

Billionaire CEO Won't Leave

Chapter 195

Luo Luo ran to Bai nianxi, hugged Bai nianxi's leg and said, "Xiao Xi, Xiao Xi --"

Luo Luo rubbed Bai nianxi's leg and softened Bai nianxi's heart. He bent down and hugged Luo Luo, "what's the matter?"

Luo Luo put his hands around Bai nianxi's neck and leaned his head against Bai nianxi's neck. "Happy birthday, Xiao Xi."

Bai nianxi laughed, and her voice softened. "Thank you, my Lolo baby."

Conmber was ignored and dissatisfied.

Cough, cough.

Bai nianxi's concerned eyes cast, "did you catch a cold? It's windy on the top floor. If you give me your coat, you'll catch cold"

Kangmobei's eyebrows are folded up, and he looks at Bai nianxi, and then he sees Xiaotuan Zi, who is satisfied and attached to Bai nianxi.

He took Luo Luo out of Bai nianxi's arms, walked a few steps, threw it into the door, and then closed the door on the top floor.

"What are you doing?" Bai nianxi was surprised.

After throwing away his son, Kang Mobei came back to Bai nianxi and said, "it's cold."

Bai nianxi was nervous, and he was about to take off his coat, but he was held in his arms by Kang Mobei, and a strong man's breath was sprayed in his ears, "it's not cold to hold you."

With that, he retreated slightly and raised Bai nianxi's chin with his fingers, "what don't you tell me?"

Er, Bai nianxi thought about it. What would she say to him? I can't remember for a moment.

"You thank Lolo, but you don't thank me." Deep voice with shallow jealousy.

Bai nianxi laughs. Who's going to eat his son's vinegar.

He said, "thank you Well... "

The words in the mouth haven't had time to say, Bai nianxi has been blocked.

In sobbing, the voice of conumber came.

"Don't say it, do it for me."

After Luo Luo was locked in the door, he used his hands and feet angrily and patted the door with his four little claws, but he didn't get any response from the door.

Smelly daddy, cross the river and tear down the bridge! dupe a person and then pull the ladder from under him! forget the means by which the end is attained! get rid of sb . as soon as he has done his job!

After playing for a long time, Lolo walks away and comes to a corner of the room. The walls here are made of glass and transparent. You can see the outside scene from here.

Lolo squatted in the corner, big eyes revealed never give up stubborn, the two figures outside, have mutual kiss together.

Hum, he's going to watch here!

The next day, the news that the UAV group was performing over city a made headlines all over the media. At the same time, the shining name of the night sky, bainianxi, was even more popular.

People began to feel curious. It had been rumored that Bai nianxi had a great figure standing behind him. Now it seems that the rumor is true.

Just, who is this man who is willing to spend a lot of money for Bai nianxi, and then spend tens of millions of money?

Mu Rushun also saw the UAV performance last night. How could she be reconciled

when those reports came out this morning?

Kangmobei looks at the day and thinks it's time to find an opportunity to clarify his engagement with mu Rushun and announce his relationship with Bai nianxi.

Today, it seems just right.

Ask Secretary Xing to come in and say, "prepare for the press conference."

Secretary Xing is stunned for a moment. Just in time, he has something to report to Kang Mobei.

"Mr. Kang, do you want to clarify the relationship with Miss Bai?"

Kangmobei's brow twisted, he naturally recognized the unusual meaning in Xing Mi's words, "how?"

What he wants to clarify is not the relationship with Bai nianxi, but the relationship with mu Rushun.

Secretary Xing's face looks a little strange: "Mr. Kang, just came out the news, saying that Miss Bai is the third party between you and miss mu..."

"What?"

In the atmosphere of suddenly falling to the freezing point, Secretary Xing handed the mobile phone to kangmobei.

What's striking about the news inside is a picture of kangmobei kissing Bai nianxi, which was secretly photographed that night when kangmobei was kissing Bai nianxi in the cinema.

Conmber did not kiss deeply, but reflected his lips on Bai nianxi's lips.

But even so, it seems ambiguous enough, and the relationship between them is almost ready to come out.

In the past, because he didn't want to bring too much criticism to Bai nianxi, conmobei didn't openly announce their relationship to the media.

But he didn't mind others seeing him with Bai nianxi, and he didn't want to cover up his relationship with Bai nianxi.

But now, when this picture is released at this time, Bai nianxi's position in the whole

matter has completely changed.

The Kang family has just announced the engagement between Kangmobei and Mu Rushuang in such a high profile that a white night comes out. She's not a disgusting little three. What is it?

Moreover, under the contrast of Mu Rushuang, it seems that she is more eclipsed.

Just talking about her family background, what does she compare with Mu Rushun?

At this moment, everyone feels aggrieved for Mu Rushun, even more angry and angry than her.

People's anger shifted to Bai Nianxi. For a moment, Bai Nianxi became a street mouse again.

After watching it, Kang Mobei's momentum has become extremely cold. Secretary Xing doesn't dare to say a word.

"Go ahead, press conference, as usual."

Moose's office.

"You did it?" Moussili frowned and asked on the phone.

Mu Rushun's voice came from the phone, "mmm."

Moussili narrowed his eyes and said with anger, "why do you want to do this?"

"Brother, did you see yesterday's drone show love?" Mu Rushuang's voice was not willing, "I can't wait any longer."

"But if you do this, you will push her to the abyss!" Mu Sili finally couldn't help roaring out.

He saw the news and information on the Internet. He also saw clearly how those people scolded Bai Nianxi. He felt sorry for her.

Clearly she is not the third party, clearly she is the most suitable person with Kangmobei, clearly she is so good.

Clearly, she is the moonlight in his heart.

"I'm not pushing her into the abyss." Mu Rushuang calm voice, "brother, I'm pushing

her to you."

"What do you mean?"

Mu Rushuang didn't answer Mu Sili's words. Some time ago, she had been transferred from Kang group and returned to Mu group.

The assistant came over and handed mu Rushuang a piece of information.

Mu Rushuang looked at it, and then said to the phone: "brother, in 20 minutes, Commodore north will hold a press conference. Will you go there?"

Musi left deep eyes, did not answer, there's mu Rushuang finish, hang up the phone.
