

《Billionaire CEO Won't Leave》

Chapter 111

Bai nianxi, with a thump in his heart, put down his wine cup and went forward.

"What's the matter? Have you got a stomachache again The sound is soft.

There was a cold sweat on his forehead and he nodded.

Bai nianxi screwed her eyebrows, remembering that after going home tonight, kangmobei went back to her room to have a rest before having dinner. How can her stomach ache be cured if her diet is so irregular?

There was no extra expression on conumber's face. Except for his lips, he could not even see that he was suffering. He was used to forbearance.

He went to the table and poured himself a glass of water. He was just about to drink it. Bai nianxi stopped him and said, "this is cold water."

How can stomachache drink cold water?

"I'll make you some hot water. You wait a moment."

Kangmobei takes a secretive look at Bai nianxi. Sometimes, he can't understand this woman.

She seems to be concerned about him, seems to see him, the mood is happy, but she is not willing to stay, not willing to tell him that she loves him.

Five years ago, and five years later.

Thinking about it, the look in his eyes became deeper. Kangmobei felt ridiculous for his affectation. Maybe when he was sick, he was weak with his heart.

However, after a long time, the water had been cooked. Bai nianxi poured a cup of hot water with just the right temperature and handed it over.

Conmber took it and was about to drink it. Suddenly, two small pills appeared on the palm of his hand.

Ask with the eyes: what is this?

Bai nianxi understood, "stomach medicine."

Stomach medicine?

Kangmobei hesitated for a moment, took the pill in Bai nianxi's hand, put it in his mouth, and then drank a mouthful of hot water with him.

"When did you buy it?"

I don't know if it's an illusion. Bai nianxi always feels that since she handed the medicine to Kangmo north, there seems to be a spring water in her eyes, and the dark is also bright.

"This morning." Bai nianxi thought about it and made clear the specific time, "after you left, I went to the drugstore to buy it."

"For me?"

"Otherwise? Who else can I buy it for?" Bai nianxi thinks that Kang Mobei's question is unreasonable. If it wasn't for his stomachache, why would she buy stomach medicine?

Just as she finished, it meant something was wrong, because conmber looked into her eyes as if there were thousands of stars - it was too bright.

"Well, I'm looking at your stomachache..." Bai nianxi explained.

Found or wrong, and said: "stomachache do not take medicine, bad for the body."

.....

"As an assistant, it's also right to care about the boss's health..."

Bai nianxi doesn't know what her attitude is. In her memory, she is a person with monotonous emotional experience. There are only two men involved, Lu Yichen and Jiang zhiang, and she is not in love with them.

She will also care about them, and never stingy of their own expression, but to conmber, but for fear that he misunderstood something, even if she is really out of

concern, also don't want to let him know.

Kangmobei looked at Bai nianxi, and the smile in the corner of his mouth became deep. "No matter what reason you find out, as long as you buy this medicine for me, I will be happy."

“.....”

After taking the medicine, kangmobei seems to be much better in both body and mood. He has to go back to his room to sleep with Bai nianxi.

Bai nianxi found that kangmobei did nothing but sleep quietly beside her, which made her feel at ease and warm.

Because of taking stomach medicine, the stomachache was relieved for a while, but it still had a dull pain all the time.

Kangmobei didn't show it, but listening to his deep breathing, Bai nianxi still felt it. He caressed kangmobei's chest with one hand, and the temperature was very hot.

"It still hurts?"

Bai nianxi whispered in his arms, with a gentle voice.

Kangmobei opened his eyes and looked at Bai nianxi, "EH."

Bai nianxi thought about it, but she put her hand on it. Her hand was very soft and tender, covering kangmobei's stomach, bringing a burst of warmth.

The action on the hand is gentle and soft. Bai nianxi begins to massage kangmobei slowly to relieve his pain.

Kangmobei's eyes are darker.

"What am I doing?" Bai nianxi noticed that kangmobei was staring at her, and her face turned red.

"Very comfortable." The breath from conumber is shallow.

Is this a compliment on her skill? Perhaps because of the praise, Bai nianxi's mouth also unconsciously raised.

"With whom?"

Well, has the focus of conumber always been so peculiar?

Bai nianxi continued to knead, and the voice of reply seemed a little small, "zhi'ang often has stomachache too..."

The eye color of Kang Mo north is deeper, didn't speak, closed eyes, concealed the mood in the eye. The voice is very light, but it makes people feel numb in their ears. "Later, don't press it for others."

Commo North slightly close, spray over the breath is more hot.

The voice is low and charming, "I'll be jealous."

Because of the plagiarism storm, kangmobei becomes extremely busy. Bai nianxi takes time to take out her mobile phone and peek at the news on the Internet. There are still many people scolding her, but the wind turns from plagiarism to private life.

Most of them are once Yansheng's fans, and their hatred for her is very obvious.

With a sigh, it turned out that he had so much trouble with such a big star as Yansheng.

Kangshi group has developed a new villa area in the west of the city. The villa area has been completed and will be on sale soon. This morning is the ribbon cutting ceremony of the villa area.

Such a small activity, kangmobei didn't need to go at all. I don't know why kangmobei came here with Bai nianxi.

After a night's rest, kangmobei has returned to its original brilliance. Standing there, it is still the focus of the crowd.

The president who cut the ribbon saw that Kang Mobei appeared. He was surprised and then came forward with a smile, "Mr. Kang, how did you come here?"

"Well, come and have a look." In a few words, it has already sent out the endless power of the superior.

"Then you..." The boss took a look at the ribbon on the stage. The ribbon cutting ceremony is about to start. Now it should be on stage.

Originally, he was the leader here, but conumber suddenly appeared. How dare he stand in the center of the ribbon cutting ceremony platform again? Naturally, if you want to come, please come first.

But he didn't plan to go on stage at all. "Just hold it as usual. I just came to have a look."

"This..." The boss was in a bit of a dilemma on his face. However, since Kang Mobei spoke, he was not easy to ask again.

"Did you come here just to watch the ribbon cutting ceremony?" Bai nianxi is a little curious. If he just comes to have a look, isn't it necessary?

Didn't he know how cold he was, so cold that people would shiver at a glance?

Did you come here to find trouble for your subordinates?

Kang Mo North glanced at Bai Nian Xi, "of course not."
