

Billionaire CEO Won't Leave

Chapter 197

Kangmobei noticed that it was wrong, and his eyes motioned to Secretary Xing. Secretary Xing also received such news in his mobile phone. After a look, he was sweating.

Under the fierce eyes of conmobei, he handed the mobile phone up.

"General manager Kang..."

Conmo North received the phone, in the moment to see the photo, eyes suddenly shrink.

The whole body's momentum is more terrible than before.

Mu Rushuang is still calm and calm with a smile. There is no panic in her eyes, but the sweat exuded from her clenched palm reveals her tension.

Commo looked to the stage of musili, his eyes as sharp as a knife, flashing cold light.

Mu Sili didn't speak. His eyes fell on mu Rushun on the stage. There were too many complicated emotions in his eyes.

In order to love, that once simple and kind sister, has become so that he can not understand.

Just now, he saw that picture, the one in the dressing room, no doubt, was taken by mu Rushun, because mu Rushun was there at the party that day, and he never saw her again after saying that to him.

Other people, there is no reason to secretly take pictures of him and Bai nianxi together.

When reporters saw the photos, they were overwhelmed by the news.

The materials dug up at today's press conference can almost feed them for a year!

Mu Rushuang didn't say anything. After that, he didn't seem to realize what had

happened, and the mood of other people had been ups and downs for several times.

Now that the matter in the north of Como has been made clear, the reporters decided not to pursue it, but to turn their focus to another key figure, moussili.

And Musi is just here!

In an instant, countless reporters rushed in and surrounded mousse.

Mousse was standing in the crowd, surrounded by people, and reporters kept asking questions.

He finally understood what mu Rushuang said and pushed Bai nianxi to him.

It's probably the first time that journalists have encountered this kind of situation in their lives. The interviewees stand in front of them, but no matter how many questions they ask, they can't even hear a "no answer" in the end.

Moussili stood in the same place without saying a word. After a long time, he pushed away the crowd and turned to leave.

After the press conference, the whole city of a was swept by the scandal of Bai nianxi and musili. Bai nianxi's name seems to have become the symbol of the biggest gossip in a city.

The press conference, which was broadcast live on TV, was over, and other programs began to play on TV.

With the remote control in hand, Bai nianxi seems to have forgotten to turn off the TV and sat on the sofa in a daze.

I didn't expect this to happen.

I don't know how long I sat like this until the door of my house was kicked open with a bang.

Bai nianxi looked back and saw that it was Kang Mobei who came over with a heavy momentum. His face, which had always been indifferent to no expression, seemed to be covered with frost.

Kangmo North went to Bai nianxi, and Bai nianxi also stood up and looked back at him.

"You and him." When Kangmo North opened his mouth, he had a sharp murderous

spirit, which was filled with cold, "what's the matter?"

The picture in the dressing room is really misleading.

What happened in the dressing room, Bai nianxi didn't mention it to kangmobei.

If it's normal, Bai nianxi may be able to explain to Kang Mobei calmly, but today, such a thing happened. The news from the press conference made her unable to accept it for a moment.

There was nothing between her and Musi, but he didn't believe her.

"I have nothing to say."

Kangmobei's eyes are colder. The photo of Bai nianxi and Mu Si separated from each other makes him mind. In the photo, the intimate relationship between them seems to be obvious.

He also wanted to believe her, and he didn't want to doubt her.

He's just afraid that things will be like the ones shown in the photos. Even if there's only one possibility that it's true, he can't bear the result.

So he came to ask, he came to her to confirm whether things are really like the picture, as long as Bai nianxi said no, he will believe, he will believe her.

"What do you mean

Bai nianxi is inexplicably upset, "I have no meaning, and I don't want to explain anything."

So she didn't even bother to explain to him, did she?

Kangmobei's eyes darkened and suddenly remembered what Musi Li said.

He said, "if I really have any other plans?"

After Bai nianxi finished, they did not speak. They stood together and were silent for a while. After a long time, kangmobei said, "Bai nianxi, your choice is never just me, is it?"

This is the full name of Bai nianxi in kangmobei after a long time.

This is also a long time later, Bai nianxi heard the tone of indifference and alienation

from Kang Mobei's mouth. When Bai nianxi heard this, she was shocked. It turned out that their relationship was so close that if he called her full name again, she would feel indifferent.

"You've never thought about really staying with me, have you?"

Kangmobei said, inexplicably more aroused Bai nianxi's anger.

"Why do I have to stay with you? My choice, why can only have you one? "

No, it's not. It's not what she wants to say.

She also wants to stay with him, but reality may not allow her to stay with him.

And even if she left, she never thought of any other choice except conmb. She also loved him, didn't he know?

If anyone else, you should be able to hear the angry meaning of Bai nianxi's words at this time, but things are always seen by the onlookers and the fans in the game.

Kangmobei's eyes are deeper and deeper, deep black pupil, like a deep black abyss, as if absorbed all the indifference in this world.

Only let people feel that the eyes, cold terrible.

"Is it?" Conmobei's face did not have any expression, "it seems that I am amorous, I think you will at least for me, have the slightest idea to stay, and my choice, from beginning to end, you are the only one."

"It seems that I was wrong."

There was a chill in Bai nianxi's heart. She didn't know where the chill came from. She just felt as if she was about to lose the most important thing in her life.

But the more at this time, the more stubborn the bottom of my heart will be.

I think of Mu Rushun again, who has become the fiancée of kangmobei. He doesn't just have her choice, does he?

"Yes, you are wrong, and so am I Bai nianxi said: "in this world, no one is inseparable from who."

Silence is followed by silence.

Conmobei suddenly dropped his eyes and gave a low smile, "you're right."
