

Billionaire CEO Won't Leave

Chapter 139

Lolo is pushing a shopping cart that is several times bigger than others. Smelly daddy tells him that he wants to find Mommy and let him look at things there. He doesn't like it.

He's also coming to find Mommy Looking up, I just saw Bai nianxi not far away.

He put out two little hands and ran to this side.

Thinking that Lolo recognized her, Kang Xinyue bent down with a smile to get ready for Lolo's embrace. Unexpectedly, Lolo rushed directly to Bai nianxi's leg.

He rubbed his head against Bai nianxi's leg, "Xiao Xi - Xiao Xi -"

kangmobei also came to Bai nianxi and looked at the light red mark on Bai nianxi's body, "how is the clothes dirty?"

The words are totally different from the coldness when talking with Kang Xinyue just now.

The three people on the other side are as stunned as thunder. This woman, unexpectedly, actually knows kangmobei? And it seems that the relationship between them is still very close? So close that it's like a family?

Why?

Su Yihao's face is as ugly as choking. Bai nianxi comes to kangmobei's side?!

"Well, it's dirty." Bai nianxi takes a light look at Zhai Kexin.

Zhai Kexin can't help but shrink up. She knew that this woman had something to do with kangmobei, and she would not provoke at all!

"Who made it dirty?" Kangmobei had already noticed Bai nianxi's look just now. He just pretended not to know and asked deliberately.

If Bai nianxi was the only one, she could still hold on to others, but if Kang Mobei was

also involved, it would not be an ordinary small conflict.

"It's OK. I bumped it accidentally." Bai nianxi didn't want to cause too much dispute. He covered his clothes with his hands.

It's not as simple as a small matter if conumber goes to deal with it.

"Who hit you?"

"It's OK, a little misunderstanding."

"Is it?" Kangmo North raised his eyelids, looked at Kang Xinyue, and said faintly: "what about that slap just now?"

That look in the eyes is very light, but the chill in the eyes makes Kang Xinyue shiver.

"It's also a misunderstanding."

Since Bai nianxi's attitude is that he doesn't want to be investigated any more, kangmobei doesn't say any more. He goes to one side, pushes up the shopping cart and says, "let's go."

Of course, he also knew that Bai nianxi didn't want to embarrass him. After all, Kang Xinyue was his cousin. It would be too ugly to make a scene.

Bai nianxi, holding Luo Luo in his hand, followed him to the front. Before he left, he looked back at Zhai Kexin, "Miss, don't forget to pay for the chocolate."

Kang Xinyue clenched her fist and looked at the back of Kang Mobei pushing the cart away. Her eyes were unwilling and resentful.

She came back to China today, and kangmobei learned the news of her and Su Yihao's return at the first time. Her grandfather told him to go home for dinner, but he didn't go back, but he was here with a woman.

Even pushing her shopping cart! In the past, where would kangmobei condescend to take the initiative to do these things for a woman?!

After returning home, Bai nianxi began to wash vegetables and cook. Because Luo Luo was always hungry, she washed an apple for him and ate it first.

Conmobei turned on the TV, tuned to the science channel, rolled up his sleeves and went to Bai nianxi.

"What are you doing?" Bai nianxi was a little surprised.

"Help you," he said

Help her cook? When Bai nianxi was still afraid to imagine, kangmobei had taken the vegetables from Bai nianxi and put them under the tap to wash.

"Why on earth did you conflict with Xinyue today?" Commor asked as he washed.

Bai nianxi sighed and said the matter roughly. After that, the breath around him really sank.

After washing the dishes, he raised his eyes to see Xiang Bai nianxi. "Unexpectedly, he was quite arrogant."

"I think so, too." Bai nianxi nodded approvingly, "you didn't see that woman at that time..."

"I mean you," he chuckled

Ah?

"I'm just defending my rights..."

"Well." Kangmo North nodded, deep eyes into the eyes of Bai nianxi, "as long as you are not wronged."

"It's probably because I've been wronged so much that I've run out of patience." Bai nianxi's understatement is painful to hear from kangmobei.

"I've been bullied a lot before?"

"Not bad." Bai nianxi had begun to cut vegetables, and a bunch of hair hung down from her ears.

Kangmobei reaches out his hand to help her smooth it up, and his fingertips slide across Bai nianxi's face, bringing a warm and cool touch.

The action of Bai Nian's cutting vegetables on the eve of the Spring Festival stopped, and he heard Kang Mobei say in his ear: "if only you had stayed with me at the beginning, I wish you had."

Side head looks, "we, had been together?"

When he heard this, Kang Mobei's body trembled, and his fingers, which were still beside Bai nianxi's ears, were also frozen there.

Have they ever been together?No,

Before Lolo was born, she never wanted to be willing to stay with him. After Lolo was born, she left him alone and left him no trace.

He tried to find her, but it was all in vain. Bai nianxi was as clean and traceless as if he had disappeared from the world. He had been searching for her for three months without success.

He never thought how much he loved Bai nianxi. Maybe he just had a feeling that was hard to give up. He never thought that he could not leave her.

So, three months later, he accepted the result and never went to look for her again. At that time, he thought he had let her go.

But I didn't expect that five years later, this woman reappeared in front of him. She acted as if she had never known him or had ever had Lolo with him.

At that time, he realized that he had never let her go, but for a long time, he had restrained this kind of missing. If he didn't think about her, he thought he didn't think about her.

Kangmobei's eyes dim down, moved his hand, and the distance between Bai nianxi unknowingly opened a little.

Aware of the change of kangmobei, Bai nianxi also stops and looks at kangmobei. She can't understand his expression at the moment.

He asked, "have we ever known each other?"

Kangmo looked into Bai nianxi's eyes. There was only curiosity. She didn't seem to be pretending.

Deep way: "you really don't remember, or, don't want to remember?"

"It seems to be an acquaintance." Bai nianxi lowers his head and murmurs.

Wave the knife in the hand again, cut, just absent-minded, that cucumber slice is cut by her crooked.

It turns out that she and conbme really knew each other. But why didn't she remember?

Why doesn't she remember anything?

Kang Mobei, Su Yihao, Lu Yichen

How many memories did she miss?
