

Billionaire CEO Won't Leave

Chapter 115

Beckon the cook to serve.

Even the dishes are resplendent and rich.

"Oh, by the way, Sili, did you go to see the girl I introduced you to last time?" Qi Zhiwei cuts the steak.

"Well." Moussili nodded, with a polite and alienated smile at the corner of his mouth.

"What's the impression?"

"Not bad."

"Is it?" Qi Zhiwei stopped, and his good-looking eyes glared at Mu Sili, "which girl has a good impression?"

Musi Li still nodded with a smile, "all good."

Qi Zhiwei hummed softly, just like a very thin syllable coming out of his throat, so light that people can't hear it.

"Your father entrusted me to arrange the blind date for you. The girl is the daughter of a partner of our company. She has a good family background and looks. She is worthy of you."

"I heard that you never went on a blind date. I'm very happy for your father. Unexpectedly, you took two other girls with you."

"It's said that the four of you have a table together. Do you want to play mahjong with other girls?"

Mu Sili's head lowered, and the smile on his face remained unchanged. "Aunt Qi, do you know all about it?"

"Of course I know." Qi Zhiwei's face is noble.

In fact, Bai nianxi doesn't have much to eat. Therefore, Bai nianxi has been listening attentively to the conversation between Qi Zhiwei and Mu Sili.

When she heard that Musi Li was taking two girls to a blind date and just had a table of mahjong, she stifled the impulse to spray out the food in her mouth.

Conmber was as expressionless as he didn't hear.

Mu Rushuang should be used to the style of Mu Sili, and his behavior is no different.

Qi Zhiwei puts his eyes on Bai nianxi, but what he says continues to say to Mu Sili.

"Auntie does not prevent you from making friends now, but you should make clear your identity. You are the future leader of the Mu group, and you should be clear about your responsibilities and responsibilities."

"Now you can make fun of it, but when it comes to marriage, it's totally different. Your spouse must be a woman who is worthy of you."

"No, any dog or cat can stand with you."

Muse from the original raised mouth slowly flat, these words, Qi Zhiwei where is said to him.

It's just to Bai nianxi.

Bai nianxi's action of cutting the steak slowed down until she finally stopped. How could she not understand the meaning of Qi Zhiwei's words.

"Mobei, do you think so?"

Kangmobei gently raised his eyelids and looked directly into Qi Zhiwei's eyes, "is it right or not, what does it have to do with you?"

"Mo Bei, do you know? You are like me Qi Zhiwei didn't get angry. He just raised the corner of his mouth, as if in memory, and continued: "if I had known this truth, then you wouldn't have no mother for so many years."

The action in his hand finally stopped. The knife and fork in his hand seemed to fall on the plate without any force. He didn't hold it high. The knife and fork fell down and didn't make a big noise.

Just a slight sound, but as if with endless penetration, spread throughout every corner of the banquet hall, buckle in everyone's heart.

The voice, like full of forbearance dissatisfaction.

"I've seen Miss Bai's news these two days." Qi Zhiwei also learns from Kang Mobei to put down his knife and fork and formally turns the topic to Bai nianxi.

"I didn't expect that Miss Bai was young, but she went through a lot of storms."

I mean, she's in a lot of trouble?

"I noticed Miss Bai's family and found that your family atmosphere didn't seem very good?"

If it's aimed at someone, it's necessary to take a knife and poke it straight to the most painful place in that person's heart. I think Qi Zhiwei knows this very well.

Bai nianxi's face turned white imperceptibly, and the corners of his mouth tried to pull out a smile that didn't seem to care, "well, it's not very good."

"Why?" Qi Zhiwei seems to be very confused, "I heard that you even spent 240000 buyout money to buy out the relationship between you and the Bai family?"

"Miss Bai is so simple and lovely. She is related by blood. How can she buy it out with money? Legally, we don't support Miss Bai's actions, do we

The money was not put forward by Bai nianxi, but by the Bai family. It was the Bai family who threatened her first, and she was about to die a little bit. At last, they offered to buy off the relationship with her with 200000 yuan, promising never to come to her again.

How could she not know that the money could not buy out the blood relationship between her and the Bai family?

What she bought out was her own thoughts, her expectation of the so-called home.

However, she was wrong. Many years later, she remembered that the money not only didn't let her down, but also became a scar in her heart. What Qi Zhiwei is doing now is tearing open her bloody scar.

"Auntie Qi, try this." Mu Rushuang handed over a plate of exquisite dim sum and put it in front of Qi Zhiwei.

Qi Zhi smiles a little and looks at the admiration in his frosty eyes.

At this time, she is still helping Bai nianxi out. This child is too kind.

There is no smile on the faces of commobei and musili. Musili's face is dignified, while commobei's face is frosty.

The fist under the table was clenched tightly. Bai nianxi breathed out a long breath and said, "aunt Qi, this is my family affair and also my private affair. I don't like to talk about it in front of people."

"Miss Bai means that I have violated your privacy?" Qi Zhiwei's momentum finally rose.

Kangmobei is trying to answer for Bai nianxi, but he hears Bai nianxi spit out a word in his mouth.

"Well."

At that moment, Kang Mobei was also stunned. He suddenly found that this woman was stubborn to the extreme sometimes.

Apart from Kang Mobei, no one dares to face Qi Zhiwei like this. Qi Zhiwei smiles angrily and says, "well, originally I thought that as Mo Bei's mother and you as the people around Mo Bei, it's not too much for me to talk about these things with you."

"Sure enough, with a family like Miss Bai's, it's not surprising that Miss Bai has her present character."

Qi Zhiwei really hit Bai nianxi's pain, and he didn't know where he had the courage. Bai nianxi even said with a smile: "in aunt Qi's opinion, what am I? "Who is next to Mr. Kang?"

"You don't even want to give me the title of Mr. Kang's girlfriend, but now you have to comment on my privacy and family affairs as Mr. Kang's mother?"

Bai nianxi's strength at this time makes kangmobei's eyes a little deeper, and the look on his face becomes secretive.

"There is no tutor!" Qi Zhiwei's rebuke is directed at Bai nianxi.

"Enough!" Kangmo North anger way, eyes already filled with a faint dark fire.
