

Baby alliance: helping daddy get a rich mommy chapter 688

“Pollux did not agree at all and even threatened to break off the master-disciple relationship. In fact, he even drove Penny away, and as a result, Penny was kidnapped. Before Pollux could think of a way to save her, the kidnapers had killed her by blowing her up. Not even her corpse was left, and since this incident, Pollux acted like a beggar all day without a will to live.”

When Selena heard this story, she sighed a few times. “Pollux is such a romantic and sentimental man.”

Pierre gave her a sidelong glance. “Now that you’re done listening to the story, it’s time to cook, right?”

Selena glanced at the time and saw that it was indeed lunchtime. Thus, she glared at Pierre before going into the kitchen.

After Jude officially signed under Stardom Entertainment, she immediately got the role of the second female lead in a drama. As Kenneth said before, it was not appropriate for her to take on the female lead’s role so quickly after getting back into the industry. Besides, Jude had already read the script and found that the second female lead was one that would attract the audience’s attention with many scenes.

On the day of the opening ceremony, Jude came to attend the ceremony. Just as she was curious about who the female lead of this drama was, she saw Mia being escorted by a large group of people! The production team of this drama was the very famous Rainbow Studio—a studio that had produced many dramas with a good reputation.

They actually want Mia, an online celebrity, to play the role of the female lead! Wouldn’t this hurt their reputation? Jude felt shivers down her spine; it was only now that she realized how much they valued the biracial Mia.

Looking at the way Mia behaved, Jude felt that her acting skills were not much better. But this was a good thing for her because she could use this to test whether she was Meredith or not.

“Hello, Mia. My name is Jude Knight, and I’ll be playing the second female lead in this drama. I hope that we’ll be able to learn from each other well.” As a veteran, Jude was giving a lot of respect to Mia by coming over and greeting her first.

However, Mia simply looked at her in an arrogant manner and said, “Yes, I’ll definitely give you some pointers.”

When these words came out, Jude’s face turned unpleasant.

I’ve always been the one to give snarky comments and not the other way around!

Smiling awkwardly, Jude stopped talking. She realized that Mia was not a simple woman, as the latter dared to disrespect her in such a way.

Meredith was delighted in her heart. In the past, it had always been Jude who gave her snarky comments, and because she herself was carrying the persona of a goddess, she had to be humble and kind. This time, she had managed to hit back at Jude!

In the future, she would no longer use the persona of a goddess, as it was too suffocating. Right now, it was just perfect; she could talk back if she wanted, and people would even like her for being candid.

After the opening ceremony, Jude went home. This drama was set in modern times, so the shooting locations were not in the film studio. Thus, she basically could go home every day.

It just so happened that today was Wyatt's day off, and he had long prepared a delicious meal that was waiting for her.

While gorging on the food, Jude praised, "It's so good! Ugh, why are you doing this to me? I need to lose weight for the drama, and if I continue to eat like this, sooner or later, I will have to quit the entertainment industry! But how should I lose weight if I don't eat enough? Hahaha..."

"You're already very thin!" Wyatt put a piece of meat into Jude's bowl.

"Oh, by the way, I've got the keys to our new home. Jude, I want to renovate it as soon as possible, and then we should plan our marriage. What do you think?"

Upon hearing Wyatt mentioning their marriage, Jude paused her chewing. At that moment, Satan's face came to her mind.

Indeed, she had come back to marry Wyatt and live a good life, but when it was actually brought up, she suddenly felt at a loss.
