

Billionaire CEO Won't Leave

Chapter 123

Conmber and Lolo, by contrast, are much more comfortable.

Bai nianxi couldn't stand it any longer. He took off the mask on his face and took off the masks on kangmobei and Lolo's face.

Not that the air is bad? "

"Suddenly I feel fresh again."

.....

Kangmobei stares at Bai nianxi's face. His eyes seem to know everything. After a while, he said, "follow me to a place."

Kangmobei came to the riverside with Bai nianxi and Luo Luo.

The wind by the river is comfortable and the scenery is open. There are not many people coming and going, but there are also people who come for a walk, ride or drag racing.

So some stall vendors set up stalls here, some pushing freezers to sell ice drinks, some placing speakers and microphones to sell singing, and some looping, shooting balloons.

The atmosphere is leisurely and not cold. It's just right for Bai nianxi.

There are vendors standing there, surrounded by many lovely yellow landscape bicycles. Bai nianxi thinks it's just right for today's activity plan.

Without waiting for Bai nianxi to speak, kangmobei takes the lead in the past, and Bai nianxi leads Luo Luo to come.

As soon as he saw the business coming, the peddler began to smile, "handsome man, beautiful woman, come and have a look at my car? These cars are new. They are all brand new. They are imported from Disney... "

"How do you sell it?"

.....

Bai nianxi helps the forehead.

With a glance at Kangmo north, Bai nianxi said with a smile to the vendor, "boss, how can you rent your car?"

"Twenty five dollars an hour."

Bai nianxi picked one eye in the car pile, "then rent two."

Two? Conmobei frowned slightly and looked at Lolo anxiously. "Lolo is still small. I can't ride a car alone."

.....

"I mean, I have a car with Lolo..."

Luo Luo hugs Bai nianxi's leg and hums to Kang Mobei.

"Hey, what's the matter? It's all family, isn't it?" The peddler's eyes were really comparable. At a glance, he saw the essence of the problem and pulled out a luxury parent-child VIP sightseeing bike. "This is enough for you to sit together."

As soon as he heard that it was a parent-child car, Bai nianxi waved his hand, "no, no, it's better to have two."

But he said, "how can I rent a parent-child car?"

"Forty dollars an hour."

"Good." Conmobei nodded and glanced at Bai nianxi, as if explaining, "it's a good deal."

.....

When is conmobei a man of value for money?

Kangmobei and Bainian Xifen sit on the left and right sides, Luoluo sits between them, and the three step on the riverside together.

When the breeze blows, he feels comfortable on his face. Little Lolo shakes his legs and shakes his head. He rubs against Bai nianxi and feels against Kang Mobei. He

really likes such a scene.

Commo north of the expressionless foot pedal, it is very serious, even in this case, he still looks noble.

Sure enough, some things come out of the bones.

There was a crackling sound from the roadside, which attracted Lolo's attention and cast his curious eyes.

It turned out to be a roadside stall set up by vendors, where someone was shooting balloons.

"Come and have a look. The boss has set up a stall for ten years. Today, when he shoots balloons, there is a third prize for ten, a second prize for twenty, and a first prize for thirty unique luxury gift bags!"

The boss is Hawking there. At this time, there are several people around the stall.

"What's that?" Lolo asked, pointing to his little finger.

Bai nianxi glanced over his head, with a gentle smile on his face, "do you want to have a look?"

Lolo nodded.

Bai nianxi turns the steering wheel, jumps out of the car and leads Luo Luo to the car. Kang Mobei follows him silently and walks slowly, as if nothing can affect him.

"Why, miss, do you want to have a try?" Bai nianxi's skin is very white, more beautiful in the sun, the boss saw Bai nianxi and surrounded him.

"Lolo, do you want to have a try?" Bai nianxi lowers his head and asks Luo Luo.

Lolo looked at the gun and balloon in front of him suspiciously and nodded.

"Boss, come here with a gun." Bai nianxi reaches out his hand, and his shape is full of sourness.

The boss also simply picked a gun and handed it over.

Bai nianxi waved his hand and pointed in the gun pile, "I want that one."

The boss was stunned at first, and then said with a smile: "Miss, the gun is very heavy,

you can't afford it. This gun is specially made for girls like you. It's more suitable for you."

"It doesn't matter if it's heavy, just hit it right." Bai nianxi's mouth is slightly raised and unrestrained. At that moment, Mingyan almost shook the stall owner's eyes, and turned to take the gun designated by Bai nianxi.

Bai nianxi wanted Lolo to have a try, but Lolo was too small, so he gave up the plan. Picked Luo Luo one eye, "baby, want what prize?"

"I'll take whatever Xiaoxi hits."

"Good baby." Bai nianxi leaned down and touched Luo Luo's small head. The smile at the corner of his mouth caught his heart.

Take out the rubber band, put his hair high bundle up, Lolo raised his head, eyes are looking a little crazy.

Today's Mommy, it seems that some are different, there is a special beauty.

Bai nianxi had a gun in her hand. The gun was much heavier than the one before. She weighed it in her hand first, and then adjusted the sight glass and grip once. The stall owner could not help beating a drum when he saw it.

It seems that the one I met today is still an expert.

After everything was ready, Bai nianxi raised his hands, put the gun on his chest, slightly lowered his head, and aimed at the target with his bright eyes.

The posture is very professional.

Kangmo North squints his eyes. His eyes are fixed on Bai nianxi's body. There is a faint light in his eyes.

The first shot started, and Bai nianxi quickly moved the wound again. One after another, the gunshots rang out. But in one minute, the 30 balloons pinned on the chopping board were blasted one by one.

There's no one left.

The boss's eyes widened. He couldn't believe it.

Bai nianxi put down his gun, let out a breath and relaxed his soft and sour arm.

"Boss, where's the prize?" She said with a smile.

Some of the boss wanted to cry without tears. Before he started to set up a stall for ten years, the first prize was taken away.

From one side, he turned out a box and handed it to Bai nianxi, "ah, your prize."

Lolo pushed her legs to look at what would be good.

Bai nianxi opened the box and found that it was a man's shirt, pure white.

"I bought it for over a thousand dollars." The boss said timely.

Because most of the people who come to shoot are men, and the good ones are no exception, so the prizes he prepared are also aimed at men.

Kangmobei looks at Bai nianxi with a smile on his mouth. He picks up his shirt and unfolds it in the air to shine on the sun.

Don't feel the throat knot rolling, comomo North eyes dim, stretched out a hand to pull the neck tie.

This woman is particularly attractive today.
