

Billionaire CEO Won't Leave

Chapter 188

Kangmobei's eyes narrowed. He hasn't investigated what happened yesterday.

I just felt the atmosphere in the hall was cold. Then conmobei said, "since my grandfather and aunt are not willing to leave, it's better to stay and talk about yesterday with me."

Several people finally sat down quietly on the sofa.

"What's the meaning of the wedding news announced by my grandfather yesterday?"

"What's the point? You're old enough to get married. At Lolo's parent-child performance, didn't Rushuang come on stage as Lolo's mother? I don't think it's better to take advantage of this opportunity to get married. "

"She is not Lolo's mother," he said

"It doesn't matter!" Kang Tai Yeh is very firm, "since she came to power as Luo Luo's mother, then we Kang family can't break our faith in the media and others!"

Oh, it's just a forced marriage.

"Why not?" "I didn't say that the woman on stage is Lolo's mother," he said

"You Kang Taiye pointed to the north of Kang Mo, and was a little angry.

Kang Youqin then said: "Mobei, your grandfather is also for your own good. How can our daughter-in-law of Kang family just find a wild woman to be her?"

Then he looked at Bai nianxi, "I'm going to climb a man's bed before I get married. Everyone else has a fiancée and is still in a hurry. It's shameless!"

Bai nianxi was sitting on one side with no expression on his face.

When she heard Kang Youqin's words, her face was agitated. Kang's family didn't agree with her and Kang Mobei. She could make sense, but in every sentence Kang Youqin said, she was despised and insulted.

I'm sorry she can't accept it.

Kang Mobei's face suddenly cooled down. He was about to speak when Bai nianxi cut him off. "Aunt Kang, do you value the reputation of the Kang family very much?"

"The reputation of the Kang family, of course, should be valued. How can you destroy it?"

"Since you value the reputation of the Kang family so much, you should start from yourself." Bai nianxi seems to imply something.

"What do you mean?" Kang Youqin frowned, full of discontent and vigilance.

Bai nianxi originally guessed that although Kang Xinyue knew about Su Yihao's cheating on Zhai Kexin, he was furious, but he should have concealed it from Kang's family.

Otherwise, Su Yihao could not continue to hold the position of president in Panasonic. Even if Kang Xinyue could be forgiven, Kang's family could not stand such insults.

Now, yes, the Kang family really didn't know about Su Yihao's cheating.

Looking at Kang Youqin, Bai nianxi said slowly: "aunt Kang cares so much about her nephew's fiancée, but she can't treat her future son-in-law equally."

"What are you talking about?"

"Aunt Kang." Bai nianxi's face was serious and innocent. "If you scold me here, can't you take care of your future son-in-law?"

"What happened to Yi Hao?" After Kang Youqin asked, Master Kang's eyes also looked at him.

Compared with Kang Mobei, the relationship between Kang Taiye and Kang Xinyue is closer, and naturally they love Kang Xinyue more.

"It seems that Aunt Kang doesn't know yet?" Bai nianxi was surprised. "Do you really not know that your son-in-law cheated on your daughter's best friend?"

"That day was the birthday of Miss Kang's best friend, but it was found that the woman was having an affair with Mr. Su in the hotel. All the pictures were shown on the display wall of the hotel hall in real time."

"The picture was so hot that all the friends present saw it. At that time, I saw Miss Kang's face flushed with anger and ran out."

"Didn't miss Kang tell you? So it is Bai nianxi nodded, "maybe it's too sad and angry."

Kang Youqin's face was very blue, but his face was not much better.

"No way! It must be you... "

"It's true." Kangmobei suddenly made a quiet voice, which proved Bai nianxi's statement.

Kang Youqin's face is more green. Since Kang Mobei has said the same thing, it shows that Bai nianxi must have said the truth.

Su Yihao, even dare to betray their daughter, and other women together!

Kang Youqin couldn't sit still any more, and he didn't have the heart to take care of Kang Mobei's affairs. He suddenly stood up from the sofa.

Mr. Kang's face was very blue, and he stood up with a crutch.

After they got out of the gate of Kang's house, they got on the bus and left. Only murushuang remained in place.

"Miss Mu is not leaving yet?" Commodore said.

Look at the eyes like frost, the meaning is not clear, only indifference and alienation is so clear.

Mu Rushuang smiles, "there's something I want to ask Mo beige."

"Said conmb, squinting his eyes

"But before that, I want to apologize to you." There was a trace of doubt in the deep eyes of Kangmo north. He didn't speak and motioned mu Rushun to go on.

"Last time I came to your house, because Miss Bai and Lolo were not there, I was idle and bored, so I walked around. Seeing that your study door was open, I went in to have a look."

Mu Rushuang looked at kangmobei, seemed to be a little cautious, "I don't know if you mind, brother Mobei. Here, I'll give you an apology."

Kangmobei just "um" said nothing, as if to tell mu Rushun that he would mind, and then accepted her apology.

After Kang Taiye and Kang Youqin leave, Bai nianxi plans to turn around and go upstairs, but he hears the conversation after a few steps.

When hearing mu Rushun's words, Bai nianxi's steps stopped slightly, but he didn't stay for long, and then went upstairs.

Then I heard mu Rushuang say: "I don't know why Mo Beige has my bookmark here?"

Bai nianxi's steps stopped completely, turned his head and looked at mu Rushuang.

She knew that there was a page by page bookmark in one of conmber's books. She also remembered the words on that page, and even the font on the bookmark.

More remember that sign: such as.

Heart suddenly name of a panic, that girl, unexpectedly is - Mu Rushuang?

"I have a lot of bookmarks. I don't know which page of bookmark Miss Mu said?"

Mu Rushuang smile, that smile as if with other what meaning, "Spring ten miles as you."

Sure enough, it's the page bookmark.

Kangmobei's eyes sank. At the beginning of murushuang's speech, he already knew what she was saying. He asked her, but he asked her if she was sure.

"I remember that I gave this page of bookmark to a friend who used to have a good chat with me. Now how can I be with you in mobeige?"
