

Billionaire CEO Won't Leave

Chapter 257

In the past two years, apart from Shen Hedan, Bai nianxi has never been in close contact with any other man. Therefore, when a man pours on him, Bai nianxi's first reaction is to resist.

Because of his vigilance, Bai nianxi resolutely went to the top with his elbow. During the two years in Gobi, Bai nianxi practiced some basic martial arts to defend himself.

But the man is also a practitioner. When Bai nianxi's elbow comes over, a hand has been quickly stretched forward to control Bai nianxi's backhand, and tightly confines Bai nianxi in his arms.

Then, there was a hard object in Bai nianxi's heart. In Bai nianxi's ear, he threatened in a low voice: "don't move."

It's a gun.

Just at this time, the mobile phone screen that Bai nianxi put on the desktop just now lit up. It was a message from Mr. Z: "I'm here."

Then, the door of the box was pushed open, and a tall man appeared at the door.

Because he was held in his arms by the man in white, Bai nianxi's vision was covered by the man's broad shoulders. Therefore, Bai nianxi could only see the figure of the man at the door through the corner of his eyes.

Tall, slender, tall and straight.

The man was going to walk in, but when he saw the two overlapping figures inside, his body was obviously stunned and seemed to be frozen for a moment.

The man in white threw himself on Bai nianxi, and another hand seemed to be on Bai nianxi's chest. The two men's movements seemed very ambiguous.

The man who came in was stunned for a moment, then turned and backed out.

There was music playing in the coffee shop. Bai nianxi couldn't hear men's footsteps. He just felt that the momentum of the figure seemed to be heavy.

After the man went out, the man in white was still lying on Bai nianxi's body. Bai nianxi subconsciously pushed it with his hand. His voice seemed a bit wary and indifferent. "Hey, how long do you want to stay on me?"

But the man on the body was still, as if he was asleep. A warm feeling came from his chest. Bai nianxi felt that something was wrong.

Push the man down, as if the man is not forced, turn over from Bai nianxi and lie down on the chair.

The man's eyes were closed and he had fainted. I didn't feel it before, but now the sweet smell of coffee in the air is fading, and the faint smell of blood begins to diffuse.

At this time, the door of the box was pushed open again. Anqing came in with people. His face was a little anxious. He seemed to be slightly relieved at the moment when he saw Bai nianxi.

"Are you all right, miss?"

Bai nianxi shook his head and pointed to the man in white who fainted on the chair. "What's the matter with him?"

Anqing looked at the man in white and said, "I don't know. When our people found him, he had rushed to your box. We wanted to bring someone here, but your guests seemed to come, so we didn't move."

"My guest?" Bai nianxi's brow slightly wrinkled. It seems that the man just now is Mr. Z. "Did you see him clearly?"

An Qing shakes his head. "The light is dim. He carries the light on his back. He can't see clearly, but..."

"Just what?"

"It seems very handsome." Anqing slightly lowered his head, said is very sincere.

When the man came over just now, the women next to him looked at him with their heart in their eyes. This should be true.

What's more, in Germany, there are foreign handsome men with high nose and deep

outline everywhere. That man can attract so many women's eyes, which is enough to see his outstanding appearance.

Bai nianxi felt a little headache and rubbed his forehead. "Anqing, are you from Jinting?"

An Qing is surprised, "Miss, how do you know?"

Don't you know, just rely on these two people's stupid and cute style.

Seeing that Bai nianxi didn't want to answer, Anqing asked again, "Miss, how does this man deal with it?"

Bai nianxi glanced faintly, "find a place to throw it."

"Throw it away?"

With a sigh, Bai nianxi changed his mind again, "forget it, take him back, save his life first."

The gun on the man seems to be a gunshot wound. He has just shed so much blood. If he is really left here, he will die soon. The key is that if he really dies here, the police may have to find Bai nianxi's door. That will add a lot of trouble. Bai nianxi doesn't want to reveal his whereabouts.

Let anqing with people will be white man quietly transferred out, white nianxi also went out from the box.

Open the cell phone, inside is the message sent by Mr. Z before - "I'm here."

Bai nianxi looks around. I don't know if Mr. Z is still here, but it is this look that makes her see a familiar figure.

Musili!

What's her luck? In the past two years, she has not been easy to travel abroad. One by one, she has met many acquaintances who would make her feel difficult. Musi Li is also looking around, as if looking for something. Bai nianxi immediately hides to one side and finds a wall to cover himself.

This position is very good. Musi can't see Bai nianxi, but Bai nianxi can see musu.

After looking around, Musu took out his mobile phone and unlocked it. His slender finger pointed on the screen. It seemed that he had sent out some message.

At the same time, Bai nianxi's mobile phone rings, the screen lights up and news comes.

"It seems that you are inconvenient today?"

Thinking of the scene in the box just now, Bai nianxi felt that Mr. Z might have misunderstood something.

"Indeed It's a little inconvenient. Where are you now? "

Musi on the other side looked down at the mobile phone in his hand. His pretty eyebrows frowned slightly when he saw the message coming from the mobile phone. Then he knocked on the screen, sent a message and turned away.

Bai nianxi's mobile phone rang again, "no, I'm ready to go."

Seeing the news from the mobile phone, Bai nianxi subconsciously looks at Mu Sili's back. He has turned away.

Just now when we sent the message, it seemed that everything was just right for him and her. Just after Mr. Z said he was going to leave, moussili also turned around and left.

A guess emerges in my heart. Bai nianxi looks at the direction of Musi's departure, and his eyes become far-reaching. Is the mysterious Mr. Z Musi's departure?

If it were him, everything would make sense. It's not surprising to see Bai nianxi's stone from the perspective of musili's artistic appreciation. Besides, he also has the strength and financial resources to buy a painting with 100 million dollars.

What's more, he also meets the requirements of an Qing's saying that he is very good-looking.

Is it really him?

Without further thought, Bai nianxi went back to the hotel room first. He didn't have dinner in the evening. Now he was a little hungry, so he ordered a meal and sent it to his room directly.

The meal arrived soon and the doorbell rang.

Bai nianxi got up from the sofa and went to the door to open the door. Two waiters were standing at the door with trays. One of them said in English, "Ms. Shen, your

steak and pasta."

Bai nianxi is outside, all of them use the name of Shen youyou.
