

# Billionaire CEO Won't Leave

## Chapter 176

When he turned and left, Bai nianxi's eyes were cold, just emotional? She clearly felt his intention to kill.

Let's not care about the past. At least now, it's time to find an opportunity to settle the accounts between Su Yihao and her.

When Bai nianxi came out of Panasonic, his car just stopped at the entrance of Panasonic. When he saw Bai nianxi in good condition, his heart finally came down.

"Are you all right?"

See Kang Mo north, white read the corner of the mouth of Xi then unconsciously show a smile, "nothing."

The eyes of Kang Mo North sank heavy, but also didn't say what, took Bai Nian Xi back.

After going back, Bai nianxi began to plan something.

"What do you want to do with this?" Kangmobei is holding several pieces of paper with information about Zhai Kexin on it.

"Useful."

Bai nianxi took the paper over, and had to say that Secretary Xing was reliable in his work. The information above was very detailed, and even aunt Zhai Kexin's date was mentioned.

It's too detailed.

Kangmobei looks at Bai nianxi, "what's the bad idea?"

"It's not a bad idea." Bai nianxi closed the information in his hand, his eyes were cunning, "I want to do good."

Kangmobei picked eyebrows, let her go, take the sky apart, as long as don't make up your mind to leave him.

Bai nianxi found out that things in the world are better to catch up than to catch up. Two days later, it happened to be Zhai Kexin's birthday. That day was a great opportunity.

Bai nianxi borrows two men in black from Kangmo north and acts in secret.

As expected, on Zhai Kexin's birthday, Su Yihao made a reservation at the hotel early. Bai nianxi took a look at it. It was still a fun themed hotel.

In the evening, first came Zhai Kexin's birthday party, which was attended by many people, many of whom were friends of Kang Xinyue and Su Yihao.

Even some of Su Yihao's most proud henchmen from Panasonic also ran over. Bai nianxi shook his red wine glass. I can't see that Su Yihao was really sincere to Zhai Kexin.

That's right. Bai nianxi also begged for help and pestered Kangmo north.

Kang Xinyue doesn't know why Bai nianxi came to Zhai Kexin's birthday party?

What's more, when did conmobei have the leisure to come to this kind of birthday party?

Kangmobei really has no leisure. It was Bai nianxi who coaxed him and said that he wanted to invite him to a good play.

At the moment, I am sitting on one side bored, casually shaking the red wine glass in my hand, and then swallow a mouthful of wine.

Neither of them took part in the excitement of others, and the others were happy that they were not under the influence of conmobei. Naturally, the farther away they were, the better they played.

During this period, only Kang Xinyue took Su Yihao and Zhai Kexin to offer a toast.

When Su Yihao walked up to him, he looked at Bai nianxi and found that she didn't look abnormal. He still hated him as usual, but he was calm in his heart.

After the toast, several people left and a group of young people began to play.

Kangmobei and bainianxi seem to be out of place here.

Conmobei put down the wine glass in his hand, "I heard that you let people buy a lot of interesting things on the Internet?"

The wine that Bai nianxi had just drunk stuck in his throat. It was very difficult for him to swallow it. The two men really reported everything to kangmobei.

"Just some simple ones."

"Simple?" Conrad's eyebrows.

"Candle?"

"Whip?"

"Handcuffs?"

.....

Bai nianxi thinks that if kangmobei continues to talk about it, she will go there in shame and indignation. Are those two really so specific?

"Stop it, stop it." Bai nianxi told Kangmo north, "please don't say it."

Kang Mo North look dense, stopped mouth, looking at the white Nian Xi's eyes is quite playful.

Bai nianxi picks up a glass of white water and sends it to her mouth. Now she can only drink water to ease her embarrassment.

"Why, for me?"

"Poof --" Bai nianxi really couldn't help it, and burst out.

Conmber didn't say enough, "but I don't like playing those. I like playing, you know."

Bai nianxi patted his chest, hoping to pick up the baguette on the table and poke it into Kang Mobei's mouth.

Two hours after the birthday party, Su Yihao said that he had to deal with the company's affairs and left ahead of time. Kang Xinyue seemed dissatisfied and didn't want Su Yihao to leave.

"Yi Hao, you left, let me go back alone?"

In fact, Kang Xinyue has a driver and can drive himself, but he always likes to rely on Su Yihao for everything. Su Yihao is tired of it.

Or had to coax a good way: "Xinyue, obedient, wait for the driver to send you back." Kang Xinyue chuckled and let Su Yihao go. After playing for a while, Zhai Kexin also said that she had drunk too much and felt uncomfortable. She wanted to go home to sleep.

"Everyone continue to have fun. It's my treat tonight. We must have a good time." Zhai Kexin told everyone and left with his bag.

With Zhai Kexin's words, everyone was still in the mood, and continued to cheer up. Only Kang Xinyue, Su Yihao and Zhai Kexin left, and she became short of interest.

After dancing for a while, I will turn around and leave.

Bai nianxi quickly pokes kangmobei with her elbow.

Kangmobei understands that Bai nianxi means to let him keep Kang Xinyue. After all, the good play tonight is mainly for her.

Kang Mo North facial expression some black, but still helpless voice, called Kang Xinyue to the front.

Kang Xinyue doesn't understand the meaning of Kang Mobei, but Kang Mobei asks her to sit, and she has to sit.

The news came from the hotel that a passion play will be staged soon.

Bai nianxi had a good time. Suddenly, the light in the hall was dark. The crowd was about to make a confused sound. The huge electronic display screen on the hall was already on.

Everyone looked at it in disbelief.

After the blue screen, the display screen shows a darkness. In the darkness, there comes a breath of saliva, and sometimes a few chants.

It seems very selfless.

What's the meaning of everyone's frowning?

After entering the hotel room, Su Yihao reached out and pressed the light at the door. The room was filled with warm red light, bright and ambiguous.

They took a breath, and the two men and women hugging each other on the screen were Su Yihao and Zhai Kexin, who had been away for a long time!

The pixels of the monitor bought by Bai nianxi are very good, even the long silver wire between their lips and teeth can be seen clearly.

Su Yihao pushed Zhai Kexin down on the bed, and the camera angle on the screen also changed.

From the top to the bottom, you can just see the blurred expression on Zhai Kexin's face, one from the head of the bed to the end of the bed, and clearly see the movement between them.

The hall was very quiet for a moment, and no one spoke.

"Yi Hao, I miss you so much." Zhai Kexin finished and climbed over Su Yihao.

Su Yihao's eyes are slightly red. I don't know why, his desire tonight is particularly strong.

At a glance, there was a pair of handcuffs at the head of the bed. Taking the handcuffs, he put Zhai Kexin's handcuffs at the head of the bed and said in a low voice, "do you want me or do you want me?"
