

Billionaire CEO Won't Leave

Chapter 253

The woman's gentle voice came here, and the assistant of general manager Xie, who had been standing on one side and kept silent, came forward and whispered a few words in general manager Xie's ear.

Xie's face changed slightly, and then he looked at kangmobei. Kangmobei was half squinting, as if disdain to look at him.

When he went back, Secretary Xing still followed kangmobei. After opening the door for kangmobei, he returned to the driver's seat and was ready to drive away.

Kangmobei suddenly said: "Qianqiu group, what's the matter?"

In the past two years, commobei has been flying around the world, and rarely takes care of domestic affairs. In a word, commobei's position in city a has been as stable as Mount Tai. As long as the company's top management can make normal decisions, there will be no big problems.

He didn't care about Qianqiu group, but now, he suddenly provoked in front of him.

Secretary Xing has already prepared the information of Qianqiu group. When kangmobei opens his mouth, he will send it to kangmobei.

Conmber took it in his hand and looked at it at will. Everything on the data seemed to be OK.

"Tonight's schedule?"

Secretary Xing took a look in the rearview mirror and said, "there's a meeting in Germany. It's an 8:00 p.m. plane."

Conmber answered.

After a pause, Secretary Xing seemed to have a mental struggle before he said, "the Kang family said that they have arranged a dinner for you at 7 p.m., which may be too late. Do you want to postpone your trip to Germany?"

"No "After working in the evening, go directly to the airport," he said

Secretary Xing was silent for a moment, and decided to say, "Mr. Kang, if you don't go this time, you'll be standing up to the old man 12 times in a row."

"The old man said last time, if you have another time, he He's going to drive you out of the Kang family. "

Connobei's face was full of disapproval, "every time my grandfather said that."

.....

Secretary Xing has a headache.

The shot two years ago didn't kill Kang Mobei. On the contrary, after Kang Mobei woke up, the news that Bai nianxi and Luo Luo disappeared almost took away Kang Mobei's will to survive.

During the period when Miss Bai and young master Luoluo had just left connobeir, connobeir drank, smoked and drank every day, and didn't know what he was like.

Even once, because he drank too much wine, he fell unconscious in the office. When he was found, his life was on the line.

Rushed to the hospital, gastric lavage, rescue, surgery, not easy to pick up a life.

After that, commobei has been in the doldrums for a long time, and its originally gloomy and cold character has become more uncertain. If the vice general executives of the company have any small problems in their work, they will get a lot of criticism from commobei.

However, in just one month, the company's executives alone fired more than a dozen.

So that everyone in the company is in danger. Every day, they live a conscientious and cautious life. They are afraid that if they don't do well, they will be rewarded with a bowl of fired squid.

Later, komobi devoted himself to his work, day and night, for fear that he would be idle.

Kangshi's industry has been expanded again, and the development at home and abroad is bright.

People admire Kang Mobei's ability and means. Only Secretary Xing who follows

Kang Mobei knows how lonely he has been in the past two years.

I still drink too much, but I don't drink too much. I only drink a few cups every night before I go to sleep. It seems that I can't sleep without alcohol.

Kang Taiye was angry at first, but he was still distressed to see his grandson like this. Kang Mobei's wife, he didn't ask much, just like himself.

But looking at the past two years, I still can't see the shadow of a woman around me, so I'm in a hurry.

This is not, trying hard to give kangmobei frontier women, even a meal is good, but kangmobei is ungrateful.

In just two years, komobi has lost a lot of weight, and the whole person's momentum is more fierce and tough, and more silent and steady.

What remains unchanged is arrogance and unbridled in the face of provocation.

Secretary Xing sighed, and after returning komobei to the company, he once again confirmed the itinerary with the German side.

Las Vegas.

In front of the bright French window, there are two figures, a man and a woman. The figure of the man is tall and straight, and the figure of the woman is elegant and charming.

"See?" Shen Hedan slowly shook the red wine in his hand and looked out of the window. Out of the window, he saw the endless Gobi desert.

"Well." The woman nodded and looked lazy, but her eyes were a little deep.

"You haven't been back for two years, have you?"

Bai nianxi didn't answer.

It's two years, one month and six days.

Four hundred and one days.

Two years ago, she fell down with Luo Luo and Jiang zhiang. At that time, Shen Hedan made people hold up the air bed below. They fell on the air bed. The abandoned hospital was about seven stories high. Even if it fell on the air bed, it fell into a coma

on the spot.

Shen Hedan's people directly take Bai nianxi and Luo Luo away. On the top of the building, Kang Mobei is shot. Everything is in a mess. Kang Mobei and Bai nianxi are separated.

"He's been looking for you." Shen Hedan said with a smile, "it's just that he didn't expect that I took you to hide in the Gobi desert."

Kangmobei later went to the United States to find Shen Hedan, but Shen Hedan deliberately avoided them.

Bai nianxi didn't answer again, which was what she thought.

Shen Hedan took back the sight of looking out of the window and landed it on Bai nianxi's face. Seeing that her beautiful eyes were dotted with loneliness, she patted Bai nianxi on the shoulder and comforted him: "when the Wei family's affairs are over, you can get together."

Speaking of the Wei family, their faces were cold.

"Do you really want to do it over there?" This is what Bai nianxi said.

Shen Hedan nodded without hesitation.

Bai nianxi's eyes flashed, "after all, he is also a half brother. His blood relationship is still there."

"When they hit you, they didn't give in." Shen Hedan's voice is very cold, cold to despair.

He has long found out that the shot to Jiang zhiang five years ago was fired by Shen Shimo's men.

Knowing that Luo Luo is in Jiang zhiang's hand, he still shoots at Jiang zhiang. Bai nianxi is still standing not far away from Jiang zhiang. The bullet will probably kill Bai nianxi.

It turns out that Bai nianxi and Luo Luo would have died if he hadn't made preparations downstairs.

As for the shot of commo north middle school, he also thought it was a bit strange, but he didn't think too much about it and put the account directly on Shen Shimo's head.

If it wasn't for the power of the Wei family, Shen Shimei would have died as early as two years ago.

Bai nianxi sighed a little, turned and walked to the sofa behind him, sat down and turned on the computer in his hand.

In the past two years in the Gobi, apart from taking over some of Shen Hedan's affairs, she usually did painting.
