somewhere.

But where exactly, she couldn’t remember.

There was a familiar feeling.

Not the particularly familiar kind, but it just felt like she had seen it before, and the feeling was very strong.

“Naturally when it’s true.”

Xu Qingnian's words were also dripping with water, you look so good, ordinary people seeing it would only be unable to forget it for the rest of their lives.

Just like the Li Xin beside him.

So this answer made sense.

"It seems that brother Xu and your sister have a destiny, this sister of mine, although she is usually a bit capricious, she will never say anything more to other men on a regular basis, this is destiny."

"Come, a toast to destiny."

Mu Nanping opened his mouth, his face was joyful, this is not false, while raising his cup.

Xu Qingnian and Li Xin also raised their cups, Mu Nanliu still looked at Xu Qingnian, but his own brother was there, the face that should be given will still be given.

The four of them raised their cups, and after a shallow taste, they put down their glasses.

"Brother Xu, now that the House Examination is over, without any surprises, you should come first."

"What does Brother Xu plan to do next?"

Mu Nanping asked.

"I don't know for now, I should go home and read more, and wait until next year to catch the exam in the capital, and try not to fail, lest I make a fool of myself."

Xu Qingnian laughed.

This was also his plan for the time being, the first place in the government test should not be wrong, where was the reason why a superb essay did not take the first place.

After the first place in the government exam, he would go home and rest for a while, plant flowers, raise a dog, read a book on weekdays, and disappear for a while first.

Let your reputation cool down a bit, otherwise you will definitely make enemies if you continue like this.

It's not a bad thing to keep a low profile.

Of course this is all still forced by Cheng Lidong, who has to watch out for himself every now and then, like a time bomb, who knows when it will blow up.

“Brother Xu is really calm and steady, with such a reputation, yet he is willing to sink his heart into his studies, he is really a model for us readers, my humble brother admires him.”

Mu Nanping sighed with emotion, just because Xu Qingnian was indeed overly calm, first in the government exams, Confucian into the eighth grade, a thousand ancient famous words in the front, and a superb essay in the back.

Any one of these things could make an ordinary scholar think about it for the rest of his life, yet Xu Qingnian was willing to go back to his hometown to study in peace.

He couldn't help but admire this kind of temperament.

But admiration aside, there were still some things that Mu Nanping had to say.

“But I heard that the court had sent someone over yesterday to hand over the most outstanding article, and if nothing else, His Majesty will be very pleased with it.”

“And the two great scholars who came to hand it over, as well as the three state princes afterwards, all seem to have a favourable opinion of Brother Xu.”

“If Brother Xu wants to go official in the future, he should operate carefully from now on, and not act randomly ah.”

Mu Nanping spoke out, and his words seemed to be saying something, but in fact, they were secretly pointing out.

“Oh, how a method of operation? My brother will have to ask for some advice.”

Xu Qingnian was completely bewildered about the situation and changes at the imperial court, apart from the general development of the country, the disputes between the parties, the civil and military, including the interests, Xu Qingnian had no idea at all.

Now the appearance of Yongping Shizi can indeed let himself know some information in advance.

“My humble brother is only casually mentioning it, and it is somewhat unaffordable to ask for advice.”

“But I can say a few things about this dynasty for my elder brother.”

Mu Nanping laughed lightly, while picking up a piece of dish and said.

“I still have one more dish to serve, and I am a little short of enjoyment, can Brother Li help to go and hurry things up a bit?”

Mu Nanping smiled and looked at Li Xin.

Talking about matters in the dynasty was definitely not something that could be spoken about indiscriminately, especially in front of outsiders.

He wanted to draw Xu Qingnian in, so he could talk about it, but he wouldn't say it all.

Therefore Xu Qingnian could not be considered an outsider, but although Li Xin was the son of the prefect and could see that the other party wanted to flatter him, it did not mean that he was trustworthy.

Although he is the son of the emperor, so if he says something about the court, even if it gets out, it won't matter.

But at his level, sometimes you still have to be careful what you say, otherwise if you really want to get into trouble, take such things as the reason, you yourself will be suffocating in your heart.

“Good, Shi Zi wait a moment, I will go to urge.”

Li Xin nodded, he understood the other party's meaning, and immediately got up to leave.

Xu Qingnian took a sip of wine.

The circle of the powerful and noble was so ruthless sometimes.

When you are needed, they call out to you as Brother Li, and then when you are not needed, they will dismiss you with a casual remark.

Xu Qingnian could see this point clearly, and he knew it well.

There is nothing comfortable or uncomfortable, this is the reality.

After Li Xin left.

Mu Nanping's voice rang out.

“Brother Xu, since His Majesty has ascended to the throne, Great Wei has a hundred things to do and it is the right time to use people.”

“Brother Xu is high-minded, proud but not dazzling, and it is a good thing that he can still sink his heart into his studies, but the situation is turbulent, if he joins the capital at this time and shares His Majesty’s worries, his future is unlimited.”

“Nowadays, several lords in the imperial court need each other’s talents more than ever, and brother Xu is so talented that he is only afraid that he has already been targeted by them, not that I am pulling for anyone.”

“I’m just talking about some of the affairs in the court, so that Brother Xu can have time to think about it.”

Mu Nanping got to the point.

Xu Qingnian also put down his wine glass and listened carefully.

There was just one thing that was hard to bear.

Every now and then, Mu Nan Lime cast a glance, making Xu Qingnian a little stressed.

“Please also ask Xiandi to solve the confusion.”

Xu Qingnian said.

Mu Nanping poured a glass of wine for Xu Qingnian, and then continued.

“With the Duke of Zhen Guo leading the way, they all advocate for a renewed northern expedition, and the military generals’ intentions are clean and clear.”

“Led by Chancellor Chen Zhengru, they all advocate the education of the world, the idea of a gentleman, and the establishment of the state, and oppose the re-emergence of the Northern Expedition.”

“The Dongming Society, led by Gu Yan Gu Shiqing, is complementary to the state and advises the government, controls the Sovereign’s Office and the Ministry of the Household, and only targets the Great Wei royal family as well as taxation.”

“Lastly, there is Li Yanlong, who advocates rest and recuperation and restoration of the economy and money, Li Shang Shu, but his position is a bit awkward, after all, the Dongming Society controls the Ministry of the Household, so it is difficult to carry out many things.”

“This is the situation in the court today.”

Mu Nanping patiently explained.

And after Xu Qingnian heard this, she instantly understood.

It was also at that moment.

Mu Nan lei's voice rang out.

"I seem to remember something, you and I have definitely met once."

The voice rang out.

Xu Qingnian, whose mind was filled with matters of the imperial court, suddenly went a little blank.

"Big sister, we're talking about matters of state.

Why are you still thinking about this matter?

Also, you can think of this too?

I don't believe it!

Awaken Chapter 63 -

Hearing Mu Nanliu's voice.

Xu Qingnian only had three words in her head.

I don't believe it.

If this could be remembered, he, Xu Qingnian, would immediately return to the fields and become a monk.

The two men's eyes fell on Mu Nanxian.

And the latter's gaze was incomparably firm as she looked at Xu Qingnian.

"You and I have definitely met once, and just recently, the way you speak and behave is very much like a person."

"Did you appear in my dream."

Mu Nanliu thoroughly remembered.

Originally, she couldn't remember, but the more she looked at Xu Qingnian, the more familiar she felt, so she kept thinking, thinking and thinking, and suddenly, she realized that Xu Qingnian's mannerisms were too familiar.

At once, she thought of yesterday in her dream.

“Little sister, don’t fool around.”

Mu Nanping got a little huffy.

He had thought that his sister had really met with Xu Qingnian, but what he hadn’t expected was that in a dream?

This was simply a travesty of the world.

How could there be the art of entering dreams between this heaven and earth? The Nightmare Clan would sneak into other people’s dreams, but was Xu Qingnian a demon?

This was obviously impossible.

So he thought his sister was just deliberately not wanting to have a proper conversation.

“Brother, it’s true, I feel like he came in my dream.”

“And he even saw my body.”

Mu Nan Lime said seriously.

Bang.

At this moment, Mu Nanping was really angry.

He ruthlessly slapped the table, his eyes filled with anger, and looked at Mu Nan lei and said.

“You are truly lawless, babbling nonsense, and your remarks are even more shameless.”

“Brother Xu is a Confucian, not to mention whether he knows the art of dreaming, even if he does know the art of dreaming, it is impossible for him to peek at your body.”

“Mu Nan Lime, you are really reckless.”

“You are smearing Brother Xu with your words, how can there be someone who enters dreams and spies on people in this world, don’t you know that reputation is as important as life to people of learning like us?”

Mu Nanping was furious.

Xu Qingnian’s knowledge of the art of dreaming was not to be mentioned, but Mu Nanliu had even said such things directly.

Wasn't this slandering Xu Qingnian?

He was a good scholar, and he was slandered by you, and if word got out, your own reputation would not be good either.

Who are you? You are a county princess.

The county lord of Yongping, to take a step back, really being seen, can not be said, only secretly get rid of this person.

This sister of his own had been spoiled since childhood and had no regard for such things, and there was no telling what had gone wrong, when it came to being really angry.

Hearing Mu Nanping's angry rebuke.

Mu Nan Lime was not afraid, but she understood that her brother was really angry.

"Sheriff."

It was also at this moment that Xu Qingnian's voice rang out.

His expression became extraordinarily serious as he looked towards Mu Nanliu and said.

"I, Xu Qingnian, do not know the art of dream entry, and secondly when I am really fortunate enough to enter the County Master's dream, I will definitely not do such nasty things."

"Secondly, I would like to ask you, Your Highness, is the person in Your Highness's dream, Xu Mou?"

Xu Qingnian stood up and asked calmly.

As Xu Qingnian spoke, Mu Nanliu furrowed her brow, she pondered for a while and eventually shook her head.

"It seems to look different, everything else is very similar."

Mu Nanliu gave a reply.

Comparing Xu Qingnian's appearance, it was true that he was not as handsome as the man in the dream, but even more handsome was irrelevant to her, and she was not good with men.

“If that is the case, if you have defiled my innocence, in a small way, you have made a slip of the tongue, but in a larger way, I, Xu Qingnian, will not be able to face others in the future, and I will have to bear the reputation of a thousand years.

Xu Qingnian’s face was extremely serious.

At this critical moment, he absolutely could not pretend to be cool, he must say that he could argue with reason.

After all, in Mu Nanliu’s dream, she had not seen her real face, so she, Mu Nanliu, would not have enough evidence.

The dream of the dream is not self explanatory, you can not get the evidence.

“Brother Xu, this matter is indeed my sister’s fault for speaking out of turn, I hope that Brother Xu will not be angry.”

“Please don’t worry, I will discipline my sister properly.”

Mu Nanping said seriously, and even bowed deeply towards Xu Qingnian.

Indeed, from the perspective of a scholar, this was indeed ruining someone’s innocence, and if word really got out, it would be no small matter.

If some hostile forces knew about it and spread rumours everywhere, you would not be able to explain it clearly even if you had a full mouth.

So Xu Qingnian’s outburst was, in Mu Nanping’s opinion, a common occurrence.

“Mu Nan lei, you still don’t apologize to brother Xu?”

Seeing that Xu Qingnian did not speak, Mu Nanping looked viciously at his sister and told her to apologise.

Feeling his brother’s gaze.

Mu Nanliu was a little confused.

Wasn’t it just a casual remark? Why did it make it sound like someone was going to die?

You bunch of readers, you’re like that, exaggerating everything.

“Fine, fine, it was my fault, Duke Xu, it was my slip of the tongue, I hope Duke Xu forgives me.”

“Come, Duke Xu, have a drink, take it as an apology.”

Mu Nanliu lifted her glass and looked at Xu Qingnian and said so, before casually taking a sip of wine.

After finishing a glass, Mu Nanliu continued to speak.

“One more glass, apologies are not enough.”

“Hiss, this wine can be ah, Duke Xu, for my slip of the tongue just now, have another glass.”

“Hoo! Sir Xu, just now it was me who had some slip of the tongue, I’ll have another drink, otherwise I can’t express my county princess’s apology.”

It was really hard to imagine.

The daughter of the dangling Yongping County King was actually of this kind of character.

Most of all, this person was also so nationally beautiful, but this character was somewhat uncomplimentary.

“The county princess has spoken too highly, since the misunderstanding is cleared, it is naturally best.”

Xu Qingnian smiled, there was no need to make a big deal out of it, he himself was already a bit vain, it would not be good for him to continue to make a big deal out of it.

However, this county princess Yongping could not be touched.

Absolutely not to be touched.

Although it is true that she is very beautiful and has a perfect round body, but not touching is not touching.

If one had the time to move a straight person like this, one might as well spend some time studying flower arrangement.

“Brother Xu in abundance.”

“Don’t drink.”

Mu Nanping first bowed towards Xu Qingnian, then glared at this sister of his.

The latter stopped drinking and began to eat, and did not pay any attention to the two.

A small hiccup with a shock but no joy passed, and Xu Qingnian continued her conversation with Yongping Shizi.

Perhaps it was because the Yongping Shizi felt a little indebted, so he talked about quite a few additional matters in the court, as a kind of compensation.

An hour later.

Xu Qingnian probably understood the current situation of the Great Wei Dynasty.

According to what Mu Nanping had said, Xu Qingnian had combined some of them herself.

There are roughly four parties.

The military generals' party, who were bent on the Northern Expedition, after all, the older generation of military generals had experienced the shame of Jingkang and the seven Northern Expeditions, and had family hatred in their hearts, so the battles in the dynasty no longer meant much to them.

Basically, half of their bodies were inside their coffins, and they only hoped that before they died they could have a good fight, preferably a successful Northern Expedition, so that they could die without regret.

The Wen Party were all Confucian students, very clean and strict, controlling some important matters in the court, but these people generally did not get along and did not have the intention to cultivate a party for the country and the people.

They want to establish the will for the people of the world, or to carry forward the will of the saints completely, and everyone learns from the saints to establish the will as the basis of the state.

The political party, the Dongming Society, holds many important departments of the court, most of which are not Confucian students, or to be more precise, seventh or eighth rank, and these are capable ministers, responsible for many things large and small in the country.

Confucianism, recognised by heaven and earth, only proves that you are a person of high moral character and serve the country and the people, but it does not mean that you are a capable minister.

The last one is a force that came out of the country's situation, advocating that the country should bide its time and develop its economy and agriculture properly, so that the people can first have enough to eat and have enough money before going to war.

This was an excellent idea, in line with Xu Qingnian's ideas, but the problem was that the military generals did not agree.

They were already about to die, and you are still delaying? Once the country takes a break, it will take at least a few decades, right?

Then they would probably be almost in their coffins.

As for the Wen Party, they were thinking about the country's intention, their spiritual pursuit, hoping that everyone would have books to read and not advocating war, but the shame of Jingcheng was indeed a great disgrace.

But the shame of Jingcheng was indeed a disgrace. How could we study without solving this problem? So they did not interfere with the matter.

The Dongming Society was very clever, they were all capable ministers, all of them were old foxes, they had their way with everyone, they were good with everyone, but bad with everyone.

The most unlucky one is this last one of the economic faction, with the martial arts general pressing on and the other two sets of forces not helping themselves, then they can only be beaten and scolded.

And the situation in the court now.

Everything, to dissect the root, is one thing.

[Northern Expedition]

All the major and minor matters, when brought together, cannot be separated from these two words.

This is precisely why the entire dynasty is so volatile.

Xu Qingnian has a brief understanding of the situation, but there are definitely many details that he needs to experience for himself.

It is true that any dynasty has its own troubles.

Especially in the current Wei Dynasty, with a new emperor on the throne, the civil and military are at odds and four forces have emerged.

Usually it is best to have three forces in the dynasty, to check and balance each other and the emperor's games.

Four forces are not good enough, they are complicated and troublesome, and if you are not careful you will fall into a pit.

If you really enter the courtroom in the future, you must be careful and careful again, ah.

Uh No!

I can't go into this bureau.

The actual fact is that you will be able to get a lot more than just a few of these.

The time has now come when the Great Wei dynasty is at its sharpest.

The situation between the military generals and the civil servants was almost incomprehensible.

If they were involved, no matter who they stood for, they would lose.

For in this fight, there is no winner, only losers.

"Brother Xu, you must think clearly, otherwise one wrong step will be an abyss of ten thousand feet."

Yongping Shizi reminded thus.

Xu Qingnian nodded his head.

It was also at this moment that Mu Nan Lime's voice rang out again.

"It's really boring."

"The food is almost gone, and you're still chatting here?"

"Brother Xu, just now this county princess was a little rude to you, so, this county princess invites you to play at Wu Xing House."

"The food and drinks are all on this county princess, as an atonement, how about that?"

Mu Nan Lime spoke.

Proposing to go to Wu Xing Lou.

This caused Xu Qingnian to exclaim straight away, "What a nice guy.

I don't even go to Wenxuan Building, and I'm going to Wu Xing Building?"

“Don’t talk nonsense.”

Mu Nanping spoke up, telling his sister not to speak nonsense.

Before Xu Qingnian could respond, Mu Nanping continued to speak.

“Go to Wenxuan Building.”

Awaken Chapter 64 -

Under the Moonlight Tower.

Xu Qingnian and Li Xin were running parallel.

He had been waiting outside after an hour of waiting for the dishes, and now that he saw Xu Qingnian coming down, he couldn’t help but show his joy.

As a powerful man, Li Xin understood more about the difference between circles. Waiting for an hour was nothing, but when he heard Xu Qingnian say he was going to Wenxuan Building, Li Xin was a little curious.

“Brother Xu, didn’t you say you weren’t going?”

Li Xin asked curiously.

“The Shizi and the Sheriff want to go, I can’t do anything about it, so I’ll just take it as a chaperone.”

Xu Qingnian was a little helpless.

He did not want to go.

But it was impossible not to go.

One, it would spoil Mu Nanliu’s sex.

Secondly, he also wanted to have a good chat with Mu Nanping, knowing more things would definitely be beneficial to him.

That was why he had decided to go to Wenxuan House.

But Xu Qingnian was certain in his heart.

Only go once.

Just this once.

Never go again next time.

“That’s right.”

Li Xin nodded, it was normal for the Shizi to accompany him if he wanted to go and have fun.

“Right, Brother Xu, don’t forget to answer the invitation some time later.”

Li Xin suddenly spoke up, reminding Xu Qingnian not to forget about the banquet.

“Is it your father’s invitation?”

Xu Qingnian asked.

“En, the South Yu Mansion has built a new building to calm the feng shui, so a banquet is being held to invite many scholars and Confucians from the Mansion to attend, and the Shizi will also be there.”

Li Xin replied.

“A new building?”

Would there be formaldehyde?

Xu Qingnian was a little curious.

“In fact, it should have been built a few years ago, but it was delayed due to some things, now that His Majesty has ascended to the throne, it can be used as a congratulatory gift.”

Li Xin said, Xu Qingnian nodded, banquet this to participate in it, more acquaintance with people is not bad.

The main thing is to leave a good impression in Li Guangxin’s mind, although Li Guangxin believes in himself, but still because of the fame issue, he has to make Li Guangxin really think that he absolutely can’t have cultivated foreign arts.

This would completely crush Cheng Lidong.

En, very well.

The two walked side by side, towards Wenxuan Building.

Shi Zi was in the back, he had something to say to Mu Nan Lime.

“Little sister, do you know that you have just caused some right and wrong.”

Mu Nanping said with some anger.

He purposely walked behind, just to say something to Mu Nan lei.

“Brother, it’s not so bad, is it? Did you just say the wrong thing? And I just feel familiar, there’s nothing you can do if you don’t believe me.”

Thinking that she would be able to go to Wenxuan House later, Mu Nanliu was extremely happy, and she wasn’t too angry when she heard the reproach.

“I’m asking you, do you have any evidence to prove it?”

Mu Nanping asked.

“That’s definitely not true, what proof do you need to have for a dream?”

Mu Nan Lime replied.

“There is no evidence, you are making up nonsense and tainting someone’s innocence.”

“This person has great promise in the future, if you offend him, it won’t be a good thing for our family.”

Mu Nanping said seriously, without a trace of joking.

“Promising? How big is it?”

Mu Nan Lime was a little curious, she had never seen her brother speak so highly of one person.

“He has the appearance of a Confucian minister, but as for how far he can go, it is not for my brother to predict.”

“But you should never remember that this kind of thing should not happen again, and one more thing, what do you think of him?”

Mu Nanping was very high in his assessment.

The so-called Confucian courtiers were a combination of Confucianism and literary courtiers. There were many great Confucians in Great Wei, but basically they were all in the Hanlin Academy, and not many of them were truly devoted to politics; after all, studying was the main focus, and they did not want to fight for anything.

The civil ministers, on the other hand, were the real rulers of the court of Great Wei, and the three provinces and six ministries wanted talents to rule the country, not spiritual tutors.

If a person had both a Confucian rank and was an able minister, such a person could not be suppressed by anyone, and his future prospects were truly unlimited.

Mu Nanping believed that Xu Qingnian had such potential.

It was just that he could not foresee how far Xu Qingnian could go.

So Mu Nanping really hoped that his sister would take a fancy to Xu Qingnian, and if he could join forces, it would be a great thing for his Yongping County House.

“Not bad, civilized and courteous, also understands manners, compared to those who hate to eat me when they see me, quite good, only I just feel

Mu Nanliu’s feeling towards Xu Qingnian was that he was civilized and courteous, which was much, much better than those people who hated to have their eyes on themselves whenever they saw them.

But the problem was, she still felt that Xu Qingnian

There was something odd about it.

Just halfway through the words, Mu Nan Lime felt her brother’s gaze, and at that moment, she also waved her hand and said.

“All right, all right, don’t mention it, don’t mention it, soon we will arrive at Wenxuan House, don’t say anything.”

Seeing that Wenxuan House was not far away, Mu Nan Gardenia’s heart was overjoyed, and she did not say anything more.

And Mu Nanping sighed, he really didn’t understand what was wrong with his sister, she suddenly became like this all of a sudden, she was indifferent to men, but interested in women instead.

This quirk must be changed back.

“In the future, when Brother Xu enters the capital, we must let Brother Xu have more contact with this sister of mine.”

Looking at Mu Nanjia who was already impatient to walk towards the front, Mu Nanping could not help but sigh.

Less than half a quarter of an hour later.

The crowd arrived under the Wenxuan Building.

Wenxuan Building, not just one building, but four, connected to each other by an arch bridge, named after spring, summer, autumn and winter, the building had seven floors and covered an area of several dozen acres, a signboard of the South Yufu.

There are no women soliciting customers outside the building, instead there is the sound of a zither, which is really well done in terms of mood and elegance.

The four of them entered.

After all, who wouldn't want to take a look at such a beautiful woman?

As for the women entering, it was not an uncommon thing, as the Wenxuan Building is mainly about elegance.

Those who come here don't necessarily come for the flowers and the jade, but mostly to enjoy the style.

As the four of them stepped inside, a tall woman in white satin soon came slowly.

The woman had a clean look, willow eyebrows and a snow-white complexion, especially in a satin show robe, somewhat similar to a cheongsam without an opening, which showed off her figure perfectly and was pleasing to the eye.

"Greetings, Duke Li."

"Greetings to the two gentry, and this young lady."

Arriving in front of the four, the woman made a graceful salute, her gaze falling on Li Xin with a light smile on her face.

"Miss Fish."

"These three are my good friends, don't be negligent, especially this one."

Li Xin was about to introduce Yongping Shizi, however the latter smiled blandly and gave Li Xin a look without moving, the latter understood, then pointed stiffly at Xu Qingnian and said.

"This one, in particular, is our number one talent in South Yufu, Xu Qingnian."

Li Xin opened his mouth and connected seamlessly.

It was only with this introduction that Xu Qingnian froze a little, good man, Yongping Shizi didn't want to reveal his identity, and neither did I, Xu Qingnian.

Sure enough, with this introduction from Li Xin, the girl called Fish, immediately revealed a surprised look, and even a few women around her also cast their beautiful eyes.

“Xu Wangu?”

The girl named Fish asked.

“Precisely.”

Li Xin replied somewhat smugly.

At that moment, the fish girl revealed a delighted look and immediately took out a small booklet and came to Xu Qingnian and said.

“Su asked Xu Gongzi’s supreme talent, I never thought I would meet him, can Xu Gongzi give me a name to drop.”

The fish girl was excited, it was not pretending, it came from the heart.

Wenxuan House is an elegant house.

The girls in it are all clean heralds, who know a bit of the qin, chess, calligraphy and painting, and although they still have to sell themselves after all, they can choose for themselves and adore those who are truly talented.

This was also the idea from childhood.

The girl is not a hermit, but having grown up in such an environment, she is naturally very fond of scholars, especially the likes of Xu Qingnian.

He is young, handsome and talented, and can write a thousand famous words and essays.

To put it mildly, if Xu Qingnian is willing, she is willing to serve him directly.

That was how straightforward it was.

“Miss Yu’er has overstated her case.”

Xu Qingnian smiled faintly and left her name in the small booklet.

Soon the rest of the dozens of women also gathered around.

“Sir Xu, can you leave your name for my slave?”

“Sir Xu, Sir Xu, my slave wants one too.”

A single voice rang out, and in an instant Xu Qingnian was surrounded by warblers.

On the side, Li Xin was a little sour.

Yongping Shizi was smiling, but also sour.

The Yongping Shizi’s eyes were straight with acid.

“Gentlemen, don’t be in a hurry.”

“All of you, all of you.”

“This girl, it’s fine to drop your name, can you not touch me.”

“Hiss.”

Looking at the group of warblers around him, Xu Qingnian had some brain pain, he couldn’t drop his name, it would be said that he was disrespectful, but if he dropped his name, these people were immodest.

“Silence.”

At the critical moment, the fish girl spoke up and cooled down the scene with a word.

“Sir Xu, I am really rude, they are still young and don’t know what to do, don’t blame them.”

The fish girl spoke out to apologise.

“It’s no harm.”

Xu Qingnian spoke in a calm tone, there was no need to get angry with a woman, although she had suffered a little loss, but she could forget it if she thought about it.

“Gentlemen, come with me.”

After the scene had cooled down, the fish girl remembered the business and led the four people forward.

But along the way, her eyes looked at Xu Qingnian from time to time, explaining various things about Wenxuan House for Xu Qingnian.

The explanation was a lie, the desire to chat with Xu Qingnian for a little longer was real.

I could tell that Miss Fish was excited.

After all, the smile in her beautiful eyes could not be concealed.

As for the three of them, Li Xin had no emotions other than acidity.

Just like that, the four of them arrived at the Spring Breeze House.

And at that moment, a familiar voice came into their ears.

“It’s not that I, Wang Ru, am bragging about Brother Xu.”

“Brother Xu, is a true man of letters.”

“I’ve been dragging him to Wenxuan House for a hundred times, but he’s dead set against coming, what is this called?”

“That’s what you call a decent man.”

“Even Li Xin, Li Gongzi invited Brother Xu to come, but Brother Xu didn’t even come, so this shows that Brother Xu is a true scholar.”

“A mind that only has sage books and two ears that don’t hear things outside the window.”

“Ladies, I’m really sorry for not being able to call Brother Xu here, but if you have anything you want to say to Brother Xu, you can talk to me first, and I’ll go to Brother Xu later and tell him your thoughts.”

“Who will come first?”

It was Wang Ru’s voice.

In the main hall.

Wang Ru was in a serious mood, praising Xu Qingnian to the skies.

Abruptly, he was unaware of it.

At this moment, Xu Qingnian was standing behind him with a somewhat embarrassed face.

“Me!”

Li Xin’s voice rang out.

“Not for a male.”

Wang Ru subconsciously said back, and soon the eyes of the crowd all fell on Li Xin.

But the next moment, a startled cry rang out.

“Xu Wangu is here.”

Awaken Chapter 65 -

Wenxuan Building.

Wang Ru had arrived an hour earlier, and with his arrival, many literati could not help but be curious.

Wang Ru had said that he would bring Xu Qingnian, and they wanted to meet him, so today's Wenxuan Building was much busier than usual.

But what they didn't expect was that Xu Qingnian didn't come, so the crowd was a little curious.

Wang Ru was not even half embarrassed, but instead he bragged that Xu Qingnian was a decent person and a model for our generation of scholars.

He portrayed Xu Qingnian as a saint, so that people would not misunderstand that he and Xu Qingnian did not get along.

But just as Wang Ru was bragging about it, a voice rang out from behind him.

A voice rang out from behind him.

It was Li Xin's voice.

A burst of shrieks followed immediately afterwards.

“Xu Wangu!”

“Isn't this Xu Qingnian, Mr. Xu?”

“Xu Da Cai is here?”

“Is this Mr. Xu? He's really a talented and graceful man.”

“Is he Xu Qingnian who wrote a superb essay for the government exam? He is really as his name suggests, a great talent, a great talent!”

Exclaims of amazement erupted as Xu Qingnian's arrival brought the entire Wenxuan Building to a boil.

Who in the whole of South Yufu did not want to get to know Xu Qingnian, Xu Wangu?

The crowd of literati exclaimed, each revealing a look of excitement.

They were not the only ones.

All the courtesans in the pavilion came to the window, their eyes also falling on Xu Qingnian.

The literati were after them, and they were even more after the truly talented literati.

"Is this Xu Qingnian? He's really handsome."

"Xu Qingnian is so handsome, I thought he was a nerd."

"How could she be so handsome? How wonderful it would be if she had chosen me."

"Dare I ask if it is Xu Wangu who has come? My slave has prepared wine and food, may I ask if Sir Xu would be so kind?"

"Sir Xu, my slave is a good flute player and I have recently learned a new tune. If you wish, my slave will play it for you all night."

"Sir Xu"

All of a sudden, these originally somewhat arrogant heralds, upon learning of Xu Qingnian's arrival, began to lose their patience.

Some of the Qing heralds with bold and spirited natures even invited each other directly, not caring whether Xu Qingnian could get the answer right or not.

As for some mild-mannered ones, they were a bit eager, wanting to speak but too embarrassed to do so.

The restlessness of the heralds led to a boil in the hall.

No one would have thought that Xu Qingnian was so handsome.

Readers give the impression of being refined and overall clean and tidy, but this does not affect the face value, it only means that they look more comfortable.

A scholar with talent and face is the one who is really sought after by women.

It's not impossible to have talent without face, but it has to be a great talent, the kind that can move a city with one lyric, or has great fame.

Otherwise these women would not be foolish enough to take the bait.

Is there a shortage of scholars these days?

No, there isn't.

What does Xu Qingnian look like to them?

Does he have talent? Yes, and a great talent at that.

Is he famous? Yes, it is famous in Wei.

Does he have the face? Yes, not the most handsome in the world, but definitely the best.

In that case, Xu Qingnian is a treasure boy.

To be favoured by Xu Qingnian, isn't this a blessing from the ancestral grave?

So the Qingnian, who was originally very reserved, had completely figured it out.

The Spring Breeze Building was abuzz with excitement.

Wang Ru was the only one who was a little embarrassed.

Before, he was bragging about Xu Qingnian's noble character, but what he didn't expect was that Xu Qingnian was here again?

How could this be fun?

"Gentlemen, it's Brother Xu's first time to come to Xuan Lou, don't scare Brother Xu."

Seeing how excited and excited the crowd was, Li Xin hurriedly opened his mouth, if this didn't happen, he was afraid that this group of people would rush up.

As expected, Li Xin's words had some effect, after all, the son of the ruler of the South Yu Province, more or less, he had to give some face.

As the crowd quieted down, Xu Qingnian followed suit and spoke.

"Gentlemen, it is Xu's first time to come to Xuan Lou, and it is also at the invitation of Brother Li, so there is no need for everyone to be so polite, otherwise Xu would be a little ashamed."

Xu Qingnian opened his mouth and told everyone to calm down.

Once this was said, the crowd quietened down even more, but many of them were a little puzzled, after all, everyone is giving you face.

But soon, someone suddenly spoke up and tapped his head and said.

“I get it, it’s Mr Xu’s first time to come to Xuan Lou, he simply can’t let go, how dare Mr Xu play when we are so enthusiastic.”

Someone spoke up and explained for Xu Qingnian, only this would be wrong ah.

“Oh! I see, yes, yes, yes, yes, it’s us who are being naive.”

“Haha, so Mr Xu is also a man of nature, it was me who waited for Meng Long, Meng Long ah.”

“Yes, yes, yes, when I first came here, I didn’t even dare to speak, if someone was staring at me, I was afraid that I wouldn’t even dare to look at them.”

“I didn’t expect ah, Brother Xu is actually here for the first time, nervousness is going to happen, everyone is nervous for the first time, but Mr Xu Xu, don’t be too restrained.”

People instantly showed smiles of agreement, mistaking it for Xu Qingnian being embarrassed.

But in reality, Xu Qingnian didn’t mean it at all.

What he meant was, “I’m a bit ashamed that everyone is praising me so much, we’re all readers, we’re all equal.

That’s what he meant.

Hey, what are you guys talking about?

I’m Xu Qingnian, I’m a decent person.

I read Spring and Autumn, ah.

Looking at the crowd with odd smiles, Xu Qingnian didn’t know how to explain.

It felt like no matter how to explain, these people would not listen.

“Alright, alright, why so much nonsense, Miss Fish, how can I have a long talk with these good sisters?”

After the crowd had quietened down, at that moment Mu Nan Lime's voice rang out.

After Mu Nan Lime's voice rang out, finally the crowd then noticed Mu Nan Lime.

Mu Nanqiu's beauty had instantly attracted all the readers present, they were so captivated by Xu Qingnian that they had overlooked Mu Nanqiu.

Now that Mu Nanqiu had opened her mouth, it was not known how many people were dumbfounded at this moment.

This was too beautiful.

One could not help but marvel at Mu Nanliu's appearance, and with just one glance, it was imprinted on their hearts and could not be forgotten.

Sensing the gazes of the crowd, Mu Nan Lime only frowned slightly, but did not say anything, instead looking towards Miss Fish.

"Back to Miss, if you want to have a long talk with these Qing heralds, you first have to answer questions, please see, Miss, there are eight elegant pavilions inside the Spring Breeze House, and outside each pavilion there are test questions, composing words and poems or pairing the next couplet."

"As long as these purveyors like it, they can be seated."

Miss Fish spoke up and explained to Mu Nanliu.

When this was said, Mu Nanliu immediately looked at Xu Qingnian.

"Brother, you help me compose a poem, quick."

Mu Nanliu said so, pulling Mu Nanping to help her compose a poem.

"Composing a poem needs to be brewed, you pick a word first."

Mu Nanping spoke, as a literary person, he naturally liked to compose poems and lyrics, especially in front of everyone, so that he could appear talented.

This was also the reason why everyone came to Xuan Lou.

After all, how painful is it for you to compose a poem on a regular basis and have no one to appreciate it?

If you take your poem and go to someone to appreciate it, they will only give you a perfunctory response.

But Wenxuan House is different. If your writing is not good, the girl will not see it.

If you write well, the girl will see it, and all kinds of praise will come, right?

Therefore, although Mu Nanping would not normally spoil his sister, but when he could pretend, it did not matter.

“Just this one, just this one, this good sister looks adorable.”

Mu Nan Lime pointed to the first elegant pavilion on the left, the woman in the pavilion, with a delicate figure, although covered by a white veil, still could not hide the charm.

But the elegant pavilion had a white sheet of paper, squared off, with the words [What can I do to relieve my love for each other] written on it.

“What can I do to relieve my love for each other?”

The crowd turned their eyes to it, and Mu Nanping even began to ponder.

It was elegant to use lovesickness as the title.

“Brother, are you ready yet?”

Mu Nan Lime asked.

“Wait a moment, right away.”

Mu Nanping was a little embarrassed, how long has it been, and you’re asking me to make a poem?

It’s not like I’m a great talent.

Mu Nanping pondered, and the crowd began to talk.

“This is a really difficult topic for Miss Mingxin, it has been hanging up for months and still no one has answered the call, and I wonder if this gentleman can get into the tent?”

“Anyone who can be with Mr Xu must also be a great talent, this man looks dignified, I think he should be able to.”

“Even if he can’t make it, Xu Da Cai can make it.”

The crowd was talking.

At that moment, Xu Qingnian was also talking to Wang Ru.

He told Wang Ru why he was here, so that Wang Ru would not misunderstand. The latter said that it did not matter, but his eyes showed joy.

To be honest, Wang Ru did feel a bit tasty, after all, he had invited Xu Qingnian, but Xu Qingnian did not come.

Li Xin invited him, but Xu Qingnian came.

After explaining, Xu Qingnian did not say much, but looked at the test question.

How can I solve my love for each other?

This question was a bit level.

However, Xu Qingnian did not say anything, but waited for Mu Nanping to compose the poem.

A quarter of an hour later.

Mu Nanping's tightly frowning brow became even tighter.

Because he couldn't think of one.

If the title was Acacia.

That was fine, he could compose a poem.

But [What can I do to solve my love for each other], it was a bit complicated.

Plus, with everyone looking at him, inexplicably Mu Nanping was under more pressure.

It was hard.

"Brother, you won't be unable to compose it, right?"

Mu Nan Lime's voice rang out.

There was doubt in her beautiful eyes.

"It takes time."

Mu Nanping said in a calm tone, but inwardly, he was a little depressed.

Time was tight, it was normal to not be able to make it, everyone was waiting patiently, what are you rushing for?

Another quarter of an hour passed.

Mu Nanping was getting a little anxious and in the end Mu Nanping could only force out a smile and said.

“Brother Xu is here, so I am indeed under some pressure, so why don’t we let Brother Xu compose a poem?”

Mu Nanping opened his mouth and dumped the pot on Xu Qingnian.

Ha?

Let me do it?

Aren’t you imposing on someone?

Without waiting for Xu Qingnian to refuse, Mu Nanping immediately spoke.

“Brother Xu, my sister is very annoyed, why don’t you let her go up to rest and rest, so we can still have a quiet chat.”

Mu Nanping said with a suppressed voice.

Upon hearing this, Xu Qingnian was silent.

It was also true that this Mu Nan Lime was a bit annoying, so it would be better to let her be quiet for a while, so that she could also talk to Mu Nan Ping.

Thinking of this, Xu Qingnian nodded and said.

“Then, I will offer my humility.”

The voice fell.

The entire Spring Wind Tower became even quieter.

All eyes fell on Xu Qingnian.
