

Billionaire CEO Won't Leave

Chapter 180

"Don't look. Let's go." Mu Si leaves and holds Bai nianxi's hand.

But Bai nianxi didn't move. After a while, he turned his head and said, "you know what happened today, don't you?"

Musi shook his head. "I don't know."

"Then why are you following?"

"I saw that you got into Jiang zhiang's car." Mu Sili's eyes were a little deep. At that time, he just saw it and knew everything that had happened.

But I don't know what it is, maybe there is also his selfishness, he didn't stop it.

When the last note fell to the ground, thunderous applause broke out in the hall. The piano music has been played, and the ensemble of Lolo and his biological mother has also been performed.

Murushun and Lolo bowed their thanks and stepped down.

People can't help but sigh that the young master of the Kang family is worthy of being a famous family. He is so small, but he can play this very difficult piano piece without stage fright on such a big scene.

The key is that the cool face and stern eyebrows of the young master of Kang family are exactly the same as those of Kang Mobei.

Alas, I don't know who that woman is. She has such good fortune.

The birth mother of the young master of the Kang family, who hasn't appeared for so many years, should be planning to get married this time?

Did not wait for mu Rushun to step down, the reporters have rushed to the past, want to interview the legendary woman of general Kang.

Even someone's hand rushed directly to her face and wanted to tear off the mask on

her face to expose her real face under the flash.

At this time, a figure rushed out. It was kangmobei who didn't know where to hide before. He blocked Mu Rushan in front of his hands.

In other people's eyes, this is the performance of kangmobei's domineering wife protection!

However, no one saw that at that moment, the coldness and indifference in the eyes of conumber had already formed a layer of white frost.

Bai nianxi looks at Luo Luo and mu Rushuang. Under the protection of kangmobei, he retreats from the backstage. Bai nianxi is stunned and wants to go, but he can't move.

"Let's go. They're gone. You need to deal with your injuries." Musili's voice was heavy.

"Go?" Bai nianxi's eyes are indifferent, "where are you going?"

Musi left the silence, then directly took Bai nianxi's hand and went out.

Kangmobei has brought Luoluo and murushuang to the original VIP lounge. After coming in, murushuang takes off the mask.

Secretary Xing had been waiting in the lounge for a long time. As soon as Kang Mobei came back, he went up and said, "Mr. Kang, I have checked. There are no cameras in the channel of VIP lounge, only the backstage and ordinary rest room outside."

"Got it?"

"No Secretary Xing shook his head. "It has been destroyed."

The air pressure in the whole room sank and the temperature became extremely low.

Luo Luo shriveled his mouth and couldn't help it any more. He fell into tears.

Conmobei couldn't suppress his anger. He kicked the glass on the counter and broke it.

"Mo Beige..." Mu Rushuang just about to open his mouth to persuade, he saw the sharp eyes of Kangmo North cast over.

"Why are you here?"

"I'll see Lolo."

Just before the performance started, mu Rushun came here and saw that there was only Lolo left.

Because Bai nianxi said that he wanted to go to the toilet, but after a long time, he didn't come back. Luo Luo began to be anxious. He ran out and searched all over the place, but he didn't find Bai nianxi.

The performance is about to start, and romobe is not here to deal with the company's affairs. Lolo is very anxious.

Mu Rushuang proposes to perform with Luo Luo. It happens that she is a teacher and can cooperate with him.

Lolo really doesn't want to, but there's no way. All the previous words have been released. For today's performance, all the media are almost out of action, and all the headlines tomorrow are ready.

Looking at Luo Luo's Dilemma and refusing to agree, mu Rushuang can only persuade her to put on a mask and perform on stage.

Mu Rushun's face was small. After wearing a mask, most of her face was covered. In addition, she couldn't see anything. In the end, Luo Luo could only reluctantly accept it.

When kangmobei came back here, he had already seen mu Rushun and Lolo appear on the stage together.

"Who knows that when I came here, I found Miss Bai not in..."

Speaking of this, the door of the rest room was suddenly pushed open, and mousse stood at the door, with a wet, bloody white night behind him.

"Mr. Kang, Miss Bai, I sent it back to you." Mousse left.

Seeing Bai nianxi, Kang Mobei's eyes were frozen. He stepped forward and grasped Bai nianxi's arm. "What's the matter?"

Originally, Luo Luo, who was sobbing in silence, saw Bai nianxi and ran directly to him. He hugged Bai nianxi's leg in spite of him. Bai nianxi, who was in pain, took a cold breath and hissed. Luo Luo sees Bai nianxi's injuries.

After Mu Sili finished, he put his eyes on mu Rushun. His eyes were cold, and he was afraid to see mu Rushun.

Mu Si left her, never to her fierce, today's eyes, she is the first time to see.

"Brother..."

Musi left and took Mu Rushan's hand, "follow me."

"Brother..."

"Miss Bai is back. Let's leave Mr. Kang alone and go home." Mu Sili's tone softened a little bit. He didn't want to be too obvious.

We should not only save face for mu Rushuang, but also let kangmobei see it directly.

Mu Rushun is his beloved sister. He doesn't want her to be disgusted by her beloved man.

After they left, there were only three people left in the rest room. Kangmobei looked at Bai nianxi's injuries, and his eyes were cold.

"How?"

"I fell." Bai nianxi answers.

Luo Luo has wiped away tears, sniffing from time to time, painfully looking at the injury on Bai nianxi's body.

Bai nianxi's face didn't show any special emotion. Since she saw the scene of Luo Luo and mu Rushun on the stage, her face always revealed a faint sense of decadence.

"Where did you fall from?"

"In the car."

"The car?" Kang Mo North Lian Mei, "you were taken away by who?"

After waiting for a long time, but without waiting for Bai nianxi's answer, she knew that if she told Kang Mobei that Jiang zhiang had done it, he would come to her.

Just think that she owes Jiang zhiang, and she doesn't want to bring him any more trouble.

Luo Luo is a nose to take out one to take out, "small night, do you ache on the body?"? Let's go quickly. I'll wipe the medicine for you, or you'll have more pain. "

Kangmo north also did not say anything, Ren Luoluo led Bai nianxi, three people returned to the century manor.

Since the last attack on the lakeside, Bai nianxi has lived back in century manor. Kangmobei said that she would not let her live in a small apartment again for fear that she would be provoked and retaliated.

Bai nianxi changes clothes, and Luo Luo also treats the wounds on Bai nianxi one by one, and then pours on Bai nianxi's arms.
