

Billionaire CEO Won't Leave

Chapter 263

At the moment when the tongue invades, Bai nianxi seems to feel a slight shiver from the other side. In the lingering and strong kiss, it seems that there is always some restraint.

Then the lip went down her neck and neck.

I can't help but want more, want to be closer to the body in front of me, want to be held tightly by this person, want to call out his name.

Feel the temperature from the body, the feeling of not giving up in the kiss, the feeling of nostalgia in the breath

In the haze, there are murmurs.

"Wait for me..."

When the first sunshine in the morning came into Bai nianxi's room, Bai nianxi woke up.

Moved, want to turn over, strange, how is this sour feeling on the body? When I help my forehead, my head hurts.

Bai nianxi once had this feeling. It was when he was with kangmobei

Think of here, Bai nianxi a lift quilt, the clothes on the body still wear well, everything on the bed is still as old, don't appear to have half different disorderly, in addition to the body that faint discomfort.

Suddenly think of those hazy feelings last night, touch

Bai nianxi is relieved. Is it a dream?

Then he raised the tone again, but

She had that dream?!

It has been two years since she separated from him. Bai nianxi has never had a dream about him. She always dreams about him. In the dream, she hugs him tightly, and then tells her long cherished thoughts.

But no time is like this one, the scale is big enough to make people feel ashamed!

Bai nianxi's face flushed and patted her forehead. What's the matter with her? Has she become so hungry now?

Or did she have this dream because of the abnormal contact with Qin Nanfeng last night?

Thinking of this, Bai nianxi feels even more ashamed and indignant. You know, when she had this dream, kangmobei was sleeping in the next room!

Bai nianxi tidied up her mood, climbed out of bed and finished washing. Then she ordered breakfast and called anqing by the way.

"How did you come here all of a sudden last night?" Last night, I was not in a stable mood. I didn't think about it so much. When I got up in the morning, Bai nianxi thought about it.

Anqing told me what happened last night.

One of the monitors on the outside of Bai nianxi's room is sent directly to Bai nianxi's hands, so that she can keep track of the movement outside the door at any time. Another one was sent to Anqing.

Anqing's people take turns to watch and report to Anqing if they find anything abnormal.

Because nothing special happened in the past two days, the people under Anqing's supervision also relaxed a little, until they found that the monitoring had been destroyed in the evening.

After watching the previous monitoring, Anqing found that a person dressed as a waiter had entered Bai nianxi's room before. Before the monitoring was cut off, that person had not come out.

People from the hospital came to report that Qin Nanfeng had disappeared. Anqing was on the alert and rushed over with people.

He has Bai nianxi's door card in his hand, but usually he will enter the room with Bai nianxi's permission. He holds the card in his hand for emergency use.

When he came to the hotel and found that he didn't answer the knock, he realized that something was really wrong. When he opened the door and came in, he found that Qin Nanfeng was in Bai nianxi's room.

Or half naked!

"How could the monitor suddenly break down?" Bai nianxi asked the point directly.

Anqing bowed his head, "it's man-made destruction."

"Man made destruction?" Bai nianxi said, "who made it?"

Anqing shook his head, "we checked the nearby surveillance, did not find who moved the hand."

Bai nianxi's face was slightly dignified. Since someone did it on purpose, what was the purpose of the person who did it?

Judging from the result of the incident, the direct impact of the destruction of the monitoring is to arouse Anqing's vigilance, and then they come with people to stop Qin Nanfeng who wants to do something wrong.

Seems to be helping her? Who the hell is that? Why help her?

Bai nianxi recalled all the possible candidates in her mind. Next door to her, there were mousili and komobi. They all had the ability and motivation to do such things.

It's just that they don't know she lives here.

Who would it be?

"Reset the monitoring." After Bai nianxi told him to go down, he said, "by the way, bring me some wigs, sunglasses, hats and so on."

Anqing nodded, but still couldn't help wondering: "Miss, what do you want to do?"

Bai nianxi took a look at an Qing, "disguise."

Living in the crevice between commobei and musili, she can't get out without dressing up. Although Bai nianxi also finds out that kangmobei has been out early and back late these two days, and seems to be very busy. If she goes out now, the risk should be small, and Mr. Z has never looked for her again.

Bai nianxi thought about Musi Li, who was also busy these two days. He thought that Musi Li should be busy with other things. Maybe he forgot about it now.

She has been in the hotel room for several days. She can't stay in the room like this any more. Before she came out, Shen Hedan told her that Shen family has underground business in Germany.

Although Shen Hedan didn't say anything else, Bai nianxi also knew that there was something wrong with the business in Germany during this period.

The problem is that she doesn't know whether she is big or small, but she can help Shen He Dan deal with it a little bit. Otherwise, he has to take care of Shen's family, watch out for Wei Xia's people, and take care of her and Lolo. It's really hard for him.

This is one of the reasons why she came to Germany. Before she came here, she also knew something about it. Now she ran directly to the Shen family's underground winery in Germany.

In the underground winery, there are a lot of black market transactions every day. Therefore, it is absolutely impossible for the people who open the winery here to only sell wine. The key is to have the ability and strength to deal with various complicated forces.

Shen's winery is open here. I don't know how many forces we have dealt with for so many years.

When I just walked in here, Bai nianxi attracted many people's attention.

Maybe you were surprised to see such a wrinkled, rickety, silver haired old lady suddenly appear in the underground winery.

What's more, the old lady has an oriental face.

The old lady was accompanied by a group of men in black. They were all oriental faces and seemed to be bodyguards. Everyone was surprised that very few rich old ladies came to this place to hunt.

After Bai nianxi came here, he first observed the situation inside, and found that most of the men who came here were men with uniform Western faces, and most of them were tough, bearded and tattooed.

Then he went inside and found the person in charge of the winery.

She needs to understand the situation here first.
