

# 《Billionaire CEO Won't Leave》

## Chapter 231

In this world, Bai nianxi was originally an ordinary person without any trace, but now some people deliberately erase the traces left by her, and even leave nothing.

When Bai nianxi arrived in France, she was depressed every day. She once quarreled with Jiang zhiang, but Jiang zhiang refused to let her go.

Until one day, Jiang zhiang came to her with a man.

He told her that he had found a good way to get rid of her pain and let her forget everything, just as if the past had never happened.

The man Jiang zhiang brought is a famous psychologist. Jiang zhiang asked the psychologist to hypnotize Bai nianxi for a whole month.

Day after day of hypnosis, he even rewrites her memory.

What happened in the past year or so, Bai nianxi never remembered. Instead, she went abroad after graduating from the college entrance examination, came to France, and then met Jiang zhiang.

When Bai nianxi wakes up again, the first person he meets is Jiang zhiang.

Jiang zhiang looked at her with a smile, "nianxi, are you awake?"

The memory has come to an abrupt end.

Bai nianxi knows what happened later.

"Mr. Kang, Miss Bai's injury is not very serious..."

"It's not heavy. Why can't you wake up?"

Conmber had a cold face. His body was oppressive and heavy. He was very cold and terrible.

Bai nianxi has been sleeping for three days in a row. After the accident that day, when he rushed to the car, he only saw Bai nianxi stay in the car, his face covered with blood.

For the first time in his life, he felt the powerless despair, as if the whole world was about to collapse, and everything was going away from him.

He saw her finally look at him, and then closed his eyes. He was so anxious that he was going crazy. He grabbed the overturned car body and took Bai nianxi out of it.

His hand was full of blood, and he could not tell whether it was for nothing or for him. He had only one idea in his head - he could not let her leave him.

After arriving at the hospital, the doctor organized rescue and found that Bai nianxi was not seriously injured. Most of the injuries on his body were scratches. Maybe it was God's blessing.

But Bai nianxi had been lying for three days, and didn't wake up.

"Maybe Miss Bai is suffering from brain damage..." The doctor guessed carefully, for fear of irritating conmobei.

Bai nianxi's brain was injured. The doctor found that the problem was not big at that time. It was just because the injury was on the head, which affected some brain nerves and led to deep sleep.

"So?"

The doctor bowed his head, "maybe it's because he hurt some nerves that Miss Bai can't wake up..."

Conmber's momentum is getting more and more heavy.

The doctor's words made him feel that Bai nianxi would never wake up at that moment, and this feeling made him particularly worried and afraid.

Can't she wake up?

Can't her eyes reflect his figure any more?

Will she ever forget him?

The more he thought about it, the more frightened he was. He roared, "get out of here!"

The doctor shivered under the high pressure of kangmobei and went out in a hurry. When he got to the door, Shen Hedan was waiting outside.

"How's it going?"

Shen Hedan's voice sounded cold and in no mood. The doctor bowed his head respectfully. He didn't know what he was asking, so he told the situation in the ward.

"Miss Bai's vital signs are normal, but she still doesn't wake up, while Mr. Kang is too excited..."

"Well." Shen Hedan nodded and asked the doctor to leave.

Jin Ting stood beside Shen Hedan, looked into the ward, and said, "since the young lady was injured in the car accident, Mr. Kang has been by her side. He hasn't closed his eyes. If the young lady doesn't wake up, I'm afraid he will fall down first."

Shen Hedan's eyes were indifferent and didn't speak.

It seems that kangmobei is sincere to Bai nianxi.

But Bai nianxi didn't wake up all the time, which worried him a lot.

The doctors here are already the best doctors he can find. All the medical equipment is the most advanced, and there is no problem. Bai nianxi is like falling asleep.

He pushed the door and went in. He came to the bedside of Bai nianxi.

Kangmobei is holding Bai nianxi's hand in his hand and sticking it on his forehead. He looks worried and tired.

"Why don't you go and have a rest first, Mr. Kang?"

Hearing Shen Hedan's words, Kang Mobei raised his head slightly and looked at the standing Shen Hedan. His eyes full of blood still showed sharp cold light.

It's a thrill.

That day Shen Hedan informed him that Bai nianxi had been hijacked by Su Yihao, so he rushed there.

Shen Hedan is a man who makes him feel mysterious and dangerous.

He seems to have no malice to Bai nianxi, but what he did to Bai nianxi makes him

elusive. He directly promoted Bai nianxi to the position of president of Panasonic. When Bai nianxi was in danger, he sent someone to inform him. After Bai nianxi's car accident, he found the best doctor as soon as possible

What is he doing all this for?

"Who are you?" Asked conmber.

After Secretary Xing got his orders, he sent someone to check Shen Hedan's information, but nothing was found. Shen Hedan was like a king who was born in the sky, powerful and mysterious.

"You'll know who I am sooner or later." Shen Hedan didn't care about the hostility of kangmobei, and said calmly.

Anyway, sooner or later, conmbe will be his brother-in-law.

"I just want to tell you, don't toss yourself to death before you wake up." Shen Hedan finished and took a look at Bai nianxi on the bed.

In fact, he hasn't closed his eyes for almost three days.

Bai nianxi's face was a little pale. Shen Hedan took a look at it and then turned to leave. There was Kangmo Town, and there was no need for him.

Kangmobei continues to put his mood back on Bai nianxi.

Bai nianxi's eyelashes tremble, as if she is about to wake up at any time. Her occasionally frowning brow makes people feel that she is not in a coma, but thinking about something.

Kangmobei holds Bai nianxi's hand, and his eyes are full of emotion.

Maybe he didn't close his eyes for a few days. He was in a trance. Looking at Bai nianxi, he began to talk to himself.

Murmur read, it seems that there is no logic, but every sentence is the heart.

"Nianxi, do you know? In fact, I've been waiting for you to explain why you did that five years ago. "

"I used to think that you were a cruel person, so cruel that you could leave your own son. Did I make you want to run away?"

"I've been looking for you for three months, but I didn't get any news. Then I gave up. I thought I could let you go."

Speaking of this, conumber bowed his head and gave a light smile, as if laughing at something.
