

# Billionaire CEO Won't Leave

## Chapter 146

Bai nianxi looked up and saw that it was Mu Sili.

Why is Musili here?

Musi came over and waved to the men in suits who were following him, indicating that they would not follow him. Then she came to Bai nianxi, with a smile in her eyes and eyebrows.

"What is Miss Bai doing here?"

Bai nianxi said with a smile, "just come and have a look."

"Come and have a look?" Mu Sili looked at Bai nianxi and guessed, "I guess Miss Bai came to see the painting, right? Fuchunshanju? Or 'the wind of pines in Wanhe'"

How did he guess that?

Looking at the confusion written on Bai nianxi's face, Mu Sili said again: "I guess Miss Bai is standing here now. She should be stopped and can't get in."

.....

"President Su of Panasonic should be able to help you get your pass, but..." Musi looked at Bai nianxi, "Miss Bai, has she been rejected?"

Can he guess that, too?

Musi Li smiles and looks at Bai nianxi with her eyes. "If Miss Bai doesn't want to trouble Mr. Kang, there's someone else who can help you."

Bai nianxi looks at Mu Sili. She thinks that what Mu Sili said just now, coupled with his expression, as long as you hang a pair of round framed sunglasses on him, she will be able to play the sign of clever calculation and operator and go out to cheat.

"What Mr. Mu said about the people who can help me should be Mr. Mu himself?"

Musi was noncommittal, with a smile on her lips. "It depends on whether Miss Bai can open her mouth."

Bai nianxi thought about it, forget it.

Turning to go, he was pressed on his shoulder by Musi Li and turned her back to face Musi Li.

Musi quickly took back his hand, and did not look impolite.

"I still have to talk."

"Come on, Miss Bai, let's go and see the painting."

It's easy for Mousse to get a pass. He doesn't need a pass. When he comes here, he can go in and out freely as long as he brushes his identity.

Since Mu Sili said so, Bai nianxi went in with him.

These pictures are well kept. They are hung in aseptic glass windows. The humidity around them is just controlled. Under the dark yellow light, they show up in front of Bai nianxi with a long time of dim yellow pictures.

That kind of simple and unadorned breath comes to our face, with the heavy feeling of a thousand years of history.

Bai nianxi was fascinated by the scenery, as if he had been in the painting for a long time.

Musili also looks at the painting. After a while, his eyes turn to Bai nianxi. He and Bai nianxi are the only two people in the exhibition room. Bai nianxi is already immersed in the painting. Only he knows that he is looking at her.

The light came down along her head and cast a profile on Bai nianxi's face. Her concentrated expression was particularly moving at the moment.

As a matter of fact, Bai nianxi is a woman with Oriental beauty. Her figure has the elegance and nobility of a classical beauty. She can be dignified, charming, with spring in her eyes and with emotion in her eyes.

Musili has always been a man who likes beauties, and has a lot of research on beauties. Different from the frivolity of other prodigal CHILDES, beauty can always be seen

from afar but not profaned.

The first time he saw Bai nianxi, he was attracted by her beauty.

Later, when I see her again, I will still be attracted by her beauty, but later, there will be more other things.

After reading the painting, Bai nianxi is ready to go home. However, Mu Sili shouts her to invite her to coffee.

Bai nianxi doesn't understand and turns around. Why does Mu Sili invite her to drink coffee?

But because of her face, she had just been able to go in to see the painting. At this time, if she refused him, she would turn away. After thinking about it for a while, she agreed to the invitation.

"Just now, Mr. Mu invited me to see the painting. I'll take the coffee. The place is free for Mr. mu."

Musi drove to a coffee shop with Bai nianxi. There were not many customers in the coffee shop, and it was full of sentiment.

"What to drink?" Moussili hands the menu to Bai nianxi. Bai nianxi takes a look and orders a cup of cappuccino.

"Mu always asked me to come here, should not just drink coffee?"

Musi Li looked at Bai nianxi and said, "can't I just want to drink coffee?"

Bai nianxi obviously didn't believe it, "Mu always has so many opportunities every day. How can he have time to drink coffee with me?"

"You mean I have a plan?" Moustache from the corner of his mouth, "that you are talking about, I figure what?"

She didn't know what he was trying to do. She just thought that Musi's behavior was abnormal.

Looking at Bai nianxi's silence, Mu Sili smiles. He doesn't know what he's looking for. Maybe he just wants to have a cup of coffee just because the weather is fine today.

The music in the coffee shop is very soothing. Bai nianxi didn't sleep very well recently because of too much thinking. Yesterday, he didn't sleep all night because of

what conmobei said about marrying her. The atmosphere here is so comfortable. After sitting for a while, Bai nianxi's head became drowsy. Mu Sili just looked at Bai nianxi's head and fell asleep.

Bai nianxi's face seemed not very good. He had noticed it for a long time, so he didn't wake Bai nianxi up. The atmosphere here was comfortable, and she could have a good sleep.

Two people sit by the window of the position, is a small compartment, compartment inside a vine hanging chair, hanging chair is very big, like a small sofa.

After Bai nianxi fell asleep with her head down, Mu Sili walked up and put her on the chair, then took a pillow and put it under Bai nianxi's head.

Turn your head and look out of the window. Today's sunshine is really good.

The mobile phone suddenly rings. Bai nianxi's eyebrows are slightly wrinkled. Musi Li turns the mobile phone to silent and hands it to his ear.

He lowered his voice. "Hello."

.....

"Send it here."

Moussili asked someone to send the company's urgent documents. There was still some time before the documents were sent, so moussili also sat down beside the chair.

"Hello, well, I'll come here now." Su Yihao hung up the phone and looked up. He was sure that it was the coffee shop that the person on the phone said just now. He was about to go in.

But suddenly he saw the figure by the window.

The windows are transparent and polished so that you can easily see the inside from the outside.

From Su Yihao's point of view, he just saw Bai nianxi and Mu Sili inside.

A handsome man in a high-grade suit, and a beautiful woman sleeping in a hanging chair. The man stands beside the woman and looks at her affectionately.

Su Yihao mouth slightly hook, Bai nianxi, I caught.

Doesn't it mean that if conmbbe finds out she's with him, he'll die worse?

OK, let other men do it for the one who will die worse.

Su Yihao took out his mobile phone, pointed the camera at the winding figure on the upstairs window, and took several pictures with a few clicks.
