

Billionaire CEO Won't Leave

Chapter 262

Qin Nanfeng took a look at Bai nianxi. The dissatisfaction in his eyes was obvious, but he agreed, "OK."

When Bai nianxi finished his meal, Qin Nanfeng cleaned the room almost. The room was already clean, and Qin Nanfeng just cleaned it up a little.

Bai nianxi pushes away the plate in front of him, "washed it."

"What?"

"I said, yes." Bai nianxi's pretty eyebrows frowned discontentedly. "If you don't have a good hearing and I have to say everything twice, you'd better not give me any trouble."

Qin Nanfeng stood in the same place and blinked his evil eyes, as if he were innocent: "these plates will naturally be recycled, so I don't need to wash them. You see, when you pay for a meal, the dishes have to be washed before they are sent back. Isn't it that you don't make the best use of everything

Bai nianxi took a look at Qin Nanfeng and said faintly, "you come to serve me. I'll let you wash the bowl, and make the best use of it."

Qin Nanfeng breathed out a breath, perhaps because of angry smile, the smile of the corner of the eye brow is more enchanting, "good."

Bai nianxi lies back on the sofa, holds his computer, opens the web page to browse, and does not take charge of Qin Nanfeng any more. After a long time, he frowns and says, "it's not finished yet?"

Qin Nanfeng came out of the bathroom. The clothes of the waiter he was wearing had already been taken off. He only put a bath towel around his lower body. When he came to Bai nianxi, his whole body was full of fragrance.

When Bai nianxi saw this, his eyes became confused and alert. When he washed the dishes, he still needed to take off his clothes?

Qin Nanfeng stretched out his finger and pointed to the clean plate beside him, which

means that he had finished washing.

"Well, you go back first. Remember to take the plate away."

The slender breath came out of Qin Nanfeng's mouth. When he spoke again, his voice had become hoarse and ambiguous. "Miss Bai, I have put the bath water for you."

"I didn't ask you to give me bath water." Qin Nanfeng's move made Bai nianxi feel offended, and her tone of voice suddenly became a lot colder.

"Isn't the most important thing in service considerate?"

Maybe I know what Qin Nanfeng means. Doesn't she give him a look, so he wants to block her? Thinking of this, Bai nianxi said with a smile, "Qin Nanfeng, are you a duck?"

.....

"What did you say?" Qin Nanfeng could not believe that such words came from Bai nianxi's mouth.

"I said," are you a duck? " Bai nianxi continued to sneer: "what else do you say, service? You look so skilled that you are an old hand in the world, aren't you

"How many years have you been in business? Since you can be sent to my side, there must be something extraordinary about you. Maybe you used to be the number one? But, do you have the qualification certificate of duck industry? "

Qin Nanfeng's face became very ugly for a moment. When it was dark, it turned red again. When it was red, it turned black again.

He only came to Bai nianxi after taking the task. For him, it's OK to sell his body, but it's not OK to sell his dignity!

Bai nianxi trampled on his dignity!

Without waiting for Bai nianxi to say anything more, Qin Nanfeng has already rushed forward. Bai nianxi has already raised his vigilance, dodged, and then clenched his fist.

Of course, they couldn't escape the professionally trained Qin Nanfeng. After two or three times, they were already under the pressure of Qin Nanfeng, and they were lying on the sofa.

Qin Nanfeng didn't wear any clothes at all. He just put a bath towel around his lower

body. Now he is pressing on Bai nianxi. The scene is so beautiful.

"If you have a qualification certificate, Miss Bai, you'll know after you experience it?" Qin Nanfeng's mouth is filled with a smile, which is unpredictable.

In fact, Bai nianxi's psychology has been slightly flustered. In front of the absolute power gap with Qin Nanfeng, she can't resist.

But the performance is still calm, "are you so eager to prove that you are a duck with outstanding strength?"

"What do you say?" Qin Nanfeng asked.

In fact, this is the first time that he has observed Bai nianxi so closely. The distance between the two people is less than one palm, so that every inch of texture on Bai nianxi's silky skin can be clearly seen in Qin Nanfeng's eyes.

In recent years, Bai nianxi has a more heart-catching beauty.

"I don't care what your service aim is, but Qin Nanfeng, you have made it clear that I'm not your guest, I'm yours..." Bai nianxi thought about it and said a word, "master."

Qin Nanfeng chuckled, "well, I should do my best to serve my master."

Bai nianxi gets angry and wants to kick off Qin Nanfeng with her legs. She just said so much, but she has been diverting Qin Nanfeng's attention so that she can take advantage of it. Unexpectedly, Qin Nanfeng has been on the alert all the time, so she quickly stops Bai nianxi's kick with her legs.

In this way, Bai nianxi's posture is more shameful.

Grass!

For the first time in her life, she really wanted to swear like this. The situation, it seems, is out of her control.

Suddenly, there was a sound at the door. Bai nianxi vaguely heard an Qing's voice, "Miss, miss!"

The voice was rapid and there was no response. After a few shouts, Anqing didn't make any more sound.

Bai nianxi stares at Qin Nanfeng, and his eyes are filled with happiness and confidence.

Then, a "drop" came from the door, and anqing came in with two people in a hurry.

When anqing came in, Qin Nanfeng got up from Bai nianxi and stood up. The bath towel under him was still well surrounded.

However, when anqing saw this scene, his eyes still burst out with anger. Shen Shaoqian told wan wan to take good care of the young lady and not let the young lady be taken advantage of by some messy men. How dare Qin Nanfeng!

Thinking about it, he stepped forward, and no matter whether Qin Nanfeng was still injured or not, he waved his fist. Anqing was also the trainer carefully selected by Shen Hedan. Qin Nanfeng avoided the first fist but not the second.

I got a punch in the stomach.

Bai nianxi didn't want to see Qin Nanfeng again. He told Anqing, "take him away. Don't let him get close to me without my orders."

Anqing naturally responded sincerely, but it was Qin Nanfeng. On the contrary, his face was indifferent, and his mood in his eyes was erratic, but only one thing was easy to see.

He seems to be a little happy that the plot is successful?

After anqing took qinnanfeng away, Bai nianxi went directly into the bathroom. She was too close to qinnanfeng just now, and she was stained with the breath of qinnanfeng.

In fact, it was just the smell of normal aromatherapy shower gel, but when she thought of Qin Nanfeng's performance just now, she thought that the taste was gaudy.

After taking a bath, Bai nianxi went to bed.

I don't know how long later.

The night is very dark, and the room in the hotel is also dark. In a trance, a faint breath rushes into Bai nianxi's breath. The taste is familiar to Bai nianxi, which is the taste of kangmobei.

Light fragrance, good smell, let people indulge.

That breath is more and more thick, until a warm gas sprays on Bai nianxi's face, bringing a burst of numbness.

Then a warm body came up and pressed on Bai nianxi. It seemed that he was afraid of hurting Bai nianxi. The person on his body held up a hand and divided part of his weight.

A thin and cool kiss of lips came up and opened Bai nianxi's lips. A strong tongue opened Bai nianxi's teeth and swept away the sweetness of her mouth.
