

# Billionaire CEO Won't Leave

## Chapter 135

After su Yihao walked in, everyone stood up. Bai nianxi also went in and found her own place to sit down. Then she knew that this man was su Yihao.

"Elena, is this your favorite painter?" After su Yihao sat down, he first asked the woman sitting beside him.

Elena nodded, "Miss Bai is the designer who designed the cover for the new products of Kang's group this time. She is also the close disciple of Mr. Abel. I am very optimistic about her strength."

Elena is the marketing director and vice president of Panasonic's China marketing department. The project of Panasonic's new fashion season in China will be handled by her.

Bai nianxi is what she likes. President Li invited her to come.

Su Yihao nodded, "I'm not very familiar with the domestic affairs when I return to China on the first day today. Just settle down."

"It's just that I don't have to say. We all know how important the early spring series of next year is for the Chinese market, and Miss Bai..."

Su Yihao turned over Bai nianxi's resume in his hand, "I didn't find anything extraordinary in her resume, or even very mediocre."

Su Yihao's unfeeling words made the whole meeting room quiet. You know, Bai nianxi is the one chosen by Elena, and we all know her position in the company these years.

What's more, when Su Yihao said this, Bai nianxi was sitting here upright. Isn't it difficult for him to say this face to face?

Elena sat there. After hearing Su Yihao's words, she looked calm and said, "does president Su think that all heroes should be judged by their resumes?"

Bai nianxi doesn't change her face from beginning to end. She listens to more difficult

words. Su Yihao's words are just a breeze in her ears. She likes to persuade others with her strength.

But it was Elena who surprised her. Elena not only chose her as the print designer of the early spring series, but also refuted Su Yihao at this time. In her words, Bai nianxi's maintenance is obvious.

Why is Elena so optimistic about her?

As soon as Elena's words came out, the faces of all the people in the room changed again.

To be able to sit here today, it's not workplace Xiaobai. It's all human spirits in the human spirits pile. How can they not hear the meaning of Elena's words clearly?

As we all know, Su Yihao was sent to Panasonic's China marketing department as the regional president today. To put it bluntly, he was parachuted. It's fine to say that Su Yihao's own resume has something extraordinary, but just like Bai nianxi, who was criticized by him, his resume has no full shining point.

When Elena said this, she was beating Su Yihao in the face.

I have to sigh that the women who come from the workplace are really not easy to provoke.

Su Yihao lowered his head and chuckled. "You're right. Resume is not the only factor. I said that this matter is up to you."

"If you take a fancy to Miss Bai and sign her as a designer, you're welcome. But if something goes wrong or the market doesn't respond well in the end, Elena, it's up to you. "

"No problem." Ignoring Su Yihao's threat, Elena nods and agrees without hesitation.

Therefore, Bai nianxi looks at Elena with new eyes. She is the most appreciative woman in the workplace.

"Now that it's settled, I have nothing to say." Su Yihao stood up and dropped a sentence, "you can do it by yourself."

Then he went out.

Everyone looks at each other. What does Mr. Su mean? Do you want to leave in the middle of the meeting?

After su Yihao left, Elena continued the meeting calmly.

The meeting lasted two hours. After the meeting, everyone left one after another. Elena left bainianxi.

"What else can I do for the director?"

Elena said with a smile, "it's OK. I just want to have a chat with Miss Bai."

A word?

Bai nianxi doesn't think that Elena will have the time to chat with her. However, since Elena has said so, she simply asks what she wants.

"I don't know why the director wanted me to be the designer of your company this time?"

Without directly answering Bai nianxi's words, Elena only said, "I've seen all the news this morning. I've always liked the painting" Jiuzhou landscape ". I didn't expect that it was written by Miss Bai."

"I hear that painting has been destroyed? It's a pity. " Elena sighed.

"It's no pity." Bai nianxi shook his head, "as long as I am still there, I can naturally create better works. The thief who has lost his inspiration and creativity is the most terrible."

When he said this, Bai nianxi's eyes flashed a touch of pain. How could it be that he said no pity, no heartache?

But she is also persuading herself not to regret.

"Well." Elena nodded. "That's what I think about Miss Bai very much." "Miss Bai may not know that we sent the agreement yesterday to the other three painters. Originally, we wanted to select the most suitable designer from you."

"It wasn't until I saw the news this morning that I decided that you were the final choice."

So it is.

Elena stood up and held out her hand to Bai nianxi. "I hope Miss Bai will live up to our expectations and let's create brilliance together."

Bai nianxi also stands up and holds Elena's outstretched hand.

After walking out of the office, Bai nianxi breathes out. Elena is really a good driver. In this way, she has added a lot of pressure.

This is not the point. After all, it's Bai nianxi's habit to do everything best. What she is more curious about is who Su Yihao is?

He knew her?

And, have a grudge against her?

Just thinking about it, a figure appeared in front of him. Bai nianxi's quick reaction stopped in time and raised his head.

Speak of Cao Cao and he will arrive.

"President Su?"

Su Yihao's face has no superfluous emotion. He pulls Bai nianxi into a corner.

"When did you come back?"

Bai nianxi raised her eyebrows slightly. "Does Mr. Su know me?"

This obviously made Su Yihao a little unhappy. He asked again, "you haven't told me when you came back."

"Then please answer me first. Does Su always know me?" Bai nianxi looks into Su Yihao's eyes directly, "otherwise, I can't answer Su Zong's private questions."

"If I say no?" Su Yihao's mouth raised a sneer, "don't you really don't know each other?"

"Of course." Bai nianxi did not hesitate.

She is now sure that Su Yihao knows her, but in her memory, there has never been such a person as Su Yihao.

Besides, he asked when she came back. Did he know where she had gone before?

Su Yihao sneered, "I underestimated your forgetfulness."

"It's just that you don't know me. Why go to Panasonic?"
