

# Billionaire CEO Won't Leave

## Chapter 145

Hearing Bai nianxi's words, Kang Mobei's eyes were a little deeper, "are you going?"

"Why, didn't Kang make me think? Now that the answer has been given to Mr. Kang, Mr. Kang can let me go now? "

Kang Mo north only feel that Bai nianxi a total of Kang, listen to his heart bitter.

The voice sank down, with a faint tremor, "but I didn't say you want to go, I'll let you go."

"If I don't leave, how can I make room for others?" Bai nianxi still insists on going.

"Who else? Even if you make room, it's still empty. I can't hold anyone else here. " In Bai nianxi's ears, Kang Mobei's nervous voice made her spirit disappear.

But still said: "I do not know what other people, this question, you should not ask yourself?"

The words export, the Kang Mo north also didn't speak again, just stare tightly at her face, two people so mutually looking at.

Bai nianxi is annoyed by Kang Mo Bei. What's the matter with her? Why is she so impulsive?

No, Bai nianxi suddenly realized that she was not angry, she was jealous.

Obviously, conmba is aware of it.

Just now, he came in with mu Rushun.

The tension on the face gradually dissipated, replaced with a playful and provocative look, "you, jealous?"

Bai nianxi stares at Kang Mobei. There is a trace of blush in his ear. After a long time, he says, "goodbye!"

Take a step forward, but was pulled into the arms of the north, eyes fell on the red halo of Bai nianxi ear, "you are jealous."

"Who's eating you - well -"

before he finished, his chin had been lifted by his fingers, and he bowed his head and kissed it.

He didn't know how to coax a woman, but he wanted to kiss her at this time.

For a long time, kangmobei let go of his lips, which were rolling and grinding on Bai nianxi's lips, and said, "are you still going now?"

"Go --"

conmobei kisses again.

"And now?"

Bai nianxi raised her hand to cover her swollen lips and said angrily, "do you think I won't go like this?"

Kang Mo North sighed, a hand caresses white to read the hair of Xi, "that you say I want how to do?"

He didn't have to do anything. In fact, as long as he looked at her like this, she would have surrendered.

Bai nianxi loosens his hand and no longer looks at Kang Mobei. He rearranges the information in his arms on his desk and looks over it.

The pages rustled with her slender fingers, especially in the quiet office.

Kangmo north stands beside Bai nianxi and looks at her with eyes down.

If she is jealous for him, he likes it.

After standing for a long time, looking at Bai nianxi, who didn't want to pay attention to him from beginning to end, Kang Mobei finally returned to his Ceo chair.

Just now, he did come back after the meeting. Mu Rushuang was looking for him, and he did have something to do.

Mufu came to China to invite him to dinner. His original attitude is not to go, but listen

to the meaning of Mu Rushun's words, Mu Fu seems to insist on inviting him to dinner.

Kangmo Beida can guess the meaning of Mufu's meal, but it's for murushun and his business.

Kangmobei thinks about things in his heart, but his eyes are always on Bai nianxi, who is buried in his work. Everyone wants to drive Bai nianxi away from him, but as long as she is willing to stay, she can stay.

If you don't want to

Then you have to stay.

Su Yihao was kicked by Bai nianxi, who probably spent a lot of energy. The next day's meeting didn't come. Bai nianxi first went to Panasonic company for a meeting, and then went to the museum in the city.

Recently, a new collection of paintings has come to the museum for exhibition. There are two of Bai nianxi's favorite national beauty landscape paintings, Huang Gongwang's Fu Chun Shan Ju Tu and Li Tang's Wan He Song Feng Tu.

After about half an hour's drive, Bai nianxi arrived at the museum. Because it was a working day, there were not many visitors in the museum, and the atmosphere was very quiet.

Only when I arrived at the museum did I know that because both the painting "dwelling in Fuchun mountain" and "the painting of pines in Wanhe mountain" are famous paintings handed down from generation to generation, they are only on public exhibition day for three days.

Today, it is not open to the public until the day of formal exhibition. Only with identity certificate or access permit can we see her famous landscape paintings.

Bai nianxi came here not only to enjoy his favorite paintings, but also to work. Because of his cooperation with Panasonic, he just wanted to paint three landscape paintings this time.

I had a look at the time of the exhibition. It was more than a week later, but according to her work plan, she had to start sketching at that time. I'm afraid she couldn't wait. Just in those days, she was busy with her work and probably didn't have much time to see the exhibition.

Think about it, give Elena a call, Elena probably something to busy, back to some in a hurry, just let her go to Su Yihao. But at the thought of Su Yihao, Bai nianxi's teeth itch.

In fact, this kind of thing can be done without even thinking about it. Kangmobei's efficiency is much faster than Su Yihao's.

But, after all, it is to give people trouble, she is still the trouble of the trouble.

With Su Yihao's number in her hand, she dialed it.

"Hello." Su Yihao's voice came over there.

It seems to be panting and the breath is fluctuating.

Bai nianxi didn't think much, just said: "Hello, Mr. Su, it's me, Bai nianxi."

Hearing Bai nianxi's name, the other end of the phone seemed to be stunned for a moment, then lowered his voice and said, "what's the matter?"

I can tell that Su Yihao is not very happy when he receives a call from Bai nianxi.

Not happy is not happy, anyway, she did not want to make su Yihao happy, straight to the point to say his intention.

"No way." Su Yihao simply and directly rejected Bai nianxi's request.

"Mr. Su, I'm for work." Before speaking, Bai nianxi had thought that Su Yihao might refuse, but he didn't expect that Su Yihao would refuse so simply.

Once again, he said, "of course I have to find you for business matters. You know, my cooperation with Panasonic..."

Su Yihao impatiently interrupted Bai nianxi's words, "it's your own business, try to find a way."

Between the ups and downs of the breath, it seems to be mixed with a few gasps.

"How are you, Yi Hao?"

a woman's voice came out from the phone, very coquettish.

The woman seems to be urging Su Yihao to do something. Before she has finished speaking, the phone has been hung up by Su Yihao in a hurry.

White read Xi Leng Leng, she this can't be, just disturb Su Yihao and Kang Xinyue good thing?

But the sound sounds familiar, but it doesn't seem to be Kang Xinyue's voice.

Su Yihao is also really powerful. Yesterday's kick collected 70% of her skill, which is exactly the harm of Su Yihao. I didn't expect that he could be so lively today?

Without thinking about it, Bai nianxi sighed. He was worried about the two paintings. Did he really want to go to kangmobei?

Standing at the entrance of the museum, Bai nianxi was melancholy, but suddenly a simple voice came from behind, "Miss Bai?"
