

Baby alliance: helping daddy get a rich mommy chapter 739

This was an abandoned factory more than thirty kilometers away from the city. It looked dilapidated and was surrounded by deserted woods. Moreover, it was dark, so one could not help but start to shiver in their heart.

Looking at this factory, Selena knew that the other party deliberately dragged the deal on until it was dark. They wanted to exhaust her until she lost her patience before they decided to proceed with the real deal.

“Jojo, stay in the car and don’t move. I will go in by myself.” “Mommy, I’ll go in with you.”

“No!” Selena refused very sternly. She already felt that she made a wrong decision by bringing Joaquin out, so she must not allow her boy to risk his life by going in with her.

“Listen, Jojo, you’re too young. I have the ability to protect myself, but you don’t. I know you’re worried about Juniper too, but you’re still too young, understand? If you get caught by the other party, I will really feel hopeless.”

Joaquin lowered his head; he really wanted to grow up right away so that he could protect his sister and mother. “I understand.”

“I’ll give you the car keys.” Selena handed over the car keys to Joaquin. “I know that you recognize these buttons, and you know what they do. Our car has a great security system, so if there are bad people coming, you must not open the door. Just hide in the car. Count the time from now on, and if I do not come out in half an hour, you will call the police. Can you remember that?”

Joaquin nodded solemnly. Next, Selena looked at him and smiled gratefully, after which she took the box of money and got ready to head to the location.

“Mommy!” Joaquin suddenly called out to Selena, and as soon as Selena turned her head over, he kissed her on the cheek. “I’ll wait for you to come back.”

“Okay, I will definitely come back.”

When Selena got out of the car, Joaquin pressed the button on the car keys. After this button was pressed, no matter what the people outside did, the people inside of this car would be safe.

After that, Selena carried the box step by step toward this abandoned factory. Joaquin quickly opened his computer and began to scan the nearby area. Since he started learning from Pollux, his skills had been developing. Moreover, his computer had also been retrofitted with many extra programs that contained more functions.

Cautiously, Selena arrived at the entrance of the factory, but no sound could be heard inside. Next, she started to become alert. “Is anyone there?” Selena asked. The sound echoed in the empty factory building, and her voice seemed to echo back at her.

Suddenly, the lights came on! In the middle of the factory building, Selena saw Juniper tied to a stool. Juniper was gagged, and she didn’t move a muscle as she looked at Selena.

“Juniper!” Selena was just about to rush over when she heard an admonishment.

“Don’t go over there, or you will both be blown up!”

Then, a smile appeared on Juniper’s face, but Selena couldn’t understand why she was smiling...

After such a traumatic event, she should be crying out in fear, so why was she smiling?

“What exactly do you want? Let the child go now!” Selena yelled in anger. But the enemy was in the dark, and she was in the light, so she did not dare to act rashly. She could only check every hidden corner of the place little by little, hoping to find a clue. As for the other party, they were still using a voice changer.

“Did you bring the money I asked for?”

“I did.” Selena raised the box in her hands. “All the money you want is here, so let my daughter go! Otherwise, you won’t get a single penny!”

“Hahahaha...” The other party laughed. “Selena, you are too naïve. What I want is not only money but also your life!”
