

《Billionaire CEO Won't Leave》

Chapter 219

Lolo has had a great time recently.

Since reading the news yesterday, he has been so excited that he can't sleep. At home, he is about to lift up his house.

Daddy and Mommy are finally getting married! Can he be unhappy?

In the future, he is also a child with father and mother!

No, it was noisy last night. I didn't go to bed until three in the morning. When the servant got up early in the morning, he found that the young master who should have been in the quilt had disappeared again.

And the young master was found in the tree in the yard!

"Young master, come down quickly!" The maid of the house was crying under the tree, very frightened.

The bodyguards were also standing under the tree, surrounded by a group of people, hands raised high, ready to pick up Lolo who fell from the tree at any time.

Luo Luo didn't pay attention to the anxious cry, and continued to stay in the tree stubbornly.

The maids below are about to cry. They didn't take care of the young master and let him climb up the tree. It's already their dereliction of duty. Let kangmobei know. I don't know what will happen.

If the young master fell from the tree, the consequences would be even more unthinkable.

"Young master, please, come down quickly!"

"I see. I'll be right down, right away."

Although Luo Luo's mouth answers like this, he rushes forward and rubs against the top, and then looks at the people below with a burst of heartbroken laments.

There is no ladder under such a tall old locust tree. They really don't know how the young master climbed up!

Yesterday, he and Gao Wanqing formally established a love relationship, and Secretary Xing is full of love today.

In accordance with the usual practice to pick up Lolo to class, only to find that there was no one in front of Kang's house. On the contrary, there were bursts of screams from the back yard.

Run over and have a look.

My God!

How did the young master of Jingui climb up the tree! It's still such a tall tree! If you fall down

Just thinking about it, Secretary Xing felt that he had lost his feet.

Ran to the tree, looked up at the head of Lolo, "young master --!"

After a while, Kang Mobei received a phone call from Secretary Xing.

"Mr. Kang, no, young master, young master, he..."

"What happened to him?" Kangmobei was originally looking at the data, and his eyes suddenly narrowed, and the cold light was sent out in his pupils.

"Young master, he I went up the tree and refused to come down. "

.....

"I'll go back now."

After he hung up the phone, he drove back to century manor. When he thought about it on the way, he decided to call Bai nianxi and talk about Lolo climbing the tree.

When conumber returned to century manor, Lolo was still in the tree.

There were a group of people under the tree, all of them craned their necks and watched eagerly. Their arms also stretched out, ready to pick up Lolo who might fall

from the tree at any time.

Looking at the small round body on the high tree, the whole body of conmobei was cold.

"Kang Jingchuan!"

Lolo was in the tree, leaning out and running forward.

Last night, he was so excited by the news that daddy was going to marry mommy that he couldn't sleep. At three o'clock in the morning, he finally pretended to sleep and fooled the servant who coaxed him to sleep.

So he got out of bed again and began to play with lanterns.

He made a small lantern by himself. Mommy told him that it was called Kongming lantern. Write your wish on Kongming lantern and put it in the sky. Then your wish will come true.

But the little round lantern is ready, but there is no candle in it. The lantern can't fly to the sky.

So Lolo put a small lantern on the UAV and remotely controlled the UAV to fly the lantern to the sky.

Unexpectedly, when he remotely controlled the UAV, a gust of wind blew the lantern on the UAV to the tall old locust tree in the yard.

No, Lolo just climbed up the tree.

I watched Lolo climb up to the little lantern, and now he was standing on a twig, shaking his hand to get the little lantern.

But the sudden roar of conmbber surprised Lolo.

Can't he hear it? That's daddy's voice!

So at the foot of an unstable, ah, fell from the tree, the crowd under the tree at the same time with ah, in a hurry to gather in the past.

In less than a second, conmobei had already run under the tree, but he didn't wait for Lolo to fall.

There is no danger.

Lolo is hanging on a branch.

That branch is not strong. It's just right to hang a small ball of Lolo. The branch hooks the collar of Lolo's clothes and hangs Lolo in the air. As soon as the wind blows, it swings around.

The people who watched it were so frightened that they didn't know when they would fall.

Conmber narrowed his eyes, and his face was black. He noticed that there was a branch of Sophora tree stretching out obliquely to the bedside of Lolo's room. The branch was too thin to bear the weight of an adult, but it was not a big problem for Lolo to climb over like this.

That's probably how Lolo got there.

Because there is no high ladder at home, there are only some low ladders for gardening and pruning. Although someone has been sent to get the high ladder back, the person sent has not come back yet.

Now, it's not easy to wait any longer. If that branch suddenly breaks, Lolo

Kang Mobei began to take off his clothes, took off his coat, and then rolled up his sleeve. Secretary Xing beside him was surprised and asked, "Mr. Kang, is this you?"

Kangmo North convergence eyebrows, ordered: "the family's low ladder to move over."

The servant took orders to move a ladder and put it under the tree. Then conmber went up the ladder. Conmber was very strong and soon came up to the top of the tree.

Secretary Xing stood under the tree and looked up. Since kangmobei came here, his heart has been more stable.

I can't help sighing under the tree. It's true that the father's love is like a mountain. I didn't expect that Mr. Kang would one day put down his position and climb the tree. Moreover, Mr. Kang could climb the tree for young master Luoluo.

What impresses Secretary Xing even more is that no matter when, where and what he does, kangmobei is always elegant. Even climbing a tree seems so enjoyable

Conmobei has come to Lolo's side, while maintaining the balance of the whole body, while reaching out to Lolo hanging on the branch.

Finally, like picking a watermelon growing on a tree, conmobei picked Lolo from the branch with one hand and carried him back to his arms.

All the people under the tree were relieved.

"What are you doing climbing up the tree?" he said

Luo Luo is carried in the bosom by the Kang Mo north, stares a pair of small eyes, has not answered.

Kangmobei didn't say any more. He was about to go down the tree with Lolo. However, Lolo ran and pedaled in kangmobei's arms, "I can't go down. My little lantern hasn't come back yet. My little lantern!"

"What little lantern?"

Lolo pointed with his chubby little finger.

Looking from the north of Kangmo, sure enough, from the gap between the dense branches and leaves of locust tree, we can see a piece of white thing, which should be the small lantern in Luoluo's mouth.

"No more." Conmber, with a cold voice, continued to bring Lolo under the tree.

Lolo was very excited. "No way! Lolo made a wish! You can't leave the lantern in the tree, or your wish won't work
