

Billionaire CEO Won't Leave

Chapter 175

"What's the matter?" Su Yihao asked.

In contrast, Bai nianxi's voice seemed more calm, "what else can it be? The elevator is out of order."

What's wrong?

Su Yihao's forehead began to sweat, gasping in his mouth, "you broom star! Take an elevator with you and you will be involved! "

Bai nianxi's pupil shrinks and turns to Su Yihao's direction. In the dark, he doesn't see much of the Qingren, but he can still vaguely feel where Su Yihao is.

The voice was full of displeasure and said, "am I a bad luck star? Mr. Su, please make it clear that I'm the one you implicated. "

Su Yihao waved his hand and hit Bai nianxi, "go away!"

Bai nianxi retreated.

"The maintenance staff! And the repairman! Why not! Not yet! " Su Yihao's voice showed a violent, emotional began to get excited.

Bai nianxi noticed something was wrong. Even because of fear, Su Yihao should not be so excited.

Su Yihao's heavy breathing echoes in the narrow elevator room. Bai nianxi unconsciously retreats to a corner and wants to stay away from Su Yihao.

Su Yihao rudely opened his bow tie and yelled, "come on! Somebody! Open the door! Open the door

Bai nianxi suddenly thought of a word: claustrophobia?

Perhaps, Su Yihao this is a disease attack, only so excited and irritable?

The sound of "bang" startled Bai nianxi.

It turned out that Su Yihao began to beat the elevator door with his fists. He wanted to open the door with his hands and feet.

But after a few smashes, there was a roar overhead, and then the elevator began to shake.

Bai nianxi said in his heart that it was not good. Su Yihao did this just now, which part of the elevator might have been damaged. Now the elevator is so rickety that it is very likely to fall down!

And just now, they have stayed on more than ten floors!

If you really fall, with this height, then two people have no hope of survival!

Bai nianxi stood in the rickety elevator room, holding the walls on both sides, and scolded him.

But Su Yihao is still beating and kicking. If he does this, he will only accelerate the fall of the elevator. He will kill him if he doesn't die!

Bai nianxi went over and tried to stop Su Yihao's action. "Su Yihao, calm down!"

Su Yihao pushed aside Bai nianxi and said, "get out of here!" Then hit the elevator door. He's going out! He has to get out of here!

The elevator shakes more and more severely, and Bai nianxi starts to have some problems in it.

"Su Yihao, stop it! Stop

Su Yihao is still doing his own way of disorderly kicking, accelerating the process of death.

Bai nianxi couldn't help it any more. He stepped forward, put his strength under his feet, and kicked Su Yihao away with one kick. "You give me a damn quiet!"

Su Yihao was kicked by Bai nianxi, and the elevator was wobbling, so he fell back.

Bai nianxi gasps, in the heart persuades oneself to be calm, calm.

Unexpectedly, Su Yihao got up again and rushed towards Bai nianxi. He grabbed Bai nianxi's shoulder with two hands and bumped Bai nianxi against the wall. "You, you

open the door! Open the door! Tell someone to open the door

Bai nianxi's body is hurt by the collision. He wants to shake off Su Yihao's hand, but he can't.

"You're here to kill me, aren't you? You're here to kill me! Because five years ago, you hate me, so you come to revenge me! is it? Right? "

Su Yihao roared wildly: "why didn't you die in those years! Why not die! "

Bai nianxi had been hit by Su Yihao's head, but Su Yihao's words, her heart is completely quiet.

It seems that five years ago, something happened between her and Su Yihao, or something bad happened.

"Why should I die?" Bai nianxi's voice seemed extremely calm.

Su Yihao has completely fallen into panic mania, and began to be a little unaware of what he was saying. "He said he would take you! Why are you coming back again? "

Who is he?

The elevator is wobbling and making more and more noise. It seems that it won't last long. With a bang, Bai nianxi and Su Yihao are thrown to the ground together.

I'm dying.

She suddenly felt that way.

It's a pity. At the last moment, Su Yihao and Kang Mobei are accompanying us. What are they doing now

It is now that Bai nianxi finds that her attachment to kangmobei is so deep.

Ding, in front of a dazzling light, it turned out that the elevator door was opened.

In front stood two repairmen in yellow overalls and a few men in suits.

He said, "Mr. Su, come on! Come out quickly

Su Yihao is like a drug addict. When he sees drugs, he gets up from the ground and rushes out. Bai nianxi also gets up and runs out. But when he got out of the elevator door, he didn't know whether it was intentional or unintentional. After stepping out of

the elevator, Su Yihao hit him with one hand, and Bai nianxi was pushed into the elevator again.

Bai nianxi fell in pain all over his body, but he didn't care much. He bit his teeth and got up and rushed out again.

At the moment when Bai nianxi rushed out of the elevator hall, the elevator roared and fell directly down the elevator shaft.

Go outside, Su Yihao's reaction began to slowly return to normal, his forehead was full of sweat, soaked in hair.

His breathing was calming down and his eyes were clear. Pushing away the people around him, he saw Bai nianxi on the ground.

Bai nianxi, who has just escaped from death, stares at him with his eyes, which makes him cool, as if he has been seen through by someone.

He had claustrophobia, and just when the elevator broke down and stopped running, his illness broke out.

When the disease broke out, he only knew that he was frightened and irritable. He could hardly remember what he said and did.

But looking at Bai nianxi's expression, did he say something he shouldn't have just said?

"Mr. Su was just about to kill me?"

Bai nianxi's words asked the exit, next to a few people's faces are white. Su Yihao just move, they can see, that push, perhaps intentionally, perhaps unintentionally, but have put Bai nianxi to death.

Someone helped to explain: "Miss Bai, look at what you said. How could Mr. Su do this? He was just too excited to notice the following you."

"Yeah, yeah, it's not that serious." The people next to him echoed.

"Is it?" Bai nianxi's eyes are cold.

After a while, he said, "it seems that the elevator here needs to be thoroughly inspected and repaired. Otherwise, Su can be a dead man, but I don't want to."

Because of the elevator accident, Su Yihao and Bai nianxi are trapped inside. Now

there are many people around here.

The original meeting was also suspended.

"In that case, I'll go back first." Bai nianxi mentions the package and says, "Mr. Su, you should do it yourself."
