

# Billionaire CEO Won't Leave

## Chapter 251

Shen Hedan came out from the door of the roof, followed by Shen Shimo. Shen Shimo was slightly stunned when he saw the scene on the roof, as if he didn't expect it. Then his eyes were on Bai nianxi.

He only saw Bai nianxi's picture, but not her real person. Today, it's the first time.

After Shen Hedan opened his mouth, Jiang zhiang's eyes came over, and followed Shen Hedan to see the silence behind him.

Shen Shimo knows him, so at the first glance, he basically determines the identity of the speaker, which should be Shen Hedan.

"I don't care what deal you have reached, but you kidnapped my little nephew and threatened my sister. Do you really think you can still reach my Shen family?"

Shen Hedan said that everyone has a different face.

Jiang zhiang was anxious, but he didn't think of it at first. Now Shen Hedan said that, which made his heart beat.

Bai nianxi's eyebrows were tightly tightened. Shen Hedan's meaning in his words was very clear. Looking at Shen Hedan's eyes, he was puzzled and then shocked.

Lolo, his nephew, and she, his sister?

If so, what Jiang zhiang has done will make sense.

However, without waiting for Bai nianxi to think too much, Jiang zhiang's mood has been excited. Here, he has no way back!

"In a word, my request is very simple. Now Lolo is in my hands. If you want your child to live, let Bai nianxi marry me!"

In the past four years, he couldn't tell exactly what kind of feelings he had for Bai

nianxi.

Maybe it was a use at the beginning, but if the play was too real, it was easy to fake it. All he knew was that he didn't want to see Bai nianxi and Kang Mobei together. He never wanted to!

For this, he even destroyed his own children.

Gu xuanlin will probably never know that Jiang zhiang is the one who wants their children to die most. In the end, Jiang zhiang is also involved in the death of their children.

Who knows? No one knows.

Who does he do all this for?

People in the world are always not crazy and do not survive.

"Well, I promise you." Bai nianxi looks at Jiang zhiang, and his voice sounds soft, like consolation and persuasion. "You let go of Lolo, I'll go with you, I'll go with you."

"We continue with our unfulfilled promises and live the life we wanted to live together." Bai nianxi said, moving slightly to the other side of Jiang zhiang, narrowing the distance with Jiang zhiang.

Kangmobei looks at Bai nianxi and listens to what she says. His heart chokes.

Although he knew it was just a lie, he was still in agony.

But he soon picked up his mood, fixed his eyes on Jiang zhiang's face, noticed the slightest change in his face, and his body was quietly moving in the direction of Jiang zhiang.

"Whatever you want, I promise you." Maybe it's because the weather is too cold. When Bai nianxi talks, his voice is trembling.

Unconsciously, Bai nianxi has moved to a place very close to Jiang zhiang.

Jiang zhiang was alert immediately, "don't come here! If you come here again, I'll drop Lolo right away

Shen Shimo looks at all this and gradually lacks patience. Obviously, Jiang zhiang has his own plan. If he doesn't pave his way, he won't let Luo Luo go easily.

I raised my watch and looked at the time. I didn't want to spend it any more.

There's a message coming out of the phone.

"I tell you, don't think I'm easy to fool, you promise now, and you can go back after you go back." Jiang zhiang was drenched in the rain, and his lips were already purple. "I have the conditions."

"You said Anyway, Bai nianxi promised to come down first, she can delay, Luo Luo can't delay any more.

"I want -"

"bang!"

Jiang zhiang's words just came out. With a sudden flash of his body, his voice stopped abruptly. The color of the black suit coat on his chest seemed a little darker, and everything was the same. Only when the rain dripped down the corner of his clothes on the ground, could he tell that it was the color of blood.

It all happened in a flash.

Immediately, Jiang zhiang's body fell back.

Bai nianxi's heart suddenly stagnates, and then immediately rushes forward to pull back Luoluo in Jiang zhiang's hand.

In the wind, Bai nianxi seems to hear Jiang zhiang's voice, "nianxi, come with me."

Bai nianxi catches Luo Luo, but his arm is also dragged by Jiang zhiang. Three people fall from the roof together.

When kangmobei rushes by, he catches the corner of Bai nianxi's clothes. After a broken sound, what is left in his hand is just a wet and broken corner of his clothes.

There was another "bang" sound, the same shot, but the bullet hit conmobei.

The gurgling blood oozing from his abdomen made him unable to move. The crowd on the top of the hospital building was in a riot, and the police also surrounded it. In city a, there were people with guns!

The wind on the top of the building is very strong, and the rain is falling more and more. The rain is flying wildly with the wind, which makes people drenched. Bursts of coldness come to the bottom of people's heart and cold into people's bone marrow.

The sky is more gray, and with the wind, seems to be shouting, roaring.

The whole city is in winter.

Two years later.

Kangmobei is sitting in the car with enough heating. The car is very warm. It's raining outside the window. The whole city is in the bleak of winter.

It was the second winter after Bainianxi and Lolo left.

Whenever it's cold, it seems that Kangmobei's abdomen will ache faintly.

When the door was opened, Secretary Xing went to the driver's seat and handed the coffee he had just bought to Kangmobei in the back seat.

"Mr. Kang, Qianqiu group has 12 minutes left for the meeting."

Kangmobei droops his eyes, takes coffee in his hand and sips it. The smell of coffee comes over, and Secretary Xing can smell the bitter taste sitting in the front seat.

In the past two years, President Kang has become more and more fond of bitter coffee. The stronger the coffee, the better.

"Well." Kangmobei answered with a deep voice, and then said, "in the past."

Secretary Xing stepped on the accelerator and sped away in one direction.

Qianqiu group is a company that has only entered a city in the past two years. After coming to a city, Qianqiu group has expanded rapidly. It seems that Qianqiu group has emerged overnight, and there is no other company in the limelight.

Since Bainianxi and Luo Luo left, Kangmobei has been working day and night, spending less and less time in a city. They are basically on business all year round, shuttling between countries by plane.

Kangshi group's focus is no longer in city A. In the past two years, Kangshi's international business cooperation has become more and more, and its international expansion speed has become faster and faster.

Perhaps this gives Qianqiu group an opportunity. Kangmobei turns a blind eye to it, but it is enriching Qianqiu's courage.

Hundreds of millions of projects have been snatched by informal commercial means. Not to mention that kangmobei didn't care much about it, it's just that Mr. Xie, who has been in charge for thousands of years, has come to kangmobei.

Today's meeting was originally a meeting between the two parties.

But that Xie always unexpectedly said, let Kang Mo North run to their company.

When Qianqiu group came to deliver the message, Secretary Xing almost dropped his chin to the ground.
