

Billionaire CEO Won't Leave

Chapter 142

Luo Luo jumped down from Bai nianxi's arms and took Bai nianxi's hand to walk out. "Xiao Xi, let's go. Don't stay here. They don't like you and I hate them."

Even Lolo is going to protect her like this?

Bai nianxi is still a little confused. He doesn't know how to face this situation, so he follows Luo Luo's pull and goes out. The housekeeper stands aside and doesn't dare to stop him.

"I have repeatedly said to my aunt, please respect Miss Bai. Maybe I have not been serious enough to make you aware of the consequences of offending her?"

"Mobei!" "How can you talk to your aunt like this! Are you threatening her? "

Conmobei nodded, "grandfather said it's a threat, it's a threat." After that, he stood up and said before he left: "you can decide what's going on at home. You can't interfere in my business any more."

Secretary Xing is still waiting outside. Seeing that Bai nianxi is pulled out by Luo Luo, she is slightly surprised. Is the dinner over so soon?

However, think about it, there is not a time when Kang always took the young master back to the old Kang's home. He did too much to leave when he patted the table in the middle of the meal.

It seems that the young master of the Kang family, a big one and a small two, was born out of tune with the other members of the Kang family.

Just now at the dinner table, Kang Liqing didn't say anything. After Kang Mo left North, he also stood up and went back to the room. The bearded and staring Kang Taiye and Kang Youqin were there.

Su Yihao's eyes are full of fierce color. Bai nianxi, what is his intention?

"Mr. Kang?" Secretary Xing asks for instructions from Kang Mobei in the rearview mirror.

Conmobei calm face, "the company."

Just as secretary Xing was about to turn the steering wheel, he heard Bai nianxi say: "century manor."

Looking at kangmobei in the mirror, he was in a dilemma for a moment. After hearing kangmobei, he finally decided where he was going.

Bai nianxi thinks that the villa in Kangmo North has a big place and enough space, which is convenient for fighting.

They didn't speak all the way. When they got home, Bai nianxi got out of the car first. Kangmobei also opened the car door and walked down with long legs. He said, "send Luoluo to the teacher."

Secretary Xing is stunned. Isn't the young master absent from class today?

"Which teacher?" he asked

"Any teacher." Como North tightly closed the door, stopped ready to get off Lolo, "as long as you have time."

Lolo in the car angrily patted the window, smelly daddy, actually left him alone!

With that, he went home without looking back. Bai nianxi had already set aside all the maids. She and Kang Mobei were the only two people in the empty mansion.

"What do you mean by what you said today?"

"Didn't you hear all that?" Conmber put his hands in his trousers pocket.

"I want to hear it a third time." Conmber rather playfully raised his eyes, "OK, I said."

"I said, I will marry you."

.....

Bai nianxi picks up the pillow on the sofa and smashes it to kangmobei. Kangmobei doesn't dodge. The pillow falls on kangmobei and falls to the ground.

"Why don't you tell me in advance about such a big thing! Why don't you tell me in advance!" Bai nianxi is very angry.

"But I see your reaction at that time. It was very calm."

Calm? She was stunned, OK!

Then he picked up a pillow on the sofa and threw it to him

Conmber took a step forward? If I told you ahead of time, you'd think it's too much? "

Bai nianxi was blocked for a while, and his airway said, "it's too much!"

Kangmobei didn't speak any more. He stood there and didn't move. He looked at Bai nianxi with deep eyes. After a long time, he said that he would be half dead of Bai nianxi's anger. "Since you are angry no matter what I do, what can I tell you?"

"But it's two people's business to get married! You can't decide by yourself! Have you asked me for advice when you said you would marry me? "

"Do you agree?"

"No!"

"Oh."

Oh? Oh, what do you mean?

"I'm not going to have a good talk with you." Kang Mo north takes eyes light to stare at Bai nianxi, "you answer not promise, I want to marry you."

Bai nianxi was so angry that he took a few steps and picked up all the pillows on the sofa. One by one, he threw them onto Kang Mobei. Kang Mobei stood still and rolled all the pillows around him.

When he came out of Lao Kang's house, his mood was very gloomy, but when he came back here, when he was alone with Bai nianxi, his mood changed a little better.

He looked at her calmly, "you are so cute when you are angry."

Teng's, anger jumped up.

Bai nianxi rushes to Kangmo north, and his chest rises and falls with intense emotion. Seeing that Bai nianxi is about to attack, Kang Mobei suddenly leans forward and embraces Bai nianxi's waist. Bai nianxi's hands on both sides are also restrained by Kang Mobei.

"Why don't you marry me?"

He looked serious.

"I know you're going to leave me, aren't you?"

Bai nianxi felt guilty when he asked this. However, before the anger in his chest disappeared, he choked his neck and said, "since the agreement is over, I can't stay any longer."

"You know, I'm not talking about leaving here," he said

I don't understand what you mean

Kangmobei hugs Bai nianxi's waist one more point, and the two of them fit tightly and seamlessly from the bottom of their chest, which brings a burst of heat.

"If you don't understand, I'll let you understand." With that, Kang Mobei holds Bai nianxi up, throws him on the sofa, leans up, tears Bai nianxi's skirt and presses it up.

Bai nianxi struggled, "kangmobei, don't fool around!"

"I'm not fooling around." Kangmobei's voice is very flat, but his breath is very unstable. He separates Bai nianxi's legs and forcibly invades her body.

Bai nianxi didn't get used to it. He snorted. His hands were bound by Kang Mobei and couldn't move.

His body was boiling hot, and the breath of breath sprayed on her chest, burning her pain.

He began to move. Bai nianxi shuddered with his fierce action. He twisted his eyebrows and tried to suppress the groan that would escape from his throat:

"kangmobei..."

Kangmo North's eyes are dark, like the deep sea, deep and unfathomable.

A layer of sweat oozed from the forehead, and the sexy Adam's apple rolled around the neck. There was a dull hum, which was very itchy.

He stopped suddenly, his voice was deep, and he was very patient. "I don't want you now, I will never want you again."

"Do you think I didn't see what was in your drawer?"
