

## The Baby's Mother Need Love by hika Chapter 3

That eye is brimming with discouragement.

His sensational and amazing air and his remarkable and honorable personality nearly made one sink into insensibility with a solitary look.

At the point when he peered down, maybe everybody was just about as low as residue before him.

The tall shadow of the man slowly enveloped Jessie.

Outrage and outrage transformed into outrage, consuming inch by inch in her chest.

She gritted her teeth and stayed up with power, slapping the man.

The man's 1.9 meters tall body just made a slight stride back before her palm fell vacant.

He scoffed. "You need to play? You tracked down some unacceptable individual!"

As he talked, he got a check between his long fingers, given it to her, and extricated his fingers.

The check daintily brushed past her face and fell into her uncovered arms.

The man snatched the dark suit by the side, fixed his long legs, and strutted off.

"Bastard-" Jessie was hysterical.

However, Alex's back had already disappeared from the door of the suite. . .

When she returned home, the sky was already bright. Jessie did not know how she managed to persevere and return home.

Her entire body seemed to be in pain, but it also seemed like she had already become numb to the pain. As a result, she could not feel the pain anymore.

From afar, she saw Mike's car parked at the gate. They seemed to be throwing something out of the house.

She quickened her pace and ran over. She saw that the things they threw out were all hers.

Linda and Mike separated her clothes and threw them out again. Even her undergarments were exposed.

Jessie's house was a civilian house in the suburbs. The neighbors were all around her. At this moment, those who liked to watch the show were all watching the show from not far away.

"What are you guys doing?" Jessie shouted in embarrassment and hurriedly bent down to pick up the clothes and books on the ground.

Mike's face turned cold when he saw her. He did not say anything and continued to throw her luggage outside.

"What are we doing?" Linda threw a set of red undergarments and underwear on Jessie's head again and sneered, "You are shameless. You are divorced and you are still staying at our house. What can we do? We can only suffer losses and be the porters. We will throw away your things!"

"This is your house?" Jessie did not even bother to pick up the things and stood up with her eyes wide open. She pointed at the house and shouted, "Look clearly! This house is mine. I bought it with my own money! My name is on the property deed alone! I bought it before I married your son!"

If she hadn't seen it with her own eyes, she wouldn't have believed it. Mike was worth hundreds of millions now, and he wanted a divorce. But he was so ruthless that he even wanted to take away her home.

“Your house? If not for you taking my son’s money. . . You think you can afford this house by yourself?” Linda shouted louder than her.

She turned the wheelchair around and ran to the door to lie to the crowd. She started to make a scene, “Look, everyone. She is an ungrateful person! You must learn to be smart. You must not marry a heartless person like in our family. This lowly person. . . She has provoked my son at such a young age, and she is still trying to seduce others. It was because she seducing other men everywhere, Her health was already bad. She had not given birth to a child for our family in seven years, and now my son is going to get a divorce. She still wants to split our house, she’s shameless. . . “

Jessie did not expect her to be so good at making up stories. She was so angry that her lungs were about to explode, “It was clearly your son who cheated first. He was with another woman in front of me. You even framed me. Do you want to be shameless?”

“We framed you?” Linda usually even had to order Jessie to pour a glass of water. At this moment, the wheelchair was very convenient for her to use. She immediately turned the wheelchair in front of Jessie.

Without waiting for her reaction, Linda forcefully pulled Jessie’s collar. She shouted even louder, “Neighbors, quickly look at this woman’s neck. She must have had a relationship with another man. She didn’t come back last night, and my son didn’t even see her face. She must be fooling around outside. They’ve been married for a few years. My son was busy, and she saw that I was paralyzed. I was useless, so she tried to torture me every day. She often doesn’t go home at night. When she came back, she had a disgusting smell all over her body. I used to think that this is, after all, a scandal in our family. I can’t tell outsiders. I was angry, but I didn’t dare to say anything.” Linda’s voice was loud and soft. She acted very happily.

Jessie’s neck was indeed full of red stains and bruises.

When she left the hotel earlier, her soul was in a daze and she did not notice these things at all.

At this moment, it was already too late for her to cover it up even if she wanted to.

The people by the side also saw it, and began to criticize her non-stop.

“I can’t tell. She looks quite proper. I didn’t think that she would be such a person.”

“This is a dog that bites but doesn’t bark. She looks pure on the surface, but deep down, she’s a slut.”

“She’s not satisfied with having such a handsome superstar, hubby. She even went out to seduce other men.”

“Celebrities are all very busy. There was a person called Rolland on the news a while ago. She also cheated on her celebrity, hubby, behind her back.”

. . .

Linda was proud and resentful.

When Jessie bent down just now, the purple marks on her neck were very clear and Linda used this excuse to scold her. She did not think that this lowly woman really had a relationship with another man!

Thinking about how many times she cheated in the past seven years, her son’s head became a cuckold, she gritted her teeth even more hatefully.

But luckily, she was able to drive this woman away very soon. She wanted to make this woman unable to get a single cent!

Mike also saw the thing on Jessie’s neck. His face was very dark. He looked at her with sharp eyes like a knife. He walked over and threw a divorce certificate at Jessie’s feet.
