

# Billionaire CEO Won't Leave

## Chapter 242

"Dad Kang Youqin also cried out with a nervous face. Although she was angry about these things, she still stood on Kang Xinyue's side.

"How can you please yourself, or for the sake of the woman surnamed Bai?"

Kangmo North stood on one side. After Bai nianxi's eyes beckoned to him just now, he never spoke or made any move.

Just when Bai nianxi said the previous things, his eyes tightened again and again, and the green veins on his clenched fists showed.

If he had a choice, he would rather not know what she had suffered before.

All that tormented Bai nianxi, and even more tormented him.

"This is something Xinyue did wrong." Kang Liqing stood aside and said to Kang Youqin in a deep voice. When he spoke, he was looking at Bai nianxi in his eyes. In his eyes, he was searching.

"No matter how wrong it is, you can't hit people!" Kang Youqin is about to run away. Kang Mobei beat her son-in-law, and the old man beat her daughter. How hard she felt!

"It's just a beating. Does aunt Kang think it's too much?"

When Bai nianxi spoke, his mouth slightly raised, "they have trampled my dignity and feelings under their feet, and my innocence and life are almost destroyed in their hands. Aunt Kang, you are used to being superior. Only then do you think that even one life of others is not as important as your temporary dignity?"

"Shut up

Kang Youqin stares at Bai nianxi. It seems that he can't understand why today's Bai nianxi is so aggressive.

Bai nianxi slightly raised her eyebrows. In her eyes, she was cold. "I didn't intend to let anyone do justice for me. I came here today just to make it clear that other people

made me feel bad. I can't just let others live comfortably, can I? I don't have the good quality of "good for bad."

Bai nianxi said, looking at Su Yihao, after a while, Su Yihao's chest pain has been alleviated, although it is still very painful, but keep it still, the impact will not be too big.

Su Yihao and Bai nianxi look at each other. Somehow, seeing Bai nianxi again will only make him feel cold.

Bai nianxi just took a look and turned to Kang Youqin, "aunt Kang, don't you always care about Kang's face? Even your nephew and daughter-in-law have to choose by themselves. Now I tell you that your future son-in-law is a murderer. I don't know what you will do? "

Su Yihao was so excited that he coughed a few times, which made his ribs ache.

By doing so, Bai nianxi forces Kang Youqin to drive him out of the house!

She knew what he wanted and what he cared about, so she did it on purpose!

After a meal, Bai nianxi was not in the mood to stay in the old Kang's home. He turned around and was ready to leave.

Suddenly, he was held by Kangmo north. Bai nianxi looked back with a trace of incomprehension in his eyes.

It's chilly to the north of Como. Before he leaves, he has one more thing to announce.

"Bai nianxi, from today on, is my wife of kangmobei."

All the people in Lao Kang's family trembled at the words.

In fact, it's not unexpected. It's just that they can't accept it for a while.

Especially after what happened just now.

"Mo Bei, you..."

"This is the paternity test report of Nian Xi and Luo Luo." Conmber took two pieces of paper in his hand. "Nianxi is Lolo's biological mother."

Dead silence.

After putting the paternity test report on the table, Kang Mobei leads Bai nianxi and Luo Luo to turn around and leave.

Here, he didn't want to stay any longer for a second.

Back in the car.

"When did you do the paternity test for Lolo and me?"

"Not long ago." Kang Mo North calm face, facial expression let white read night all feel terrible.

Kangmobei first told the driver to send Luo Luo to the teacher, and then took Bai nianxi back to century manor.

Lolo's face is the same gloomy as that of conumber. It's really against his will to appear on a white and fat face.

Just because he had just heard all the conversations of Lao Kang's family, although he was young, he had strong understanding ability and good logical thinking. He probably knew what Bai nianxi said.

He won't forgive those who hurt Mommy.

After returning to century manor, conumber directly pulled Bai nianxi into the room.

"He said

"Say what?" Bai nianxi rubs the wrist that is hurt.

"Talk about your past." Kangmobei looked at Bai nianxi, the darkness in her eyes seemed to swallow her up, "I want to know everything you've ever had, everything."

Bai nianxi sighed in her heart, and let her face this kind of kangmobei, which is more painful than letting her tear Su Yihao and Kang Xinyue.

"Do you really want to know?" "I have the right to know." Conumber's voice was somber and firm.

I don't know. How do you want me to take it out on you?

It was particularly dark that night, dark, overcast and cold.

Bai nianxi talked to kangmobei for a long time. Strangely, she thought kangmobei

would be angry, but she didn't. kangmobei just went into the study alone and stayed all night.

Bai nianxi didn't go to find him. He wrapped up his quilt in the room.

It seems that even the weather in a city has become so bad when kangmobei is in a bad mood.

I don't know when I fell asleep. When I woke up, I was warm.

Looking around, conmberg was sleeping by his side.

The best day is to get up in the morning and have you around.

Kangmobei doesn't seem to wake up yet. Bai nianxi doesn't dare to move for fear of waking him up. He looks at the quilt on his shoulder sliding down and reaches out to pull it, but he is suddenly taken into his arms by kangmobei.

"Awake?" A slightly hoarse voice came from the top of my head, and there was a touch of sexy.

Bai nianxi said, "when did you wake up?"

"Just now."

Bai nianxi didn't say anything. He heard the voice of Kang Mobei coming from his head again. "Wake up when you wake up. Today, we still have a very important thing to do."

"What's the matter?"

When Bai nianxi came to the Civil Affairs Bureau, he knew what the important thing was.

Conmber brought her to get the license.

Get the license!

The key is, with her, there is no meaning to avoid others!

There are many ordinary citizens coming in and out of the Civil Affairs Bureau every day. Commobei is also a natural eye tracker. Where it is, people's focus is. At this moment, there are countless pairs of eyes looking at them.

Bai nianxi feels very uncomfortable. He wants to find a crack in the ground, but he is forced to lift his chin by Kang Mobei.

"What are you hiding from? Do you think it's a shame to marry me? "
