

# 《Billionaire CEO Won't Leave》

## Chapter 204

It's not a good thing to be considered the gentlest man in the world by the woman you love.

"It's painful to be a gentleman, too." Musi from pick eyebrows, "maybe today I can't help it."

Bai nianxi didn't take Mu Sili's words seriously. After all, he had so many opportunities to take advantage of her that he kept his gentlemanly demeanor.

He took the wine bottle and was about to open it when he was picked up by mousse.

Bai nianxi said with a smile: "Mr. Mu's gentlemanly demeanor is in his heart."

"But a gentleman is a man. When a man meets a woman he loves, he is no longer a gentleman. " Mousse said as he drove away the red wine, which seemed to have a different meaning.

Bai nianxi is slightly stunned. How does Mu Sili seem to say that she is his beloved woman?

No, No.

Without thinking too much, Bai nianxi held out his hand and took the wine from musu.

Mousse sat down in a place not far from Bai nianxi. She shook the wine glass in her hand. She didn't know if she understood what he said just now.

Just now, he was confessing.

"Recent events have troubled Mr. mu." Bai nianxi takes the initiative to reach out and clink a cup with musu.

Mu Si left Leng for a while, also handed the wine cup in hand, two cups collided,

issued a clear sound.

"No, I should say that to Miss Bai. Is Miss Bai more troubled than me?"

Mu Sili's words made Bai nianxi think of Kang Mobei. It's because of this that she and Kang Mobei have been fighting so far.

I haven't contacted him for several days. I haven't met or talked. I don't know how he is now.

Seeing that Bai nianxi didn't speak, Mu Sili said, "Miss Bai is thinking about Mr. Kang?"

Bai nianxi came back and didn't deny it.

After a moment of silence, Musi Li asked, "what is it like to like someone?"

I don't understand why Musili suddenly asked. Bai nianxi looked at the red wine in his hand and said, "did Mr. Mu like someone before?"

Musi shook his head. "Not before."

Now there are.

"Then I advise Mr. Mu not to try to like someone who makes you uncertain about your future, because that would be painful."

"How painful is it?" Musili seems to want to know.

Bai nianxi thought about it and thought that what he said was not right. "Also, with Mr. Mu's family background, as long as you like it, there should be no one you can't grasp."

"Not really." Mu Sili looked at Bai nianxi and said with a smile: "Mr. Kang's condition is not worse than mine, but I don't think he is living well now."

This makes Bai nianxi stunned again. He just feels that the Musi is a little strange.

It's clear that what he says is Kangmobei, but there seems to be something else in his words.

Bai nianxi gently shakes his head and stands up with a red wine glass. He goes to the window again and looks out of the window. In the early morning, city is still so bright.

Musili also stood up and went to bainianxi. Bainianxi didn't know what he was thinking. He wanted to be a God. Musili didn't know when he came.

Until Musi left behind, bowed his head in Bai nianxi's ear and called: "Miss Bai?"

Bai nianxi was shocked. His feet moved. There was no carpet beside the window. There was some damp on the clean floor. Bai nianxi's feet slipped and fell to one side.

Musi Li quickly reaches out to help Bai nianxi and hugs him.

It's just that the wine in Bai nianxi's hand, because the swing of his arm is too big, all spilled out and all spilled on Mu Sili's face.

Musi closed his eyes and struggled to open his eyes for a long time, "Miss Bai..."

There was a bit of grievance in the voice.

Bai nianxi was surprised, but he didn't care to break free from Musi Li's arms. He quickly reached out to help Musi Li clean the red wine on his face.

The distance and action between the two seemed very ambiguous for a moment.

Mu Sili's eyes fell on Bai nianxi's eyes, then on the tip of his nose, and then on his cherry red lips. Suddenly, there was an impulse to kiss him.

At this time, the door of the hotel, a drop of sound, and then was pushed open.

At the same time, they turned to look at the door. They didn't see anyone. Until they moved their eyes down, they saw luoluoxiaotuanzi, half a person tall below.

Luo Luo looks at two people, a thick jealousy in the eye, shout: "small night --!"

At that moment, Bai nianxi had a feeling that he was caught and raped when he was trysting with his lover in the hotel, and Lolo was the man who was angry and betrayed.

He quickly let go of Musi Li, stepped back a few steps and muttered, "Lolo, why are you here?"

Lolo came up and looked up and down at mousse. He was so angry! He saw all the news during this period. Originally, he wanted to ask Bai nianxi clearly, but his father locked him in the teacher's house and didn't let him come back!

Hum, this man wants to be not only his uncle, but also his stepfather?

Good idea!

He went to take Bai nianxi's hand and said, "Xiaoxi, let's go!"

Bai nianxi is being pulled by Luo Luo, some are at a loss, "Luo Luo, where to go?"

"Where else?" Lolo stops, glances at mousse and swears, "of course, you're coming home with me."

This moment's expression, let a person seem to see the north.

Mu Sili knew what Luo Luo meant, but he was a little dumbfounded. As a matter of fact, he didn't feel a sense of existence all the time.

After brushing the red wine on Shan's body, he said, "Miss Bai, I won't disturb you. Goodbye."

Bai nianxi looked at Mu Sili, who was wet on his face and body. He was very embarrassed, but he could only say: "Mr. mu, I'm really sorry today."

Mu Si Li smiles and goes out. When passing by Luo Luo, he reaches for Luo Luo's head and says, "it's not convenient for you to go home with you now. If you don't feel at ease, you can stay here with her."

Luo Luo snorted. When Mu Si left, he stretched out two little hands and rubbed against Bai nianxi.

Bai nianxi picked Luo up and said softly, "Luo Luo, how did you come here today?"

"Hum, if I don't come here again, Xiaoxi, are you going to run to other men?"

Er, Bai nianxi's expression is a little strange. She always feels that Lolo is possessed by Commodore.

Luo Luo said, holding Bai nianxi's face with two little fat hands, he said: "Xiao Xi, you remember, men are pig hooves, you can't just run away with the men outside."

Bai nianxi is even more aphasia.

"Lolo, who taught you that?"

"It doesn't matter who teaches." Luo Luo frowned, "in a word, just remember Xiaoxi."

When Lolo said this, the black button on his chest flashed.
