

# Billionaire CEO Won't Leave

## Chapter 150

Sure enough, komorbei's steps, look cold turned his head.

Kang Youqin yelled to Mu Rushun standing on one side: "Rushun, come here, too."

Mu Rushun went over.

Kang Mobei did not move, waiting for Kang Youqin to come.

Kang Youqin walks up to Kang Mobei with his mobile phone and lights up the photo.

The photo is taken by Su Yihao downstairs outside the cafe yesterday. The two people in the photo are Bai nianxi and Mu Sili.

Bai nianxi falls asleep. Musi leans down and looks at him.

The situation is quite intimate.

Su Yihao's point of view is good, and it brings a kind of indescribable ambiguity.

"I've told you for a long time that bainianxi is not a good thing. You have to go your own way. You can't get a few cows back."

Kang Youqin flipped through the photos on his mobile phone. There were some slight changes in the people's movements, but the protagonists were Bai nianxi and Mu Sili.

"See now? This woman is naturally dissolute and can't control herself. How long has it been with you? I've already found other wild men! "

Because of the photos as evidence, Kang Youqin's swearing words are full of confidence, "look, look! You are still fooled by her. That's what she is! It's shameless and shameless! "

"Thank you for falling out with us. What did she do to you? She's out there looking for a wild man for you! Hang out with other bastards! "

"If you don't kick her, are you still waiting for her to green cap you when she marries

you..."

Kangmobei's eyes were cold from the moment he saw the picture. They were black and terrible. The cold air was dense in the deep eyes, like the ice floating on the endless glacier.

When Kang Youqin said the last sentence, Kang Mobei's whole body momentum was cold to the extreme. Kang Youqin realized that something was wrong and stopped abruptly.

Mu Rushuang had already come over and saw the picture in Kang Youqin's mobile phone. He opened his eyes and his face was unbelievable.

She knew that Bai nianxi might be a special existence for mu Sili, but she didn't think there would be too much intersection between them.

At this time, the two people in the photo seem to be very close, especially Mu Sili. There is no need to explain the deep feeling in his eyes. No one can see it.

Plus Kang Youqin just scolded so many words, wild man also don't feel some embarrassed.

Before that, Mu Liancheng saw something different. When he saw mu Rushuang go by, he got out of the car and went there. When he heard Kang Youqin's curse, he could not help frowning.

Only when I came to the front and saw the picture, my face became really blue.

The woman in the photo must be the sweetheart of conmb.

He is not interested in Bai nianxi's business, nor is he interested in kangmobei's sweetheart's looking for a wild man. But if kangmobei's sweetheart's looking for a wild man is his son

Mu Liancheng was so angry that he trembled and scolded, "bastard!"

Seeing that Mu Liancheng was angry, Kang Youqin also scolded: "that's it! How can people be so shameless? "

With a gloomy look, Kang Mobei takes Kang Youqin's mobile phone, throws it into his car and drives away.

"Son of a bitch! How dare he

"Dad, brother, he just..."

"You talk for him!" Mu Liancheng said: "your aunt Qi has arranged a blind date for him. They are all the gold of a good family. He doesn't like it. He has to fool around outside. I don't care. What has he done now?"

Kang Youqin seemed to have some difficulty in understanding.

What Mu Liancheng scolds is not like Bai nianxi.

Because I haven't seen Musi Li, Kang Youqin doesn't know that the person in the photo is Musi Li.

"Rushuang, Mr. mu, what's this

Mu Rushun's face was a little embarrassed and full of apology, and said, "aunt Kang, the person in the picture is my brother."

Kang Youqin was stunned as if he had been struck by thunder.

The man in the photo is mu Rushun's brother? Son of muliancheng?!

Then she just scolded Bai nianxi and Mu Liancheng's son in front of everyone?

Kang Youqin felt embarrassed and didn't know what to say.

What's more surprising is that Bai nianxi not only fascinates the northern fans of Kangmo, but also catches up with the young master of mu? What's the trick?

No, she must tell the Kang family about it when she goes back.

Conmo north will fill up the oil, step on the accelerator to the end, directly came to the downstairs of the Mu group.

The receptionist wanted to stop her, but she couldn't move when she saw the strong intention of killing kangmobei. She watched kangmobei walk to the elevator.

Zhixia answered the call to the president's office. When zhixia heard about it, he knocked on the door of musu.

"Mr. mu, someone is downstairs..." "I know." Mu Sili's expression is indifferent, with a trace of cold, "is to find me."

Just now, mu Rushuang had called him and told him about it. He wanted to ask him

what was going on, but he didn't explain. He just hung up.

When conumber saw the photo, he naturally wanted to find him.

Moussili sat back in his Ceo chair. The door of the office had been opened by him. He folded his legs and looked at the door with a faint smile.

Seems to be waiting for the arrival of conumber.

After a while, however, conmobei came in and stood at the door of mousse's office.

Conmobei went to the door and saw that the door was wide open. Mousse was sitting not far away and was looking at him. His steps stopped at first.

"Mr. Kang won't come in?"

Looking at Kang Mo's cold face, Mu Sili said with a smile: "I see that Mr. Kang is very angry. I think I don't want to kick my door, so I open the door and wait for Mr. Kang to come in."

After hearing the speech, Kangmo walked in with long legs, bringing endless power and pressure.

Musi Li also stood up, straightened his collar, put his hand into his trousers pocket, and looked at it with a slight eyebrow.

When conmobei came in, he didn't look back. His eyes were fixed on Musi Li's face. His long arm was hanging by the door and he closed the office door.

"But sometimes it's better to close the door," he said

"Why, Mr. Kang is going to kill me?" When he said this, Musi Li was still smiling, but his eyes became cold and cold as never before.

This was originally his superior momentum.

Commo north is not slow, approaching step by step, Musi Li is still standing in place, motionless.

The confrontation between the two makes the whole space and atmosphere in the office extremely depressed. If one is careless, the low air pressure in the room will explode.

Zhixia, who was standing outside the door, had already guessed what had happened

and looked inside the door with some worry.

Kangmobei has come to Musi Li. Their eyes are facing each other coldly. When Kangmobei reaches out, he waves a punch and hits Musi Li in the face.
