

## **Baby alliance: helping daddy get a rich mommy chapter 461**

When they reached Fowler Corporation, they were then surrounded by many people as they reached for the meeting room on the top floor. The major shareholders and other Fowlers were already seated in the room.

Chris was the star on this day, so all of their focus was on this young man. However, he remained emotionless all this while. In order to pretend to be sorrowful, Helen kept frowning and sniffing. She even used some eye drops before getting out of her car.

The meeting room was so quiet that one could hear a pin drop. At that moment, the lawyer was reading out John's will. All of them fell into their own thoughts. The Fowlers were gleeful because, according to this will, they could gain more shares and inherit some of John's assets.

After the lawyer finished reading out the will, he showed it to everyone. "We have Old Mr. Fowler's signature and stamp here. Please have a look."

They then took a look at the will. Helen had been by John's side for years, so it wasn't hard for her to forge his signature, and it was difficult for most people to tell the difference.

"If there's no objection from any one of you, please sign your names on this will, and it will be effective immediately. After that, we'll distribute Old Mr. Fowler's assets according to this will. There will also be other procedures you'll have to go through, so please be more cooperative."

All of them never uttered a word, which meant that there was no objection.

"Since there's no objection, Mr. Chris Fowler, who is the biggest shareholder, will be both president and chairman of Fowler Corporation. Please welcome him."

With a heavy heart, Chris rose from the chair.

"Objection!" someone pushed the door open and shouted.

All of them took a look at the door, whereupon Selena, who was clad in a suit, stepped into the room. She was followed by her assistant and lawyer. The meeting room broke into commotion in an instant.

"What's going on?"

"Why is she here?"

"How could she be so shameless?"

"She's also part of the Fowler Family. Of course she'd want a share of the inheritance."

Raising her chin, Selena approached Helen and stared at her in an aloof manner.

Helen's tears slipped down her face in an instant. "Selena, how can you be so shameless? I can't believe you even managed to persuade the police to release you! Regardless, you're the one who passed the glass of wine to my husband, so that makes you the murderer! It's because of you that my husband was dismembered! How could you be so ruthless?"

All of them chatted among themselves upon hearing that.

“I heard that it’s because Selena signed an agreement that a post-mortem was done on Old Mr. Fowler, which caused his corpse to be dismembered.”

“I can’t believe there’s such a cruel woman like her.”

“Is Pierre aware of this? How could he marry such a devious woman?”

“Well, Pierre is probably the mastermind behind it. Both of them are partners in crime. Otherwise, why hasn’t he shown up until now?”

Pierre hadn’t been reachable recently, so everyone thought that he was hiding somewhere while Selena did everything on his behalf. They must have partnered up to snatch the old man’s inheritance!

Staring at Helen, Selena clapped her hands. “Your acting skills are superb. You should definitely be nominated for the best actress this year!”
