

《Billionaire CEO Won't Leave》

Chapter 100

Er, Bai nianxi stops. Is that to have dinner with her?

That's not very good. After all, people have come to the office to look for him.

Kangmo stood up and looked at Xiangmu Rushuang, "vice president Mu doesn't have lunch?"

Mu Rushuang said with a smile: "eat, let's eat together."

With that, mu Rushuang bent slightly toward Bai nianxi and said: "let's go, Bai assistant."

The tone is a little playful. I can't hear anything unhappy at all.

Three people eat together in the company canteen.

These three people walk together, it can be said that they earn enough eyeballs. Those who can see the three people in Kangmo north, their eyes all fall on them.

Kangmobei is walking in front. Bai nianxi and mu Rushuang follow kangmobei left and right.

Bai nianxi felt a little unnatural and quietly opened the distance between Kangmo north and Bai nianxi.

Unexpectedly, kangmobei's eyes seem to grow in the back of his head. Bai nianxi slows down, and kangmobei slows down. Bai nianxi pulls aside slightly, and kangmobei follows.

In this way, Kang Mobei and Bai nianxi formed a camp, separated mu Rushun on one side.

There's no way. Bai nianxi can only turn to Mu Rushuang again.

After dinner, the three found a place. Kangmobei sat down first. Bai nianxi went to the opposite side of kangmobei and sat down. He thought about it a little, and then sat

down diagonally opposite kangmobei.

We've got a seat right across from Commodore north.

Her meaning is obvious.

Looking at Bai nianxi's action, mu Rushuang was stunned for a moment, and then sat down on the opposite side of Kangmo north. There was no one sitting on the opposite side of Kangmo north.

She can always grasp the degree of things very well, and will never be annoying.

The company's employees are very conscious to avoid this piece, from a distance, like a stable iron triangle.

Bai nianxi silently dials the food in the dial. She can feel the searching eyes of the people around her. She is somewhat unnatural.

Anyway, let's fill up first.

This meal, commobei eat calm and natural, mu Rushuang is also elegant and calm in the end, only she, tasteless.

After dinner, mu Rushuang did not follow Kang Mobei back to the president's office. When the elevator reached her floor, she went out.

Before leaving, he smiles at kangmobei and bainianxi.

It seems that she really just came to visit conmobei for a meal.

Sure enough, the true beauty of Bai Fu is that she will keep a good and elegant posture at any time.

Bai nianxi sighs in his heart that no matter how you look at it, mu Rushun is more suitable for kangmobei.

"What do you sigh for?"

When the elevator door closed again, conmobei opened his way without squinting.

Bai nianxi looked up and saw that he didn't look at him. He couldn't help but wonder. First, did she just sigh? Second, how did he know she sighed?

But still heartfelt sigh: "sigh, what is competitiveness."

It's really hard for a girl like mu Rushun not to be loved.

The elevator door opened with a sound of Ding, and conumber led out first with a slight pause.

"Do you know what core competence is?"

Bai nianxi stops curiously.

"I am," he said

Huh? Recently, komorbei is really more and more fond of saying some inexplicable words.

Bai nianxi's cover design work has come to an end, and the rest is the coloring work. Although she still doesn't know what the above idea is, she is very confident in her work.

In the afternoon, mu Rushuang brought afternoon tea, but not in person, but by her assistant.

However, this is considerate enough, and the sense of distance is just right, so precise that people don't feel tired at all, just sigh for her meticulous and considerate.

Smelling the sweet smell, Bai nianxi's stomach was tumbling.

Aware of the difference of Bai nianxi, Kang Mobei raised his eyes from the file pile, "what's the matter?"

Bai nianxi was about to shake his head. He felt the urge to vomit again. He went to the bathroom and vomited. He vomited fiercely and his eyes were red.

After stopping his work, conumber came up with him and said, "you..."

Bai nianxi reached out to stop him and motioned him not to come near.

Kangmobei was standing at the door, looking at it with deep eyes. An idea suddenly flashed in his mind, which shocked him.

Hidden in the words of joy is not easy to detect, "you, is not pregnant."

Bai nianxi is about to throw up on the toilet. After hearing this, he struggles to raise his head from the toilet with a complicated look.

This is really a very bad and possible guess.

Kangmobei called the doctor. In the ten minutes before the doctor came, Bai nianxi almost got into the toilet. The doctor gave a diagnosis of food poisoning.

As Bai nianxi breathed a sigh of relief, Kang Mobei also seemed to breathe out, but he couldn't say what it meant. On the contrary, it seemed that his expectation had failed.

It turned out that the beans in the company canteen were not cooked at noon, but fortunately, there was no other food poisoning in the whole company except Bai nianxi.

It seems that everyone is very alert not to eat, only Bai nianxi at that time that kind of tasteless situation, the plate of half cooked beans to eat clean.

Bai nianxi vomiting is really a bit severe, was directly sent to the hospital by kangmobei.

Because the central hospital is not far away from the company building, conmmobei didn't try to transfer Bai nianxi to his private hospital.

Bai nianxi had some serious vomiting and diarrhea. He tossed about until the afternoon. After the inspection, Kang Mobei rushed back because a company was going to hold a high-level meeting.

Bai nianxi stayed in the hospital alone, lying on the bed to rest. After a sleep, he felt better, so he got out of bed and walked around.

On the corner of the hospital, I met a man.

It's Wu Ling.

Her legs still look very serious. She is walking out of the staircase with some food in her hand. It seems that she should go downstairs to buy food.

There are still some bruises on the face, which seem to have been beaten.

Wu Ling also saw Bai nianxi. First, he was surprised. After seeing Bai nianxi's medical suit, he pulled out a resentful and sarcastic smile, "will you have this day?"

Bai nianxi wondered, "which day?"

Without answering Bai nianxi's words, Wu Lingding looked at Bai nianxi with an indelible hatred in his eyes. "Maybe this is retribution?"

Realizing what Wu Ling said, Bai nianxi said with no expression: "maybe I'll let you down. I'm just pulling my stomach."
