

## Baby alliance: helping daddy get a rich mommy chapter 524

Selena gave Jane an impressed look. Looks like this Western woman really knows a lot about the East, and she didn't even let gossip slip past her.

"Jason and I have been engaged since we were very little. We grew up together and we really love each other, so you'd better leave him alone." However, Selena started laughing. "Is that true?"

"What?" "So, the two of you grew up together and love each other a lot. If that's so, why did you go the extra mile to come over to assert your dominance?"

Selena's rebuttal made Jane's face freeze. "You've been very hostile toward me ever since I ran into Jason last night, and you'd even come over to warn me today. Do you know what that means?"

Jane's facial expression faltered slightly. "What does it mean?"

"It means that you're insecure. You feel that Jason is a man that would get seduced by pretty girls anytime, and you're not sure if he really loves you, nor if you can capture his heart."

"That's bullsh\*t!" Jane was angered. "I'm just here to warn you! You'd better take my words seriously!" Pissed off from being humiliated, she stood up. "Also, you'd better design my wedding gown until I'm satisfied. If not, don't even think about making it out of here alive!"

Then, Jane strutted away in her high heels.

Selena didn't expect Jane to be this vicious.

She wondered what happened between her and Jason to make her insecure to this extent.

Still, one thing that Selena could be sure about was that their vacation at Yucaria wouldn't be so smooth sailing anymore. She initially just wanted to look for her bracelet, but they ended up in so many troubles.

On the other hand, Pierre saw Jason's car leaving when he was coming back.

"Is that Jason Murray's car?" he asked the driver in front of him, for he was an Astorian who was working in Yucaria and knew the city well. "That's right, Mr. Fowler. That's Jason Murray's car. The Murray Family is renowned here."

Staring at the direction that the car was driving from, Pierre commented, "It seems like they were heading from the hotel."

"Yes. There's only one road here, so it looks like they indeed came from the hotel. Maybe Mr. Murray was visiting his friend there."

Immediately, Pierre's face darkened.

Visiting a friend at the hotel? Doesn't that mean that he visited Selena?!

Why does this man show up everywhere we go?!

Does he have some sort of preference for married women?

Upon noticing Pierre's facial expression, Joaquin shrugged. Pierre hadn't been emotionally stable ever since he got back, so the boy figured it was better to avoid him.

When they got back to the hotel's entrance, Pierre carried the children out of the car. "The three of you head upstairs first."

He wanted to smoke downstairs as his smoking addiction was acting up again.

Suddenly, Juniper yelled, "Let's see who can run the fastest! One, two, three, let's go!"

Then, she dashed and ran into Jane, who was leaving in a fit of rage, coincidentally.

When Juniper knocked into Jane, she fell down from the impact before she stood up hurriedly and apologized. "I'm sorry."

Staring at the dirty little girl in front of her, Jane got even more pissed off, so she raised her hand and slapped Juniper's cheek. "Move away!"

Immediately, Juniper started crying.

However, Jane ignored her and continued leaving.

"Stand right there!" Joaquin roared.

Startled, Jane turned around to see another child. She spat disdainfully, "What's your problem?"

"Apologize to my little sister!" he demanded.
