## Chapter 11

Before Bai nianxi spoke, kangmobei already gave a smile, put the pills Bai nianxi should take into his mouth, put a big mouthful of juice on his head, and then threw the cup away. There were several sounds of broken glass.

A burning eyes step by step approaching, a step after step slowly back.

Until there is no way to retreat, conmobei suddenly reaches out a hand, grabs Bai nianxi's head and presses it to her side, forcing Bai nianxi to raise her head. Then, under Bai nianxi's shocked gaze, she kisses her lips and gives her all the juice and pills in her mouth.

Bai nianxi Gulong gulong, swallowing, a lot of juice left from Bai nianxi's mouth, flowing through the neck, has been dripping into the deep clavicular fossa.

With the meaning of punishment, he licked the juice left by Bai nianxi's mouth, and his eyes were dim. "If you go on a hunger strike, I'll feed you like this in the future."

It seems that the shock brought by Kang Mo's action is too big. Bai nianxi stands speechless, with a solemn expression.

Kang Mo North satisfied smile, Fu in ear way: "still dare?"

In order to prevent Bai nianxi from escaping, kangmobei set up several layers of guards inside and outside the hospital to escape? I can't get out.

Hiding? With Lolo, the unlocking genius, no matter which room she locked herself in, she was always pulled out in less than five minutes.

What's more, it's the way conmobei dealt with her hunger strike.

Soon, Bai nianxi admitted his life. In addition, a few days later, his anger dissipated. It was only three months, and he could endure it.

If she doesn't agree, how will kangmobei attack the Jiang family at that time.

She said earlier that she owed the Jiang family.

Bai nianxi finally accepted the agreement of forced buying and forced selling, with only one request. After all, she is not Luo Luo's biological mother, and Luo Luo can no longer call her "Mommy."

For the long-term happiness in the future, Lolo reluctantly agreed.

After almost recovering, Bai nianxi came to Kang's home under the escort of Kang Mobei and Luo Luo.

Bai nianxi of the Kang family has been here once, and it's not as strange as before. After all, they will live here for three months. Kang Mobei takes Bai nianxi, and Bai nianxi leads Luo Luo. Three people walk around the house for several times, and finally stop in a room.

"This is Lolo's room."

Bai nianxi pushes the door and goes in. He finds that the room is completely out of line with Luo Luo's age. The bookcase specially made for Luo Luo is full of books, and there are small stools under it. The sheets, quilts and curtains are all dark gray. There is no childlike innocence.

Don't feel in the heart belly Fei, Kang Mo north this is what taste?

"Later, you will live here."

"Live here?" Bai nianxi is a little strange, "sleep with Lolo?"

"Otherwise?" Conmber slightly picked eyebrows, "sleep with me?"

Bai nianxi said: "I'd better sleep with Lolo. It's good to sleep with Lolo."

The implication is that you can't sleep well with him?

Lolo jumped and danced happily on the ground, cheering: "Lolo will sleep with mommy later! Sleep with Mommy

Seeing Bai nianxi's look, Luo Luo immediately said, "sleep with Xiao Xi, Xiao Xi, hee hee."

All right, as long as it's not Mommy, I'll follow Lolo.

The first night I spent with Lolo was surprisingly calm. I didn't imagine Lolo's terrible nightmare attack. Lolo just curled up in her arms and slept very well, so that when she

was awakened by his father the next day, she was very dissatisfied with her.

Today is just the death day of the Kang family's old master. After waking up Luo Luo, Kang Mobei takes Luo Luo to the family cemetery to sweep the tomb, leaving Bai nianxi alone at home.

Nestled on the sofa, Bai nianxi was absorbed in reading, and didn't notice that someone came in from the door.

It wasn't until the visitor came to Bai nianxi and stood condescending, conveying a kind of oppressive momentum that Bai nianxi noticed that the person who was coming was a woman who was very graceful in dress, revealing noble spirit all over her body.

Kang Youqin looked at her from the top down. Her eyes painted with delicate eye makeup showed deep dissatisfaction.

Being able to freely enter and leave Kang's home, Bai nianxi guesses that the woman in front of her must be extraordinary. Looking at her eyebrows carefully, it seems that she is a little similar to Kang Mobei, but although she is well maintained, she can still see that she is a little older.

Bai nianxi closed the book in his hand and stood up from the sofa. He asked politely and respectfully, "who are you?"

"Me?" Kang Youqin's Phoenix eyes narrowed slightly. She seemed to be very surprised that Bai nianxi asked this question. After the surprise, she felt a strong dissatisfaction, "don't you know me?"

"....." Do you have to know her?

"New?" Kang Youqin's posture is elegant, but she looks at Bai nianxi with scorn in her eyes. Does the maid look good?

He stretched out his hand and gently pulled the book in Bai nianxi's hand. Then he picked it with his fingers. The book was lazily thrown on the ground by Kang Youqin. Bai nianxi was inexplicably surprised by Kang Youqin's action. Unexpectedly, this woman was so arrogant. After throwing the book, Kang Youqin put her arms around her chest, and a proud smile came from the corner of her mouth. How can she do if she doesn't give up her new servant?

Looking at the stunned Bai nianxi, Kang Youqin thought that she was frightened by her own momentum, and then she looked satisfied. She gently picked her finger and pointed to the direction of the kitchen, "go, pour me a cup of tea."

Looking at herself, Bai nianxi found that she was still wearing a maid's dress. When she was making a fruit salad in the kitchen, she asked the maid for an apron, but she didn't have one at home, so the maid brought her a maid's dress.

Bai nianxi reflected that this woman regarded herself as a servant of Kang family?

"This lady, you are mistaken..."

A maid came out from behind. Hearing their conversation, she hurried over and bowed to Kang Youqin 90 degrees. "Aunt Kang, are you here?"

"Well." Kang Youqin snorted coldly, pointed to Bai nianxi and said, "who recruited this servant? Give it to me. "

"Aunt Kang." The maid looked a little embarrassed. She took a look at Bai nianxi and explained, "this is not a servant in the family. It's the psychological counselor that Master Kang invited for him."

"Counselor?" Kang Youqin's face was a little ugly. I didn't expect that this woman was not a servant, but was invited by Kang Mobei. Didn't Kang Mobei never bring a woman home?

After all, Kang Youqin is used to being arrogant and domineering in Kang's family. He dotes on her again and develops a character of fearlessness.

But now the leader of the Kang family has become kangmobei. Kangmobei is decisive and has a very good hand. Although she is kangmobei's aunt, she can't help but be afraid when facing kangmobei.

But there was no one else except kangmobei who could restrain her a little. At this time, kangmobei was not there, so she had to do her best.

"What about counselors? Isn't it the Kang family who paid for it? " Kang Youqin sniffed, "since you took the money from the Kang family, it's the servants of the Kang family. What's the difference?"

"
