

Billionaire CEO Won't Leave

Chapter 245

Bai nianxi immediately stood up. Although Kang Mobei didn't say it was serious, Bai nianxi's heart still seemed to be seized by others. Her hands twisted her heart and made her suffocate.

At this moment, Lolo is gone.

A woman's sixth sense tells her that this is a man-made affair, which is aimed at her marriage to conumber.

Sure enough, happiness will not come too easily. The more critical the moment, the easier it will be.

It's just that Lolo is innocent!

Just when it was their turn to get the certificate, they walked out of the Civil Affairs Bureau.

Fuhua villa area.

Lolo's special teacher's home is here.

"What's the matter?" After getting out of the car, commo North strides over to the security room. The graceful and leisurely footsteps reveal the anxiety.

Secretary Xing put out the monitoring of the villa area, adjusted a few scenes, cut to the north to see.

In the picture, a man dressed in black walks along the stone road of the community, holding little Lolo in his arms.

Lolo's mouth was taped by the man, and his legs and feet were grasped by the man with his hands and backhands. Although Lolo was struggling, it still didn't help.

The disparity of power is too great.

"So far, I haven't received any news?" Kang Mo North's brow is a school to kill and dignified, turn to Xing Secretary to ask a way.

It is reasonable to say that if they kidnap, they will certainly have their own purpose. If a man has kidnapped Lolo, there should be news now that he has asked them.

Secretary Xing shook his head, "No."

Conmobei glanced at his watch, an hour after the monitor showed that Lolo had been taken away.

An hour later, the man should have taken Lolo to the planned place and hid him.

"Tell this to the police department in the city, and then go directly to Director Wang of the traffic bureau. I want to monitor the road condition of the whole city."

Kang Mo asked to go on, and Secretary Xing was very busy.

Bai nianxi stares at the screen in the monitor and looks pale.

"What's the matter?" Kangmobei realized that there was something wrong with Bai nianxi.

Bai nianxi's eyes are staring at the man in the picture without blinking. The man's whole body is wrapped tightly, and it can be seen that he has been carefully disguised.

However, this figure, Bai nianxi saw for four years, is not strange.

The man in the surveillance may be Jiang zhiang.

After Bai nianxi said what he thought, Kang Mobei was stiff.

If it is Jiang zhiang, his purpose is self-evident, and his kidnapping of Lolo is not difficult to understand.

At the same time, Kang Mobei looks at the man in the video again. Indeed, in terms of body shape and weight, he is very similar to Jiang zhiang.

Before he can say anything, Bai nianxi has taken out his cell phone and called Jiang zhiang.

"Hello." There is a man on the phone, but not Jiang zhiang's voice.

"Is that Miss Bainian Xibai?" Without waiting for Bai nianxi to speak, the man over there has opened his mouth first.

Bai nianxi nods and confirms Bai nianxi's identity. There seems to be a reassuring breath from the phone. Bai nianxi is about to say something, and Jiang zhiang's voice comes out of the phone.

"Nianxi, I knew you could recognize me. After all, we used to be the closest people."

There seems to be a faint roar of electric current in the voice. Compared with the voice of the man who answered the phone just now, it doesn't sound very clear, and I can't feel the breath between the lines.

It's a recording.

"Yes, I took Lolo. Lolo is with me now, and I can't tell you where I am. Why don't we play a game, hide and seek? You come to me and see if you can find me

In the recording, Jiang zhiang laughs twice and says, "don't worry, Lolo is with me. I will take good care of him. He is your son, which is naturally my son. Today I take him out, but I want to play with him..."

"I know that if I take Lolo, you will be worried and scared, and I don't want to do so, but who makes you have to be with conmobeir?"

Jiang zhiang's voice suddenly gloomy up, "who let you abandon me, abandon the true love you, wholeheartedly for your good, to choose that used to want to kill you of kangmobei? You owe me what you forced me to do. "

Bai nianxi's lips turned white, and a sense of fear rose in his heart.

Since she recovered her memory, her impression of Jiang zhiang has been completely different.

Jiang zhiang approached her with ulterior motives at the beginning. Later he took her away from conmber and brought her to France, which made her lose her memory and even rewrite her memory with hypnosis.

All this just made her feel that Jiang zhiang was terrible. He must have a purpose, but she didn't know what it was.

In short, it can never be like what he said, because of her, for his love for her.

This man, dangerous, paranoid, gloomy, terrible. And Lolo, now in the hands of such a

man.

"Isn't conmobeim great? Then let's have a competition to see if I took Lolo to hide for a long time, or if conmber's method is more powerful and can find Lolo? "

"I'll give you three hours. In three hours, if you haven't found it, Lolo will have to die."

Bai nianxi's breath stagnated.

There's Jiang zhiang's voice over there. It sounds like Bai nianxi's familiar tenderness.

"Nianxi, are you scared? Don't be afraid. I'm kidding you. How can I let Lolo die? Your child is also my child. As for three hours later, if you haven't found Lolo, don't worry. He'll be fine... "

At this point, the recording has been played.

Jiang zhiang didn't say what he was going to do.

"Miss Bai, did you hear that? Mr. Jiang said that as long as you listen to this recording, you will know the rest. "

Then the man over there hung up.

After Kang Mobei came here, a few people in black came here after a while. When Bai nianxi hung up, Kang Mobei glanced at the people in black standing next to him and said, "found it?"

The man in black is holding an electronic display screen in his hand. "It's located in the east of the city..."

"It's no use." Bai nianxi's pale face revealed a trace of helplessness. "Jiang zhiang had a plan. He was very alert. What he played just now was a recording he had recorded in advance. He was not there."

"What did he say?" Kangmo's eyes are like ice cones.

Bai nianxi repeated what Jiang zhiang said to Kang Mobei in a trembling voice.

For a moment, there was silence in the security room.

"Let's go to the police station to check the surveillance first." With that, Kang Mobei goes out. Secretary Xing has already informed the police department. Now there should be a special person to check and monitor.
