

Billionaire CEO Won't Leave

Chapter 157

There was a deep voice from the top of his head.

When Bai nianxi came back, he touched his cheek with his hand and found that it was hot and humid.

What's wrong with her?

"Why do you cry?"

Did she cry because she saw the quarrel between the young couple?

"No, it's OK." Bai nianxi wiped away the tears on his face, and then looked over there, the girl had been held in his arms by the boy.

Girls seem to be angry with boys, but no matter how wronged or unwilling, she finally chose to forgive.

Bai nianxi sighed, silly girl.

"Let's go."

Bai nianxi leans on Kang Mobei's arms and goes on. The temperature of his body still makes her feel warm. At that moment, she is familiar with it.

As if she had felt this way a long time ago.

"There won't be a day." Conmber said suddenly.

Bai nianxi looked up. First, he felt that what Kang Mobei said was baffling. Then he saw Kang Mobei's firm and incomparable eyes, as if he was swearing something.

Is he telling her that there won't be such a day between them?

"Well." Bai nianxi nodded.

Naturally, there will not be that day, because before that day came, she was no longer

with him.

She followed the steps of conmobei, but the scene that she had just seen flashed in Bai nianxi's mind. She was not only sad, but also familiar with it.

Boom.

A flash of lightning through the whole sky, between heaven and earth, a moment of bright, and then return to a dark.

In my head, there's a voice.

"In the future, don't come to me. I won't come to you either. We'll be strangers again and forget each other in the world."

"But But what if I miss you? "

"Miss me? If you miss me, then bear it. You just need to know that I won't miss you. "

When the voice rang in my mind, Bai nianxi's heart pulled, very painful, and the pain is not so real.

Reach out and touch your heart. It's probably a rainy night, which makes people confused.

Walking, they have come to the lake in the park, rain hit the lake, rippling layer after layer.

From the moment I met the quarreling couple, Bai nianxi was already in a trance. Kangmobei looked at Bai nianxi standing on the fence by the lake, still in a daze, and asked, "what are you thinking?"

He didn't know what she was thinking, but he was not happy when he thought of her standing beside him.

"Thinking Some things. " Bai nianxi replied.

She vaguely felt that the sounds echoed in her mind were about her past. Even if she did not remember, she had this feeling.

"What's the matter?" Conmber continued, frowning.

Bai nianxi didn't answer, and she didn't know how to tell Kang Mobei that the sound fragments were fragmentary, and she couldn't connect the cause and effect of things.

Looking at the silence of Bai nianxi, the eyes of Kang Mobei are deeper.

He sensed that she was hiding something from him.

And this feeling, let him very uncomfortable.

Maybe he felt the low pressure around him. Bai nianxi was silent. Then he explained, "it's nothing. I just think of some strange dreams I've been having recently."

Bai nianxi didn't dream of that strange dream before. Because there were so many things, she put it behind her for a moment.

But this time, although it is no longer a dream, but changed into those strange sounds, but again put Bai nianxi's doubts out.

Hearing Bai nianxi's dream, Kang Mobei's eyes darkened, "is there a man?"

Bai nianxi nodded subconsciously.

It was really a man's voice.

"People say that there is a thought in the day and a dream in the night." With this sentence, Kang Mobei looks at Bai nianxi.

Bai nianxi was shivering.

.....

Where does he want to go?

"It's not what you think."

"What's that like?"

It's been raining for a long time, but it's getting heavier and heavier in the middle of the night.

Bai nianxi and Kang Mobei are standing under the umbrella. It's raining heavily, but she can even hear Kang Mobei's breathing.

Bai nianxizheng didn't know how to say it. Suddenly a beam of light came from the side.

The light just flashed twice at Conmber and Bainianxi. The strong light was particularly dazzling in the dark.

Bai nianxi subconsciously reaches out to cover, but Kangmobei squints his eyes.

He had noticed something was wrong.

Wary of looking away, I do not know when, not far away appeared a black SUV. It was the lights on the SUV that just flashed.

Kangmo North eyes a coagulation, the umbrella in the hand threw out, pull up the hand of Bai nianxi, "go!"

Bai nianxi is still standing in the same place, and her thoughts don't turn around. It's just that Kang Mobei's sharp tone makes her feel chilly.

The night is very dark, and the figures in the rain are not clear. The SUV lights shine here. After flashing, I can see the two people's backs clearly.

It's Kangmobei and Bainianxi.

Then the roaring sound of the engine sounded, the car started, and drove to the side of Conmo North station at a high speed. No, it was a collision.

Bai nianxi was pulled away by Kangmo North, but without a few steps, the SUV found Kangmo North's intention, slightly changed its direction and rushed to Bai nianxi.

Driving in the rain late at night, the car is like a wild animal. In a few seconds, it has reached Bai nianxi. After a loud noise, it hit the railing by the lake.

The fence beside the lake was smashed and collapsed.

Bai nianxi only felt that the rain hit her face, making her unable to see the scene clearly.

Just now, it was Kangmobei who protected her in her arms. When the car came, she was pushed to the front with his force.

Bai nianxi fell to the ground, regardless of the pain on his knee, looking behind him.

Conmber was not far away from her, and he got up again from the ground soaked.

It's OK that he's OK.

The dent in front of the car was hit. It's conceivable that if it hit them just now, they would have died.

The car began to reverse, ready to turn around and hit again.

Kangmobei didn't have time to think more. He ran to bainianxi and lifted bainianxi from the ground.

His car was parked about one kilometer away from here. It took at least ten minutes for the two of them to run by, and there was such a car staring behind them.

People can't run. If they run past, they can only wait to be killed.

There is no other hard shelter. If they don't move, they can only wait to be killed.

Unless, conmobei's sharp eyes across the lake.

Lake!
