

Baby alliance: helping daddy get a rich mommy chapter 740

Selena's heart tightened. "There is a dagger on the floor in front of you. If you want me to let your daughter go, pick up that dagger and kill yourself, otherwise I won't let her go!"

Selena looked down and saw that there was indeed a dagger right in front of her, and that dagger looked incredibly sharp at first glance.

"I have no feud with you, so what do you want my life for? If you obediently take the money and go, maybe you can still keep your life, but if I die, things won't be so simple." The expression on Selena's face suddenly became very indifferent as she scanned the entire factory premises with the corner of her eyes.

"Come out, Linda!"

The other party was obviously startled, not expecting her to be able to guess who they were.

"Sure enough, I guessed it right! So, you're not dead!" When Selena noticed the other party not saying anything, she confirmed her guess. At this time, she had also seen the smile on Juniper's face. Juniper and Linda's relationship had always been very good, and from the time she was still in Yucaria, she should have realized that Linda was still alive!

At that time, she didn't take what Juniper said to heart. How careless of me!

"Well, since you already know who I am, then this game becomes even more interesting." Linda still did not appear, but she no longer used the voice changer. Instead, she used her real voice to face Selena.

"Come out!"

"Haha, go out? Go out and do what? Selena, it doesn't matter if you know who I am. Since it just so happens that you already know, I'll open up and tell the truth. I actually don't intend to take your money at all. What I want is your life!"

"Do you hate me that much? I've been good to you too! Look at Juniper. She trusts you so much! She thought it's a game even until now!" Selena yelled indignantly.

"Think about it! How have Juniper called you Miss Linda all the time?"

Selena did not feel that there was any deep hatred between herself and Linda though. "If you want to hate, then hate Hades. He was the one who wanted to kill you, not me!"

"You should stop confounding yourself. If it weren't for you, Hades and I would have been together long ago, and he wouldn't have wanted to kill me because of you!" Linda yelled angrily as she tried to calm herself down. "Don't waste any more time, Selena. There's a bomb tied under Juniper's stool, so if you don't just die, I'll send you both on your way together! Hurry up! Stop dawdling!"

Selena squatted down and finally saw the bomb under Juniper's stool. That bomb was lit up with a red light that was flashing on and off. "Linda, do you really want me to die that badly? Even if I die, Hades will not be with you! Furthermore, I won't be with Hades at all because the man I love is Pierre!"

She was still trying to find Linda, but unfortunately, she didn't find out where Linda was hiding even after her eyes hurt from looking around the factory.

"No need to search because you can't find me, Selena. I'll count to ten, and if you don't die before that, I will detonate the bomb. Then it will be you dying together with your daughter!" Linda began to count down. "Ten, nine—"

"Wait! Even if I die, you have to let me understand why exactly you are doing this?"

"I'm not going to tell you. Hurry up! My patience has a limit. Either you die, or you and Juniper both die!" Linda was obviously a little impatient. She could not wait for Selena to die right away and did not want her to delay any longer.

Just at this time, there was a sudden sound of hurried footsteps, and soon a group of people quickly occupied the factory. Finally, Pierre swaggered in and shouted, "Get out and face me right now! Perhaps I'll have mercy and spare your life!"
