

Billionaire CEO Won't Leave

Chapter 260

Bai nianxi smiles, and his voice is very gentle, "don't you want to repay me, OK. But there are so many ways to repay your kindness. In addition to making personal promises, there is another one called "being a cow and a horse." do you know that? "

Qin Nanfeng's eyelids jumped. He had a bad premonition, which was still very strong.

Then, Bai nianxi said, "since your injury is not serious, I'll give you another two days. In two days, you can take care of your injury. There are still many things you need to do in the future."

Qin Nanfeng's eyes were fixed. The woman was really smart. Now with this posture, he could almost foresee the future when she would treat him as an animal.

"What's more, it's too bad of you to use this bitter trick." Bai nianxi shook his head, "if the trick is too bad, it's better to say your purpose directly, maybe you can win others' trust with your honesty."

With that, Bai nianxi asked Anqing to send Qin Nanfeng back.

Qin Nanfeng's face is covered with some unhealed cracks. Anqing takes him out. When he was sent here, didn't he still say that this woman is stupid and deceiving?

When anqing takes Qin Nanfeng to the door, he just meets kangmobei coming back from the outside. He goes to the door of the room and meets Anqing and his party.

After last night, Bai nianxi asked people to install a small pinhole camera outside her room. Bai nianxi could see the situation outside the room clearly.

At this moment just through the camera hair is just back from the outside of the north, the heart suddenly a tight.

Anqing went out as if nothing had happened. He didn't know kangmobei, but Qin Nanfeng's eyes fell directly on kangmobei. While Qin Nanfeng was looking at kangmobei, kangmobei's eyes were sharp as an eagle.

Two people's eyes in the air seems to have a moment of confluence, it is also that

moment, Bai nianxi's heart was suddenly raised.

Kangmobei is a very alert person. Qin Nanfeng's eyes are so blatant just now. Will he notice anything from it, and then begin to notice her who lives next door?

Fortunately, Anqing and his party didn't seem to arouse kangmobei's interest. After looking at each other, kangmobei immediately withdrew his sight and calmly entered his room.

On the contrary, Qin Nanfeng was in a happy mood. As he walked, he hummed a song.

After kangmobei returned to his room, Bai nianxi also went back to the inner room, and then he heard the sound of pushing the door next door from the balcony.

Each room of the niston hotel has an open balcony. Bai nianxi and the balcony of commo north are adjacent to each other. Bai nianxi listens to the sound and guesses that commo North went to the balcony.

Unconsciously also went to the balcony of the bed, dare not from the balcony of the glass door is too close, afraid of Commodore North found something strange, can only stand behind the curtain, looking at the faint figure.

Kangmobei seems to be sitting down on the balcony, looking at something in his hand. Bai nianxi guesses that, according to his habit, he should pour himself a glass of red wine now.

Because the balcony is outside, the sound insulation is not very good, only separated by a glass door, Bai nianxi can clearly hear the movement outside.

A mobile phone rang.

It's comber on the phone. Get through. "Hello Well, let her in. "

After a while, a woman's voice came from outside the balcony. She spoke German, but Bai nianxi couldn't understand it. It was just that the voice still clearly heard the charm and enthusiasm of the Western women in the voice.

Bai nianxi doesn't have the habit of listening to the corner. It's just that she and kangmobei have been separated for a long time. Now kangmobei is the sun to her. Wherever he goes, she tends to light and heat. She can't help but want to follow him.

For two years, there was no woman around kangmobei. Now suddenly, a woman appeared and talked with kangmobei happily.

The feeling in Bai nianxi's heart, I don't know how to describe it.

After talking for a while, the voice from the balcony stopped, and then came the sound of opening the door. The two seemed to enter the room.

Bai nianxi reached out and pushed the door open. He walked to the balcony carefully and looked at the place where Kang Mobei had just sat. He didn't know what he was thinking. His face was a little stunned.

All of a sudden, the door of the nearby balcony was pushed open.

Bai nianxi squats down subconsciously, because the green plants are planted on the balcony, so it can almost block Bai nianxi's figure.

Bai nianxi looks annoyed. She thinks that Kangmobei won't come out again. She knew she shouldn't come out. Now it's hard to stand up and show up. She can only squat in the corner to hide her body.

Kangmo north still went to the previous position and sat down. That position was the closest to Bai nianxi's balcony. Bai nianxi seemed to feel the coldness from Kangmo north.

Before the woman is probably gone, the balcony is now only a person, for a while, very quiet.

Today's sunshine is good, a golden sprinkle on the balcony, Bai nianxi back against the fence sitting on the ground, the atmosphere is quiet and beautiful. It's good to be able to stay so quietly with combe.

"Ding", Bai nianxi's mobile phone suddenly came a message, the message prompt sound in a quiet is particularly harsh.

Bai nianxi was so scared that he almost didn't cry out. His mobile phone almost fell to the ground. Before she settled down, a deep male voice came from the next room, "who?"

There was a little vigilance in the voice.

Bai nianxi claps his head with his hands clenched. It's so terrible that news comes at this time.

Kangmobei narrowed his eyes and said, "1202?"

1202, it's Bai nianxi's room number.

The meaning of inquiry in Kangmo north dialect is very obvious, and the dangerous meaning in it makes Bai nianxi have no doubt that if she doesn't answer him, he will probably turn over the balcony to look for her.

After thinking about it, Bai nianxi decided to sit on the ground, stretched out a hand and motioned at the top of his head, indicating that someone was on the balcony.

Conmobei only saw a white hand coming out of the balcony next door, shaking among the green plants.

From this point of view, kangmobei can't see the chagrin and helplessness on Bai nianxi's face, and Bai nianxi can't see the corner of kangmobei's frozen mouth. The smile suddenly passed by and disappeared in a moment?

Conmobei did not ask any more, but lowered his head to see what he was holding.

Once again, Bai nianxi received a message.

Bai nianxi clenches her fists. If she knows who is sending messages to her at this time, she really wants to Is that Mr. Z?

The first message is: "I just have time today. Let's meet."

The expression on Bai nianxi's face is slightly stiff for a moment, meet today?

Then the second one was, "I was waiting for you at the place where I was last night."

What? Where has Mr. Z been waiting?
