

Baby alliance: helping daddy get a rich mommy chapter 168

“She had invested in my project—Bliss & Bloom. Initially, it was my idea, and President Yard gave me the opportunity to work on it. Hence, Bliss & Bloom was born. I’m truly thankful toward her. I believe everyone has heard of Bliss & Bloom? It is about having a bouquet in a week, inspiring people to take note of living quality.

In recent years, among other new emerging domains, Bliss & Bloom had achieved great success. Bliss & Bloom is one of the subsidiary companies of JNS Corporation, as well as their key trademark. Considering that Bliss & Bloom is still not a trend in Astoria, that may be why not many know Bliss & Bloom is actually a brand under JNS Corporation.”

“I-I don’t believe in what you said! This woman is absolutely dissolute! She’s licentious! A whor—”

Without a warning, Selena gave Megan a slap on the face.

Startled, Megan stared at Selena and yelled, “You dare to hit me?!”

“My dear little sister, are you done fooling around? I know you hate me because I revealed the truth on your wedding day. Frankly, I was helpless too. If you hadn’t put me under the spotlight on purpose, I wouldn’t have spilled the truth in front of everyone. I thought we’re even, but I didn’t expect that you’d still scheme against me.

Today is the first official day for the cooperation between JNS Corporation and Fowler Corporation, so it is absolutely important to me. It seems like you are determined to ruin our business relationship and destroy our pathway in entering Astoria. Am I right?”

Covering her face with one hand, Megan could only glare at Selena. Everything happened too quickly, so she was feeling too overwhelmed and couldn’t react accordingly.

“I wish to put the past behind me. You were the one who drugged me, and I was forced to sleep with another man. You even made me believe that I was pregnant with Finneas’s child. Worse still, you did all you could to get into Finneas’ bed, and stole him away from me. This is the ugly truth.

I don’t blame you anymore, because if it wasn’t for all of this pain, I wouldn’t be who I am today. So, I thank you for robbing my boyfriend, and I thank you for the hurt you’ve given me. If you’re still upset about what I’ve said over the wedding, I’d like to apologize to you. Let’s just call it even, alright?”

Those words somehow brought out the optimistic side of Selena. Indeed, many people were hurt by past relationships, but Selena’s words had encouraged women to be strong, so a lot of them clapped for her.

On the other hand, Megan had turned into a laughing stock. She realized that Selena had tricked her once again!

“It’s you! It must be you! Both of you ganged up against me, right? Everyone, I’m not a fool! If I knew it would end up this way, I wouldn’t have come! Both of them have planned for this since the beginning!”

Just then, the main door opened, and everyone looked toward that direction.

In an overbearing manner, a man in a suit walked in with a frosty expression on his face. Just like that, Pierre stepped into the hall.

From the moment this dazzling man walked in, the rest was completely overshadowed. At the same time, the reporters started capturing pictures of Pierre alone. Everyone knew that it was the first time ever for Pierre Fowler to appear at such an occasion.

Gazing at Pierre, Selena saw him make his way up the stage, looking like a king. Then, he naturally stood beside her.

Seeing that, Megan couldn't believe her own eyes.

The press conference on this day was in fact a live broadcast, so everyone could see what was happening on stage.

"Hello, everyone. I'm glad that all of you can make time to attend the press conference of our clothing brand, CiCi. This will be the first collaboration project between Fowler Corporation's LAYA and JNS Corporation. Anyway, I've heard that someone is doubting Miss Yard's character?" Pierre said as he looked toward Megan.
