

# Billionaire CEO Won't Leave

## Chapter 158

Although he thought a lot, it was just a flash in his mind. After thinking, he turned to Bai nianxi and said, "can you swim?"

Bai nianxi nodded.

Kangmo north then pulls Bai nianxi to run to the lake.

SUV again rushed to come, with a compelling intention to kill, bright red lights like a very cannibal.

Kangmobei first hugged Bai nianxi to the railing beside the lake and ordered: "jump!"

The bright lights are more and more dazzling. The car is approaching, but conmobei is still here, facing the car. If you don't have time to escape, you will die!

Bai nianxi had no time to think about it, so she was pushed by a pair of powerful hands. She fell from a high place and fell into the lake.

Cold water from all directions, in an instant, Bai nianxi completely wrapped up, suffocating feeling came, Bai nianxi only felt that he fell into the endless abyss.

It's surrounded by endless water and endless darkness.

In those ten seconds, she forgot to open her hands to paddle, but let herself fall to the bottom of the lake.

She heard the voices again.

"Happy Birthday to you, happy birthday to you..."

The sound of singing is very sweet and beautiful. It comes from a rotating music.

"Thank you." It's a girl's murmuring voice. It sounds lost. What is she waiting for?

Ding of a sound, it seems that whose mobile phone came to the news.

Looking forward, even in the water, Bai nianxi can feel the inexplicable excitement.

"Let's break up."

The sound of sound in Bai nianxi's mind, but inexplicably let her cool.

The line was busy when I called.

"Answer the phone, answer the phone, you Please, will you answer the phone... " The voice was beseeching and flustered.

It seems like a long time.

"What are you waiting for here?" The emotion in the voice is impatience.

"Why did you break up with me?"

"Oh, what else, because I don't love you anymore."

"I don't believe it."

"Believe it or not."

It seems that a long time has passed.

"Don't you leave me, will you?"

"Don't want to break up?"

"Well."

"Then you..." It was a low voice, like saying a condition.

Bai nianxi's body began to tremble.

"You, you can't do this to me How can you do this to me? "

"If you don't want to, stay away from me."

Stay away from me, stay away from me

The voice echoed in Bai nianxi's heart. Bai nianxi didn't know whether the wet area on his face was the lake or the tears.

I just feel that I can't breathe in my heart, and the feeling of suffocation comes from my chest. I open my eyes fiercely, and she's already deep.

As she opened her hands, Bai nianxi tried to surface again, but because she had been in the water for too long, her hands and feet could not make any strength.

Is she going to die here?

In a daze, a pair of hands appeared around her, and bailed out Bai nianxi's waist. Bai nianxi couldn't see what it was, and her mind began to be confused.

The black shadow leans forward and puts her lips close to Bai nianxi's, and gives her the breath in her mouth.

Feeling the things she wanted and needed most at the moment, Bai nianxi entangled her and unconsciously asked for more.

Conno North chest a burst of stagnation, this woman, is to pester him to die together?!

Leaving Bai nianxi's lips, Kang Mobei hugs Bai nianxi and floats to the water.

After Bai nianxi jumped down, he had a stalemate with the car for no more than two rounds, and then he also jumped down.

No doubt, the people in the car came to ask for their lives, but since kangmobei and bainianxi jumped into the lake one after another, he had nothing to do.

In such a big lake, if he jumped down with him, he would not be able to find two people, and if he fought with kangmobei barehanded, he would not be able to cope with it.

Can only drive a car, while the north of the people have not come before, turned away.

After jumping into the lake, he began to look around for Bai nianxi. After a long time, he found her near the bottom of the lake where she had just landed.

Is she crazy! Didn't she say she could swim! Why let oneself sink so deep!

Kangmobei angrily drags bainianxi ashore and lays it flat on the big stone beside the lake.

Bai nianxi's consciousness is still vague.

Without much thought, he leaned down and gave her the breath again. Then he pressed Bai nianxi's chest with his hands until she vomited water.

Bai nianxi opens his eyes vaguely, the rain has stopped, and the night is quiet and beautiful.

Seeing that Bai nianxi woke up, Kang Mobei was relieved. There is no time to do more to appreciate the quiet night, the cold and dense face of conumber has already come into view.

All over, Bai nianxi sat up.

Conumber was still panting, his forehead was dripping with water, and his hair was wet.

"Bai nianxi! Do you want to die! "

Bai nianxi is shaken by the roar of kangmobei. When you think of it, what kangmobei should say is that she sank to the bottom of the water.

"I just forgot for a moment," he said

"Forget?" In Kangmo northern dialect, he was even more angry. "Are you just trying to die, or just forgetting?"

"Of course I do..." Bai nianxi stops here, isn't it? A swimmer falls into the water, but doesn't even flop. It's not about death.

All blame those strange voices, all of a sudden took away all her mind.

After thinking about it, Bai nianxi decided to change the topic, "that car, gone?"

"Well." Kangmo North should be a, look to white read Xi's eyes become dark deep.

"Why did they kill us?"

"It's me they're going to kill."

"You?" Bai nianxi was a little surprised at first, and then remembered that she was locked up in the icehouse with conumber in Switzerland.

After last time, Bai nianxi thought that nothing would happen again, didn't he say that

someone wanted to cover up the company's financial deficit and loopholes?

If that is the case, the problem should not be big. With the ability and skill of komobi, this matter should have been dealt with well.

But there are still people who want to kill him. Are they the same people?

Looking at the meditative Bai nianxi, Kang Mobei's eyes sank, "I'm sorry, I've implicated you."

When kangmobei bowed his head to express his apology, he not only made people feel uncomfortable, but also distressed.

"Mr. Kang!" Not far away came the voice of secretary Xing.

Secretary Xing ran over, followed by several men in black.

"Mr. Kang, are you ok?" Secretary Xing ran to kangmobei and stood with two bags in his hand, which were the clothes he had prepared for kangmobei.
