

Billionaire CEO Won't Leave

Chapter 182

Mu Rushuang frowned and looked at Mu Sili. She couldn't agree with him.

"I know you're soft hearted and you don't have the heart. I'll do all these dirty things for you."

"I will make bainianxi your woman." Mu Rushuang's eyes were burning, revealing the ruthlessness that was not consistent with her past nobility, "and the person who married kangmobei must be me."

She's going to marry conmba.

The next day, Kang Jinchuan, the young master of the Kang family, played piano music with the mysterious mask woman at the parent-child performance last night, which swept the headlines and hot spots of the media in a city.

Over the past few years, people have been wondering about the biggest family in a city, who is the mother of the young master of the Kang family. People are curious about the mysterious woman in the photo, who is wearing a mask and covered up.

The Kang family.

Mr. Kang is holding a newspaper in his hand. On the front of the newspaper, there is a picture of the handsome Mr. Kang Mobei standing in front of the mysterious woman wearing a mask.

It seems that she wants to cut off all the attention from the outside world, leaving her with a careful guard.

The Kang family are also paying attention to the news. They also want to know who Lolo's biological mother is. Although the bottom of my heart has already vaguely guessed that the person who will appear is Bai nianxi.

From the photos, it seems that the outline of the women in the photos still looks like Bai nianxi.

"Nonsense!" Kang Taiye angrily slapped his newspaper on the table.

"Dad, don't be angry. There's nothing in this picture." Liu Xia comforted.

Kang Youqin glanced at the photo in his hand, "no matter what you can see, Mobei's bringing this woman to people is an insult to the identity of our old Kang family."

Kang Liqing has been staring at the photos in the newspaper, looking a little distracted.

"In a word, I can't let Bai nianxi marry into the Kang family!" Mr. Kang made a statement first.

Kang Youqin nodded with deep approval. He just looked at the photos in the newspaper and felt that something was wrong.

"If Mo Bei wants to force us to admit Bai nianxi's identity in this way, why should he let Bai nianxi cover his face?" Or Kang Liqing said.

"What do you mean, big brother?" Kang Youqin looked at the photo and suddenly exclaimed, "ah! This woman is not Bai nianxi, but miss Rushan of Mu family! "

The crowd frowned.

"Look at the earrings she's wearing," he explained

It's a pair of classic style and texture, but also more old-fashioned pearl jade earrings, which are very exquisite.

The Kang family recognized it.

It was a pair of earrings handed down from Kang Mobei's grandmother. When Kang Liqing and Qi Zhiwei got married, they were handed down to Qi Zhiwei.

Later, Qi Zhiwei left the Kang family, and it seemed that he left with him.

What mu Rushuang is wearing now is exactly what Qi Zhiwei gave mu Rushuang before going abroad.

"This is what Zhiwei left to Rushuang. This man is not Bai nianxi, but mu Rushuang!"

After a close look, several people found that it was true.

After Kang Youqin said it, the more he looked at the photos, the more he liked it. It was not like it, it was just like it!

Kang Taiye also excitedly picked up the newspaper, "how can it be like frost?"

"Since Mobei is so tightly covered by frost, he certainly doesn't want others to recognize him." Kang Liqing pondered: "maybe something happened before he came to power. Mobei had no choice but to let Rushun take over."

But anyway, since the person in the photo is mu Rushun, their future daughter-in-law is mu Rushun!

Kang Taiye's mind has been determined, and Kang Youqin agrees very much. Kang Liqing doesn't speak, and he has been deeply wringing his eyebrows.

Suddenly, there was a knock at the door.

At this time, who will come?

Commobei and bainianxi also saw the headlines in the major media.

She seldom appears in public. Therefore, few people recognize her. Although there are many speculations, no one has made a final conclusion.

This is a good thing for conmbe.

Bai nianxi is drinking the milk in the cup. Conmber's hand says, "don't think too much. I'll deal with it."

"Well." Bai nianxi nodded.

She doesn't have the mind to think about it now. The most important thing is to do well what she is doing.

Because her whole body was seriously injured, Bai nianxi had to have a good rest at home for two days. She could also do painting at home, and komobi would not let her go to the company again.

Before he went out, he said goodbye to Bai nianxi in his arms and said, "wait for me at home."

Bai nianxi nodded her head cleverly, and she enjoyed the time of hugging kangmobei, "go early and return early."

Connobeir's eyes have a vague meaning. If she comes back, she knows that he has unilaterally announced his engagement with her. Will she jump in anger.

After leaving century manor, connobeir looked through the documents in the car, "is the press conference ready?"

Secretary Xing nodded in front of the table, "we are all ready. Reporters from all major media have been invited in place. The press conference will start in 45 minutes."

"Well." Connobei didn't say any more and continued to bow his head to deal with the documents.

After driving on the road for 20 minutes, the car will arrive at the venue of the press conference in dakomobei.

Secretary Xing received a call and then connected the Bluetooth headset.

After that, Secretary Xing's face suddenly collapsed and became very embarrassed. He turned his head and was about to speak to kangmobei, but he heard kangmobei's cold command: "stop the car."

Secretary Xing didn't understand, but he found a place by the side of the road and stopped the car.

Connobei sat in the car, slowly rolled down the window, sharp eyes looking out of the window, with endless chill.

The car is passing through times square. A news is playing on the huge electronic display screen in the center of times square.

It was the Kang family that held a press conference.

The person who presided over the meeting was the Kang Taiye of the Kang family, and Kang Liqing, the leader of the Kang family who had retired for many years.

The weight of this press conference can be seen from the whole live broadcast on the electronic display screen in the center of times square.

Many people have gathered around the square. This point is the peak time for work, but people still stop and look up on the screen to listen to the news announced by Mr. Kang.

This news is enough to shock everyone.

Kang Mobei, the president of Kongshe group, will hold a grand engagement ceremony with Ms. mu Rushun, the daughter of the group, at the grand grand grand international hotel in a city on the 28th of next month.

As the biological mother of Kang Jinchuan, the young master of Kang family, Miss mu Rushuang will become the only future president's wife of Kang group.

These two pieces of news, just like thunder on the ground, exploded in the crowd, bringing endless shock and power.

This combination of Kang's and Mu's is an invincible existence.

Conmber's pupils shrink more and more tightly, with endless chill in them.

Bai nianxi also saw the news, in his hand just cut a good apple did not hold steady, fell on the ground.

Commo north side of the position, after all, someone is the first.
